WBR 1452.209-82 PROHIBITION ON RELEASE OF INFORMATION – BUREAU OF RECLAMATION **MAR 2022**

(a) The Contractor shall not disclose information pertaining to the services performed under this contract to anyone other than Government or other personnel authorized by the Contracting Officer. The Contractor agrees that it will protect any information obtained from other companies during the performance of this contract from unauthorized use or disclosure for as long as the information remains proprietary and shall refrain from using such information for any purpose other than that for which it was furnished.

(b) In the event that the Contractor intends to employ individuals other than its own staff or other firms in the performance of the contract, each individual or firm shall be required to furnish the same written certification.

(c) The contractor shall insert, in any subcontract that requires the performance of work similar to that being performed by the Contractor, terms that shall conform substantially to the language of this clause, including this paragraph (c).

(End of clause)

WBR 1452.223-80 ASBESTOS-FREE WARRANTY – BUREAU OF RECLAMATION **AUG 2021**

(a) The Contractor warrants that all items delivered, or work required by the contract, shall be free of asbestos in any form whatsoever.

(b) The Contractor may request the Contracting Officer to approve an exception to this prohibition when an asbestos-free product is not available. Such requests shall be fully documented and submitted as soon as possible after the contractor determines that an asbestos-free product is not available.

(End of clause)

WBR 1452.223-81 SAFETY AND HEALTH - BUREAU OF RECLAMATION **OCT 2022**

(a) The Contractor shall not require any person employed in the performance of this contract (including subcontracts) to work under conditions which are unsanitary, hazardous, or dangerous to an employee's health or safety.

b) Contractor shall comply with the most current version of the Bureau of Reclamation's *Reclamation Safety and Health Standards* (RSHS) and, if incorporated, 52.236-13 Accident Prevention.

The RSHS manual shall be obtained at:

http://www.usbr.gov/safety/rshs/index.html

(c) Comply with the standards (29 CFR) issued by the Occupational Safety and Health Administration (OSHA), U.S. Department of Labor, www.osha.gov.

(d) In the event there is a conflict between the requirements contained in paragraphs (b) and (c) referenced herein, or in the Statement of Work (SOW) or Performance Work Statement (PWS), the more stringent requirement shall prevail.

(e) If required in the SOW or PWS, the Contractor shall submit a written proposed safety program as prescribed in the RSHS and the written specifications.

(f) The Contractor shall maintain an accurate record of and shall report to the Contracting Officer (or authorized representative) in the manner prescribed by the Contracting Officer, all cases of death, occupational diseases, or traumatic injury to employees or the public involved, and property damage in accordance with the RSHS and OSHA guidelines.

(g) If the contractor deems that an updated version of the RSHS constitutes a substantive change to the contract, affecting price or time (or both), the contractor may request a contract modification in accordance with the terms of the contract.

(End of clause)

WBR 1452.236-84 PRESERVATION OF CULTURAL RESOURCES – BUREAU OF RECLAMATION MAR 2022

(a) Definitions.
"Cultural items" as defined by Native American Graves Protection and Repatriation Act (NAGPRA) include Native American human remains, funerary objects, sacred objects, and objects of cultural patrimony.
"Cultural resources" is a broad term that includes prehistoric, historic, architectural, and traditional cultural properties; specific items include, but are not limited to, human skeletal remains, archaeological artifacts, records, and material remains related to such properties.
"Funerary objects" means Native American items that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains.
"Human remains" means the physical remains of the body of a person.
"Native American" means of, or relating to, a tribe, people, or culture that is indigenous to the United States.
"Sacred objects" means Native American items that are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents. These items are specifically limited to objects that were devoted to a traditional Native American religious ceremony or ritual and which have religious significance or function in the continued observance or renewal of such ceremony.
"Objects of cultural patrimony" means Native American items having ongoing historical, traditional, or cultural importance central to the Native American tribe or Native Hawaiian

organization itself, rather than property owned by an individual tribal or organization member. These objects are of such central importance that they may not be alienated, appropriated, or conveyed by any individual tribal or organization member.

