- Quotes must be valid for 60 Days
- Product or Service Code (PSC): J015
- NAICS Code: 712110
- Set-Aside: 100% Small Business Set-Aside

Description

(i) This is a combined synopsis/solicitation for commercial services prepared in accordance with RFO Part 12. This announcement constitutes the only solicitation; a separate written solicitation will not be issued.

(ii) This requirement is managed by the Operational Contracting Division of the Air Force Test Center at Eglin AFB, Florida. The Government seeks to award a single-award Firm-Fixed-Price Purchase Order to provide all necessary labor, materials, and equipment for the static display aircraft B-17 & SR-71 restoration. All work will be performed in strict accordance with the Statement of Work (SOW) dated 07 May 2026. This procurement is conducted under the authority of RFO Part 12, Acquisition of Commercial Products and Commercial Services.

(iii) This requirement is being issued as a 100% Small Business Set-Aside. The associated North American Industry Classification System (NAICS) code is 712110, and the small business size standard is $34,000,000.00.

(iv) Contract Line Item Numbers (CLINs):

CLIN	Description	QTY	Unit of Issue	Unit Price	Total Price
0001	Static Display Aircraft B-17 & SR-71 Restoration	1	EACH	$	$

(iv) Description of Requirements:

The Contractor shall provide all personnel, safety gear and equipment, tools, materials, supervision, safety transportation, chemical authorization listing approved by the base environmental and HAZMAT pharmacy and other items necessary to perform aircraft restoration services at U.S. Air Force Armament Museum, Eglin AFB, FL as defined in this Statement of Work.

(v) Date(s) and Place(s) of Delivery and Acceptance:

- Delivery/Period of Performance: Delivery on or Before 28 September 2026

(vi) Quote Submission Instructions:

All questions must be received no later than 22 June 2026, 10 AM CST. All quotes must be received no later than 12:00 PM CST on 30 June 2026.

Quotes and any questions regarding this solicitation must be submitted electronically via email to:

- Contract Specialist / Buyer: Rommel Angeles, rommel.angeles.2@us.af.mil
- Contracting Officer: Sierra Prindle, sierra.prindle.1@us.af.mil

(vii) By submitting a proposal, the offeror agrees to maintain firm pricing for a period of 60 calendar days from the date specified for the receipt of offers. Please be advised that the government is not responsible for any costs associated with the preparation or submission of a proposal. Offerors will not receive compensation for any efforts or expenses incurred in responding to this solicitation.

(vii) Offerors must provide a proposal that includes pricing for all Contract Line-Item Numbers (CLINs) listed in Solicitation FA282326Q0040. Failure to submit firm-fixed pricing for every line item will render the proposal unacceptable and ineligible for award. Additionally, all deliverables must be provided under FOB Destination shipping terms, meaning the contractor assumes all costs and risks associated with transporting materials, goods, and equipment to the final delivery point at Eglin AFB.

(ix) The Contracting Officer has determined that there is a high probability of adequate price competition for this acquisition. Following the receipt and examination of initial offers, the CO will verify this determination. If, in the opinion of the CO, adequate price competition is present, no further cost or pricing information will be requested from offerors. However, if at any point during the evaluation process it is determined that adequate competition does not exist or is no longer present, the government reserves the right to require offerors to submit additional data. This information will be used to the extent necessary to allow the Contracting Officer to make a formal determination that the proposed price is fair and reasonable.

(x) If an offeror intends to subcontract any portion of this work, the proposal must explicitly include the name and physical address of each proposed subcontractor. Additionally, the offeror must provide a clear description of the specific contributions and tasks the subcontractor is planned to execute under this requirement.

(xi) In accordance with RFO FAR 52.212-1, offerors must provide a technical description of the proposed items and services in sufficient detail to allow the Government to evaluate compliance with all solicitation requirements. This submission may include product literature or other necessary documentation. Offerors are expected to provide all consumable materials, specialized tools and equipment, and qualified labor to perform static display aircraft B-17 & SR-71 restoration in a manner that will ensure serviceability and prevent deterioration in operational effectiveness. Please note that the Government will not accept refurbished or used equipment and materials.

(xii) All submitted offers must prominently display the offeror's CAGE code, Company Name, Point of Contact (POC), and phone number. Active registration in the System for Award Management (SAM) is mandatory; failure to maintain an active profile at sam.gov will render an offeror ineligible for award. Furthermore, the successful vendor must be registered in Wide Area WorkFlow (WAWF) at wawf.eb.mil to facilitate payment via electronic funds transfer. Offerors must submit pricing for all listed items, as partial offers will not be considered for award. While vendors may submit quotes using their own company-generated formats, these documents must encompass all information explicitly requested within this RFQ**.**

(xiii) **Notice to Offerors: The Government reserves the right to cancel this solicitation, either before or after the closing date. In the event the Government cancels this solicitation, the Government has no obligation to reimburse an offeror for any costs. This solicitation incorporates one or more clauses and/or provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): https://www.acquisition.gov/**
