Questions: Are offerors supposed to include the base year and four options years as one price in the Price Schedule?

Answer: There will be no option years on this contract, this contract has a base ordering period of 5 years. The contractor's price per game on the price schedule will be used for all 5 years.

Questions: Does the Government want one price for all five years or a separate total for each year? (For example, Cell C12 is not clear.)

Answer: We are requesting the contractor's price per game, which will be valid for all 5 years.

Questions: Is the base period 5 years for this contract?

Answer: Yes