(b) General. Federal legislation provides for the protection and preservation of cultural resources that may be impacted or altered as a result of any Federal project, activity, or program or federally licensed or assisted project, activity, or program.

(c) Discovery of Resources. Should the Contractor, or any of the Contractor's employees, subcontractors, or parties operating or associated with the Contractor, in the performance of this contract discover evidence of possible cultural resources, the Contractor shall immediately cease work at that location and provide oral notification to the contracting officer, giving location and nature of the findings. The Contractor shall forward a written report of findings to the Contracting Officer within 48 hours.

(i) If a cultural resource is determined by Reclamation to be a Native American cultural item, then the Contractor shall cease the activity in the area of the discovery, make a reasonable effort to protect the items discovered, and wait for written approval from the Contracting Officer before resuming activity.

(ii) If the discovery occurs on tribal lands, the Contractor shall immediately orally notify the responsible tribal official and the Contracting Officer and follow with written confirmation within 48 hours to the responsible tribal official and the contracting officer. (The contracting officer will supply the name and phone number of the tribal official.

(iii) The Contractor shall exercise care so as not to disturb or damage any cultural resources discovered during the execution of this contract and shall provide such cooperation and assistance as may be necessary to preserve the findings for removal or other disposition by Reclamation. The Contractor shall not resume work in the area of a discovery until written notice to proceed is received from the contracting officer.

(d) Approval of Use Areas and Borrow Sources. If the Contractor proposes to use a location other than an approved location (approved locations to be provided by the contracting officer), the location(s) must first be approved for use by the contracting officer. When considering an unapproved use area or borrow source, the Contractor shall submit a map showing the location to the contracting officer at least 45 calendar days in advance of any proposed use. The Contractor or his subcontractors shall take no action to use or alter the proposed location until written approval is provided by the contracting officer.

(e) Compensation for Delays. Where appropriate by reason of discovery, the contracting officer may order changes in the schedule or work. If such delays or changes are ordered, any equitable adjustment under the contract will be provided in accordance with the applicable clauses of the contract.

(f) Subcontractors. The Contractor shall insert this clause in all subcontracts that involve performance of work on job site terrain.

(g) Cost. Except as provided in subsection (e) above, the cost of complying with this contract clause shall be included in the prices offered in the schedule for other items of work.

(h) Government Access. The Contractor's arrangement with landowners shall permit the Government or its representatives access to the land to identify cultural resources and conduct appropriate inspections during the Contractor's use of the area or during material procurement.

(End of clause)

WBR 1452.237-80 SECURITY REQUIREMENTS – BUREAU OF RECLAMATION – ALTERNATE III **MAR 2022**

(a) General Security Requirements:

(1) This clause addresses security requirements, including general procedural requirements, information security requirements, contractor employee suitability requirements, identification card requirements, site security requirements, vessel exclusion barriers, and information technology security requirements. Within this clause, COR means Contracting Officer's Representative. If there is no COR appointed and identified to the Contractor, the term instead will mean the Program Manager or any other authorized individual responsible for technical oversight under the contract. “Work site” means the Government facility, office, construction site, and any other area within the Government office or facility that the Contractor must access to accomplish work under this contract.

(2) The work performed under this contract shall only be accomplished by individuals (in the employment of the Contractor or any subcontractors) whose conduct and behavior is consistent with the efficiency of the Federal Service and the requirements of this contract, and who are acceptable to the contracting officer. If Reclamation finds a Contractor employee to be unsuitable or unfit for his or her assigned duties, the contracting officer will direct the Contractor to remove the individual from the contract and access to the Federal facility at which the contract activities are occurring.

(3) The Contractor’s employees governed by this contract may need access to sensitive information and/or sensitive areas. The Federal Government (Government) reserves the right, in its sole discretion, to determine suitability of Contractor personnel and deny access to any sensitive information or project specific area to any personnel for any cause.

(4) The Contractor is responsible for informing and ensuring compliance by its employees with any applicable security procedures of the Government facility where work may be performed under this contract.

