The request for Quotation (RFQ) number is N66604-26-Q-0328.

The Naval Undersea Warfare Center Division, Newport (NUWCDIVNPT) intends to award a firm fixed price (FFP) purchase order for the following Spectrum Control items on a Brand Name, No Substitutions basis. These parts are proprietary to Spectrum and they are the only parts that have been tested and proved to be Fleet ready. These parts are part of the current infrastructure and are the only ones that meet all of the functional and performance parameters required for the current system. For the Government to establish alternative sources, it would need to take configuration management for these components which would lead to unacceptable non-reoccurring engineering costs (NRE), schedule delays, and testing costs.

This requirement is being solicited as a 100% small business set-aside as concurred with by the NUWCDIVNPT Office of Small Business Programs. The North American Industry Classification System (NAICS) Code for this acquisition is 334511– Search, Detection, Navigation, Guidance, Aeronautical, and Nautical System and Instrument Manufacturing. The Small Business Size Standard is 1,350 Employees.

The Contractor can quote, either or both, Offer A and/or Offer B. Offer A is the base requirement without options as detailed in the first table below. Offer B is the base requirement and option requirements that the Government can exercise at its discretion as detailed in the second table below. The Government has the unilateral right to determine if it will evaluate and select a source under Offer A or Offer B.

Offer A Requirements:
