S. DeGoede Well (COW), Mossyrock, Washington – Lewis County

The Indian Health Service (IHS) is conducting a **SOURCES SOUGHT/REQUEST FOR INFORMATION** as outlined in FAR 15.201(c)(3) to gain knowledge of interest, capabilities, and qualifications of firms especially small businesses including: Native American/Indian-Owned Businesses (Indian Economic Enterprise (IEE)), 8(a) Certified Small Businesses, Historically Underutilized Business Zones (HUB-Zone) Small Businesses, Women Owned Small Businesses, Service Disabled Veteran-Owned Small Businesses (SDVOSB), Small Disadvantaged Businesses (SDB), and Veteran Owned Small Businesses.

Interested firms are requested to reply to this announcement with a submittal described below. Please note that a decision not to submit a response to this request for information will not preclude a vendor from participating in any future solicitation.

NO PROPOSALS ARE BEING REQUESTED OR ACCEPTED WITH THIS RFI. THIS IS NOT A SOLICITATION FOR PROPOSALS. Respondents will NOT be notified of the results of this notice. No reimbursement will be made for any costs associated with providing information in response to this notice or any follow-up information requested.

Market Research is being conducted pursuant to Federal Acquisition Regulation (FAR) Part 10 to identify businesses capable of performing the functions described herein.

SUMMARY OF SCOPE

This project is for the installation of a residential drinking water well on fee land. The contractor shall drill the well, consisting of welded steel casing, PVC liner (as needed), sanitary seal, well screen (as needed), well development, test pumping, disinfection, and water quality sampling and testing. The estimated well depth based on existing nearby wells is 400 feet. All appurtenances, including a submersible pump and pressure system, will be contracted separately. Existing well logs from the surrounding area are provided (see Attachments). Further investigation of the site and locating other local well logs is the responsibility of the Contractor. Any permits, including the Department of Ecology Notice of Intent, are the responsibility of the Contractor.

In accordance with FAR 36.204, Disclosure of the Magnitude of Construction Projects, the anticipated project magnitude is between $25,000.00 and $100,000.00.

The type of work to be performed will be categorized under PSC code of Y1NZ – Construction of Other Non-Building Facilities, and NAICS code 237110, Water and Sewer Line and Related Structures Construction with a size standard of $45.0 million.