(5) Any Contractor employee that will have access to a Federally-controlled facility or information system will be required to have a Government-issued identification card, consisting of a Personal Identity Verification (PIV) Card, a temporary identification card, or a visitor badge. (Note: within the Department of the Interior this card is known as a DOI Access Card.) During performance of the contract, the Contractor shall keep the COR apprised of any changes in personnel, or changes in personnel access or duration, to ensure that performance is not delayed by compliance with credentialing processes.

(6) A Contractor employee will not be provided access to a Government facility or information system until a Government PIV Card, temporary identification card, or visitor identification badge has been issued to the Contractor employee. For those individuals that will be receiving a PIV Card, the Government may, at its discretion, issue a temporary identification card or visitor identification badge after the electronic background investigation forms have been received and the investigation is initiated.

(7) All Contractor employees shall access the facility via the facility's entry screening system and visibly display the Government-issued PIV Card, temporary identification card, or visitor identification badge at all times. Contractor employees must visibly wear the Government-issued identification card at all times they are on Government facilities. Contractor employees are responsible for the safekeeping of all Government-issued identification cards, whether on-site or off-site. Cards that have been lost, damaged, or stolen must be reported to the COR and DOI Access Sponsor immediately, but not later than within 24 hours. The Contractor shall return all identification cards and card keys and any other Government property and information upon completion of performance or when personnel depart permanently or for a period of 7 days or more. The Contractor may be required to turn in access control cards or identification cards on a daily basis.

(8) Misuse or loss of access control or identification cards, or failure to comply with required surrender of such cards may, at Government discretion, result in Contractor personnel being denied access to the work site, at no cost to Government. The Contractor may be charged up to $500 for each occurrence for any required replacement of Government-issued access control or identification cards due to loss or misuse. At the end of contract performance, or when a Contractor employee is no longer working under this contract, the Contractor shall ensure that all access control and identification cards are returned to the COR.

(9) All Contractor personnel, including subcontractor personnel, with access to the work site shall be U.S. citizens or foreign individuals legally residing in, or legally admitted to, the U.S. For all non-U.S. citizens working under this contract, irrespective of length of time working on the contract, the Contractor shall provide to the COR, legible and valid copies of the individual's passport and visa (unless individual is on the Visa Waiver Program) a minimum of 14 calendar days prior to beginning work or arriving at the facility. A driver's license is not acceptable identification. In addition, a completed form I-94 shall be submitted to the COR upon the individual's arrival at the work facility and prior to beginning work.

(10) The Contractor shall report all contacts with entities, individuals, and counsel/representatives (including foreign entities and foreign nationals) who seek in any way to obtain unauthorized access to sensitive information or areas. The Contractor shall report any violations of contract provisions, laws, executive orders, regulations, and guidance to the contracting officer. The Contractor shall report any information raising a doubt as to whether an individual's eligibility for continued employment or access to sensitive information is consistent with the interests of National Security and the Public Trust.

(11) Unsanctioned, negligent, or willful inappropriate action on the part of the Contractor (or its employees) may result in termination of the contract or removal of some Contractor employees from Reclamation facilities at no cost to the Government. These actions include, but are not limited to, exploration of a sensitive system and/or information, introduction of unauthorized and/or malicious software, inappropriate release of sensitive information, or failure to follow prescribed access control policies and/or security procedures. Failure to comply with Reclamation policies, procedures, or other published security requirements may result in termination of the contract or removal of some contracted employees from Reclamation buildings and/or facilities at no cost to the Government.

(12) All provisions of this clause shall equally apply to all subcontractors. The Contractor shall incorporate the substance of this clause in all subcontracts.

(13) These security requirements apply to all sections of this Contract including Contract Drawings and other Contract Specifications as applicable. Related documents include other general provisions of Construction or Operations and Maintenance type Contracts, including FAR clauses by reference or as amended by related documents.

