Any 'No' answer disqualifies a Contractor from bidding on this Project.
Subcontractor experience can be used to answer questions 1 through 4.

	Answer the following questions:	**YES**	**NO**
1	Do you have a minimum of 5 years of experience on construction projects similar in magnitude, scope, and complexity to that described in the solicitation? *Valid experience must have occurred within the last 15 years.*		
2	Do you have experience as a prime contractor with the Federal Government on projects similar in both scope and magnitude to this project? *Valid experience must have occurred within the last 10 years. Contractor must have had a contract directly with a Federal agency.*		
3	Do you have a minimum of 5 years of experience installing vinyl-type immersion coatings? Valid experience must have occurred within the last 10 years.		
4	Do you have experience with work requiring access via specialized scaffolding, manlifts, or ropes?		
5	Do you have experience with lead-based paint removal?		
6	Do you have a Dun & Bradstreet (D&B) PAYDEX (up to 24 month) Score ***OR*** an Experian Business Credit Score of 65 or greater? *100-Best, 0-Worst*		

Notes:
Magnitude refers to dollar amount of work.
Scope refers to technical requirements of work.
Complexity refers to difficulty of performing work due to many varied interrelated parts.
Similar in magnitude refers to projects priced at 85% of your bid and above.
Similar in scope refers to the same type of work with comparable or greater quantities.
Concrete flatwork including, but not limited to, slabs, sidewalks, parking lots, curbs, and roads is NOT similar in scope to structural concrete.

- Complete IBWC Form 245B-Backup Information for **each** project which supports your 'yes' answers above.
- Provide a printout of a D&B report OR an Experian report that is less than 30 days old.

If any 'yes' answer is based upon a subcontractor's experience, said subcontractor shall provide IBWC Form 245B-Backup Information to support the answer. Contractor shall also provide a signed statement explaining exactly what work they will perform along with a certification that said subcontractor will be used for this project and will not be substituted for another entity. D&B scores are only based upon the Contractor; a subcontractor cannot meet this requirement.

I certify that my answers to these questions are true and correct.
If additional backup information is required by the Contracting Officer to further aide in determining responsibility in accordance with the general standards under Federal Acquisition Regulation (FAR) 9.104-1, I certify I will be able to submit that information within twenty-four (24) hours of the request.

If backup information is not provided when requested by the Contracting Officer or if information fails to support the answer provided, the Bidder will be found to be ineligible for award.
