NOTICE TO PROSPECTIVE OFFERORS

RE: WY NP YELL 15(2), Madison River Bridge
Solicitation No. 69056726R000015

The attached preliminary plans are being furnished to aid prospective Offerors in identifying the location and type of work for this project. The project will be advertised during a period when viewing of the project may not be possible due to snow. Therefore, prospective Offerors are encouraged to view the project during fall as conditions permit. After November 1, 2026 access will be weather dependent; contact the Yellowstone National Park for current road conditions at https://www.nps.gov/yell/planyourvisit/conditions.htm. No Federal Highway Administration personnel will be available for show-me tours.

Project Location and Type of Work - All project work is located in Yellowstone National Park, Wyoming.

- **West Entrance Road – Madison River Bridge**
  - Work consists of constructing a two-lane, temporary traffic bridge and detour, bridge removal, installation of riprap scour protection, bridge construction, stone masonry, geotechnical ground improvements, parking area improvements, approach road reconstruction.

Technical Questions – All technical questions must be submitted by email wfl.plans-spec@dot.gov .

General Questions - Contact our office at wfl.contracts@dot.gov or at 360-619-7520.

Special Notice - Fall Weed Inspection May be Necessary

The upcoming contract will require all construction vehicles and equipment to be inspected by Park personnel before their entry into the Park for mud, weeds, and other unwanted substances. All material sources and materials incorporated into the work must be certified to be free from noxious weeds, invasive plants, and other deleterious materials by a federal, state or local public agency. Commercial certifications may be acceptable if materials have been certified through the North American Weed Free Forage Program standard or a similarly recognized certification process approved by the CO.

Solicitation documents - Documents will be available during the winter of 2027/2028. Please monitor the SAM site (www.sam.gov) for actual date of solicitation release. To receive automatic notification through SAM, you must be logged in and select the "Follow" feature. For more information go to How do I follow items on SAM.gov?.
Thank you for your interest in this project.