(b) Information Security Requirements.
(1) Sensitive Information. The term "sensitive information" means any information which warrants a degree of protection and administrative control as defined by Reclamation or that meets the criteria for exemption from public disclosure set forth under Sections 552 and 552a of Title 5, United States Code: the Freedom of Information Act and the Privacy Act. Sensitive information is generally categorized as CONTROLLED UNCLASSIFIED INFORMATION (CUI), but in some cases may include other unclassified information. (The protection of National Security information is beyond the scope of this clause. If any work on National Security information is required under this contract, it is addressed under other contract clauses.) The Contractor shall protect this type of information from unauthorized release into public domain, or to unauthorized persons, organizations, or subcontractors. Information which, either alone or in aggregate, is deemed sensitive by Reclamation shall be handled and protected in accordance with Reclamation Directives and Standards SLE 02-01 Identifying and Safeguarding Controlled Unclassified Information (CUI), which is available from the COR or at http://www.usbr.gov/recman/DandS.html#sle.

(i) Any Government-furnished information or material does not become the property of the Contractor and may be withdrawn at any time. Upon expiration or termination of the contract, all documents released to the

Contractor and any material created using data from such documents shall be returned to the COR for final disposition. Government-furnished information residing on any electronic systems (laptops, servers, desktops, media) shall be deleted from those systems using a COR-approved data erasure solution. Only with prior authorization from the contracting officer may the Contractor retain the material. The Contractor or subcontractor shall not disclose or release the materials provided to the Contractor to any individuals of the Contractor's organization not directly engaged in providing services under the contract or that do not have a valid need-to-know. All technical data provided to the Contractor by the Government shall be protected from public or private disclosure in accordance with the markings printed on them. All other information relating to the items to be delivered or the services to be performed under this contract shall not be disclosed by any means without prior approval of the contracting officer. Prohibited dissemination or disclosure includes, but is not limited to: permitting access to such information by foreign nationals or by immigrant aliens who may be employed by the Contractor, publication of technical or scientific papers, advertising, disclosure to Contractor staff not investigated and deemed acceptable at the appropriate information sensitivity level, and any other public release. The Contractor shall maintain, and furnish upon request of the contracting officer, records of the names of individuals who have access to sensitive material in its custody and the sensitive material to which the individuals had access. All questions regarding information security, access, and control shall be referred to the COR.

(ii) The Contractor shall not release to anyone outside the Contractor’s organization any sensitive, or otherwise protected information, regardless of medium in which it is contained (for example, film, tape, document, electronic), pertaining to any part of this contract or any Reclamation program or activity, unless the contracting officer has given prior written approval. This includes, but is not limited to, news releases, marketing promotions, articles, interviews, reports, social media posts, and any other media releases. Requests for approval shall identify the specific information to be released, the medium to be used, the purpose for the release, and a description of the need-to-know. The Contractor shall submit its request to the contracting officer ten business days before the proposed date for release. Subcontractors shall submit requests for authorization to release through the prime Contractor to the contracting officer.

(iii) The Contractor shall notify the COR immediately when known or suspected loss/compromise of sensitive information or other documents, notes, drawings, sketches, reports, photographs, exposed film or similar

information which may affect the security interests of Government has occurred. This requirement extends to employees and other personnel working on behalf of the Contractor, and expands responsibility to include prompt reporting of security issues, including observed or subsequently discovered efforts by unauthorized persons to gain unauthorized access to sensitive information.

(2) Classified Information.

(i) The disclosure of U.S. Government documents by third parties can result in damage to our national security. While this contract may not deal directly with classified information, each contractor is obligated to protect classified information pursuant to all applicable laws and to use Government information technology systems in accordance with agency procedures so that the integrity of such systems is not compromised.

(ii) Unauthorized disclosures of classified documents (whether in print, on a blog, or on websites, or other electronic or non-electronic media) do not alter the documents' classified status or automatically result in declassification of the documents. To the contrary, classified information, whether or not already posted on public websites or disclosed to the media, remains classified, and must be treated as such by Federal employees and contractors, until it is declassified by an appropriate U.S. Government authority. Executive Order 13526, Classified National Security Information (December 29, 2009), Section 1.1.(c) states, "Classified Information shall not be declassified automatically as a result of any unauthorized disclosure of identical or similar information." Although the Department has taken steps to prevent access to publicly disclosed classified materials from Departmental computers, it is important to understand our continuing duties and responsibilities in this regard.

