This acquisition is being conducted in accordance with Federal Acquisition Regulation (FAR) Class Deviation 2026-O0028, 2026-O0037 (Part 19), and 2026-O0041 (Part 25) issued by the Department of War, which implements the principles of the Revolutionary FAR Overhaul (RFO). All FAR references herein are to the deviated text.

This is a combined synopsis/solicitation for commodities prepared in accordance with the format in RFO Part 12 as supplemented with additional information included in this notice. This announcement constitutes only solicitation and quotes are being requested.

This is a competitive Request for Quote (RFQ) and the solicitation number for this requirement is **FA2823-26-Q-A105.** The Operational Contracting Division, Air Force Test Center at Eglin, AFB, Florida, requires **item, in accordance with the TRD dated 19 June 2026.** This acquisition is under RFO Part 12, Acquisition of Commercial Products and Commercial Services, as supplemented.

This order is a 100% total set-aside for small business concerns. In accordance with RFO 19.201-1(c), only quotes submitted by Contractors that are currently designated as a small business will be considered for award. Any quote received from a Contractor that is not an eligible small business concern will be deemed non-responsive and will not be evaluated.

The North American Industry Classification System code (NAICS) is 333924 – Industrial Truck, Tractor, Trailer, and Stacker Machinery Manufacturing, with a size standard of 900 employees. Please identify your business size in your response based upon this standard. A firm-fixed priced purchase order will be awarded.

CLIN STRUCTURE:
CLIN 0001: One (1) Each - Modified Commercial Semi-Tractor prepared in accordance with TRD dated 19 June 2026.

Delivery Date: No Later Than (NLT) 30 November 2026.

FOB Destination Shipping Requested. Delivery Destination is Eglin AFB, Florida 32542.

Please provide terms of any expressed standard commercial warranty being offered. The contractor must also warrant that its custom modifications (e.g., frame extension, generator installation) do not void the base vehicle's Original Equipment Manufacturer (OEM) warranty.

There will be no advanced payments.

Award will be made to the lowest priced, responsible Offeror whose offer conforms to all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements.

As of the date of this solicitation, there are no applicable FASCSA orders

The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offer.
The Government is not responsible for any costs incurred or associated with preparation and submission of an offer in response to this solicitation.
NO OFFERORS WILL BE COMPENSATED FOR SUBMITTING AN OFFER.

Offerors are not required to sign and return the SF1449 or any of the amendments (as applicable). The Representations are listed in the SF 1449. Please return the representations and certifications with the quote if they are not located in your SAM profile.

The Contracting Officer has determined that there is a high probability of adequate price competition for this acquisition. Upon examination of the initial offers, the Contracting Officer will review this determination and if, in the Contracting Officer's opinion, adequate price competition exists no additional price information will be requested. However, if at any time during the evaluation the Contracting Officer determines that adequate price competition no longer exists, Offerors may be required to submit information to the extent necessary to determine the price fair and reasonable.

BASIS FOR AWARD In accordance with RFO 12.203(c)(2), which grants the Contracting Officer broad discretion in the evaluation of quotations, this is a Lowest Price, Technically Acceptable (LPTA) source selection. The award will be made to the responsible Offeror whose quote conforms to all solicitation requirements and is evaluated as technically acceptable, at the lowest evaluated price. "Technically Acceptable" is defined as meeting all minimum requirements outlined in the attached Technical Requirements Document (TRD).

In accordance with RFO Part 12.203, the Government will award a contract resulting from this solicitation to the responsible quoter whose quote, conforming to the solicitation, represents the best value to the Government, price and other factors considered. In no particular order of significance, the following factors shall be used to evaluate quotes:

I. TECHNICAL CAPABILITY OF THE ITEM OFFERED TO MEET THE GOVERNMENT REQUIREMENT;
ii. PAST PERFORMANCE;
iii. PRICE
iv. SPRS IAW 252.204-7024
(b) Contracting Officer agrees with this method of evaluation.

All offers must list the solicitation number, Commercial and Government Entity (CAGE) code, Company name, Point of Contact (POC), email address and phone number. If you need to obtain or renew a Unique Entity Identifier (UEI) Number or CAGE code, please visit https://www.sam.gov. Lack of registration in SAM database will make an offeror ineligible for award.

Vendor must also be registered in Wide Area Work Flow to receive payment through electronic funds transfer. If you are not currently registered, please visit the following website to complete your registration: https://wawf.eb.mil.

DEADLINES:

Submit any **Questions/Requests for Information** to the attention of Makenzi Harris by email to **makenzi.harris@us.af.mil** no later than **12:00 CDT on 22 July 2026.** RFIs and responses received each week will be posted to the solicitation at the end of the week.

Offers are due to makenzi.harris@us.af.mil later than **12:00 CDT on 29 July 2026.**
