The following are the answers to questions received that were deemed relevant and related to the required Scope of Services:

Q1. **Pertaining to the term of the proposed Contract, would a three (3) year contract term, with automatic renewals in one-year periods after the initial term, be acceptable to HACLA?**

A1. Yes, a three (3) year term with automatic one-year renewals is acceptable.

Q2. **Will the selected firm be expected to conduct the listed services (e.g. due diligence, trend reporting, etc.) using their own access to real estate databases? Alternatively, is HACLA seeking a vendor who can provide Staff access to these databases directly, with the understanding that HACLA staff would conduct the analysis?**

A2. HACLA does not expect the awarded consultant to perform these tasks, HACLA expects them awarded firm to provide HACLA staff with access to their databases/tools. HACLA staff is to have access to the databases to perform tasks, etc.

We thank you for your interest in doing business with HACLA. We look forward to receiving your quote.
