ADDENDUM TO 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (Mar 2026)

Quotes shall be submitted electronically by the date and time stated above. Late quotes may not be considered.

The quote shall include the following:

Volume	Content Required	Page Limit
I – Technical / Product Compliance	Manufacturer name, product name, part/model number, product literature/cut sheets, confirmation of compliance with Attachment 1, and OEM authorization letter if applicable.	2 pages, excluding product literature
II – Price	Completed CLIN pricing schedule with firm-fixed prices for all items. Include any shipping, handling, or installation costs if applicable. If price is lower than market price, Offerors need to submit a letter confirming the reason behind the lowest price (e.g. OEM letter, overstock, additional discount received, etc)	No limit
III – Representations	Active SAM registration and completed FAR 52.212-3 representations if not current in SAM.	No limit

Quoters are cautioned that simply restating the Government requirement or stating "will comply" may be insufficient. The quote must provide enough product information for the Government to verify technical acceptability. A compliant quote is one that meets all of the terms, conditions, and specifications in the RFQ. The Quoter must provide all documents listed

and comply with all RFQ instructions in order for their quote to be considered "compliant" with this RFQ. Only compliant quotes will be evaluated for award.

Notes: Quoter shall be an original equipment manufacturer (OEM), authorized dealer, authorized distributor, authorized reseller, or authorized service provider for the proposed medical supplies, medical equipment, and/or services contracts for maintenance of medical equipment (i.e., replacement parts), verified by an authorization letter or other document(s) from the OEM, such that the OEM's warranty and service are provided and maintained by the OEM. All software licensing, warranty, and service associated with the medical supplies, medical equipment, and/or services contracts for maintenance of medical equipment shall be in accordance with the OEM terms and conditions
