Attachment B – Business Associate Agreement

I. Authority

Pursuant to 45 C.F.R. § 164.502(e), the Indian Health Service (IHS), as a covered entity, is required to enter into an agreement with a "business associate," as defined by 45 C.F.R. § 160.103, under which the business associate must agree to appropriately safeguard Protected Health Information (PHI) that it will use or disclose when performing functions, activities, or services pursuant to its contract with IHS.

By signing the resulting contract, task order, or other award document, **[Vendor Name]** agrees that it is a Business Associate and will comply with the terms below, in addition to all applicable contract terms and conditions and applicable law relating to the safeguarding, use, and disclosure of PHI.

This Business Associate Agreement applies to the base IDIQ contract and to any task order issued under the contract that requires the Contractor or its personnel to create, receive, maintain, transmit, use, or disclose PHI on behalf of IHS.
This Attachment comprises the Business Associate Agreement.

II. Definitions

The following terms shall have the same meaning as those terms in 45 C.F.R. Part 160 and Part 164, which are the federal regulations implementing the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended: **Breach, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, PHI, Required by Law, Secretary, Security Incident, Subcontractor, Unsecured PHI, and Use.**

A. Business Associate

"Business Associate" shall generally have the same meaning as the term "business associate" at 45 C.F.R. § 160.103, and in reference to the party to this Agreement shall mean **[Vendor Name]**.

B. Covered Entity

"Covered Entity" shall generally have the same meaning as the term "covered entity" at 45 C.F.R. § 160.103, and in reference to the party to this Agreement shall mean IHS.

C. HIPAA Rules

"HIPAA Rules" shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 C.F.R. Part 160 and Part 164.

D. Master Patient Index

The "Master Patient Index" or "MPI" is composed of a unique list of patients and a current list of medical centers where each patient has been seen. This enables the sharing of patient data between operationally and regionally diverse systems. Each record or index entry on the MPI contains a small amount of patient data used to identify individual entries.

The mission of the MPI is to uniquely identify a patient and to link that patient's data throughout IHS facilities using the Integration Control Number (ICN). The MPI is the authoritative source of a patient's ICN, the enterprise-wide identifier for IHS facilities and the key to accessing a patient's record. The accuracy of patient information and patient identification directly affects clinical, administrative, billing, and interdepartmental processes.

Business Associate agrees not to use or disclose PHI other than as authorized by this Agreement or as required by law. Business Associate acknowledges that it is directly liable under the HIPAA Rules and subject to civil and, in some cases, criminal penalties for making uses and disclosures of PHI that are not authorized by this Agreement or required by law.

Business Associate agrees that it will require all of its agents, employees, subsidiaries, affiliates, and other persons or entities to whom Business Associate provides PHI, or who create or receive PHI on behalf of Business Associate for Covered Entity, to comply with the HIPAA Rules and to enter into written agreements with Business Associate that provide the same restrictions, terms, and conditions as set forth in this Agreement.

For purposes of this Agreement, subcontractors include any subcontractor, staffing partner, recruiter, independent contractor clinician, affiliate, or other third party that creates, receives, maintains, or transmits PHI on behalf of Business Associate.

E. Reporting Use or Disclosures Not Authorized by this Agreement or Required by Law

Business Associate agrees to report to Covered Entity any use or disclosure of PHI not authorized by this Agreement or required by law within thirty (30) days of discovering the use or disclosure, or any security incident of which it becomes aware. Business Associate shall mitigate, to the extent practicable, any harmful effect known to Business Associate of the use, disclosure, or security incident.

Such notice shall include, to the extent possible, the identification of each individual whose unsecured PHI has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such breach; a brief description of the circumstances of the breach, including the date of the breach and the date of Business Associate's discovery; and the type of unsecured PHI involved.

Business Associate agrees to provide any other available information that Covered Entity is required to include in notification to the individual under 45 C.F.R. § 164.404(c). If notification is delayed, evidence demonstrating the necessity of the delay shall accompany the notification.

H. Individual Access to PHI

Business Associate shall maintain a designated record set for each individual for whom it maintains PHI. In accordance with an individual's right to access PHI, Business Associate shall make available all PHI in the individual's designated record set to the individual to whom that information pertains, or upon request of the individual, to that individual's authorized representative, as necessary to satisfy Covered Entity's obligations under 45 C.F.R. § 164.524. Business Associate shall forward to Covered Entity all requests to amend PHI that it receives directly from individuals within five (5) calendar days of receipt.

K. Carrying Out Covered Entity's Obligations

To the extent Business Associate is to carry out one or more of Covered Entity's obligations under Subpart E of 45 C.F.R. Part 164, Business Associate agrees to comply with the requirements of Subpart E that apply to Covered Entity in the performance of such obligations.

L. Disclosures for Verifying Compliance
