Planned Outreach

Entity	Purpose
Federal	Funding, navigation, pollution response
State of California	Support enforcement, vessel removal, habitat protection, and statewide coordination
Other States	Best practices, policy models, and regional solutions
County	Coordinate local enforcement, emergency response, and public safety
City	Community impacts, nuisance vessels, and waterfront management
Non-Profit Organizations	Build public awareness, volunteer support, education, and restoration partnerships
Marine Operations/Industry	Improve reporting, compliance, marina coordination, and responsible disposal
Advocacy	Advance policy reform, environmental protection, and community interests
Tribal Governments	Protect tribal waters, cultural resources, and environmental stewardship
Academics	Provide research, monitoring, mapping, and technical expertise
Social Services	Support unhoused/liveaboard individuals with housing, outreach, and resource access