(iii) Contractors (which include all employees of the contractor, as well as subcontractors and its employees performing work for the contractor) are reminded of the following obligations with respect to the treatment of classified information and the use of unclassified government information technology systems:

(iv) The contractor shall not, while using unclassified Government computers or other devices (such as phones or tablets) access documents that are marked classified (including classified documents made publicly available by a third party), as doing so risks that material still classified will be placed onto unclassified systems. This requirement does not restrict contractor access to unclassified, publicly available news reports (and other unclassified material) that may in turn discuss classified material, as distinguished from access to underlying documents that themselves are marked classified (including if the underlying classified documents are available on public web sites or otherwise in the public domain).

(v) For contracts that require access to classified information, the contractor is responsible for obtaining the required national security clearance through the Department of the Defense National Industrial Security Program Operating Manual (NISPOM). Any classified contracts will be coordinated through the Reclamation Chief Security Officer, or for IT requirements, the

Bureau Chief Information Security Officer. No contractor shall access classified information unless proper clearances have been obtained and transmitted to Reclamation. For further information, refer to 443 DM 1 or DOD NISPOM 5220.22-M dated February 28, 2006 (incorporating change 2 dated May 18, 2016).

(vi) Classified information shall not be removed from official premises.

(vii) Classified information shall not be disclosed without proper authorization.

(d) Reserved

(e) Site Security Requirements

(1) General Description. This section provides provisions to ensure the full security integrity of the facility and personnel working at the facility. The work of this section may involve interfaces with a number of Government security personnel, normally coordinated through the designated COR. The Contractor is responsible for ensuring that activities are accomplished in a manner that complies fully with applicable security statutes, regulations, policies, directives, and standards.

(2) Government Security Personnel. When and where applicable, personnel may be assigned to control access, secure materials or activities at the work site, or escort Contractor personnel in sensitive areas. Personnel may include security managers, security guards, security contractors acting as agents of the Government, law enforcement personnel, or other contractors or employees. These individuals may be used to ensure the overall security and integrity of the site or building and provide controlled access. These individuals may conduct inspections of all workers, vehicles, equipment, or materials entering, or re-entering the work site. The inspection may be done visually, with walk-through and/or hand-held metal detectors, or by other means as may be deemed necessary by Reclamation.

(3) Contractor Guard Force. At the Contractor's sole discretion, and at the Contractor's own expense, with prior written Government approval, a Contractor may be authorized to hire its own guards to secure Contractor-owned equipment and/or to protect Contractor employees or subcontractors. If such a relationship is permitted, the Contractor shall be exclusively liable for all guard activities to include action or inaction of Contractor's guard personnel. The Government will not offer nor provide any indemnification. Contractor shall be solely responsible for guards at all times to include any supervision, oversight, and for the development of local guard orders and/or procedures. The Contractor shall be responsible for coordinating all guard activities with the COR and shall develop and submit to the COR, for advance approval, any guard orders and/or guard procedures.

(4) Additional Security-Related Submittals

(i) Visitor List. The Contractor shall furnish to the COR, in advance, notification of visit of any Contractor-sponsored visitor to a Government-controlled facility. This notification should be in writing and must include the purpose or nature of the visit, the full name of the visitor, and the

full name and phone number of the designated sponsor who will be physically responsible for escorting the visitor for the duration of the scheduled visit.

(ii) Delivery Schedule. The Contractor shall furnish to the COR, in advance, a schedule for all deliveries. This list shall include estimated delivery date, time, nature of the materials being delivered, and – where available – the name of delivery company and type of vehicle.

(iii) Explosives Security Plan. The Contractor shall furnish to the COR for approval, in advance, an explosives security plan at any work site where explosives will be stored or used.

(5) General Provisions.

(i) General. The Contractor shall comply with the Government's site security procedures as specified, and as requested subsequent to award of Contract. Failure of the Contractor to comply with required access controls, information handling procedures, or any other security controls or procedures, may result in revocation of Contractor personnel access to the work site. The Government reserves the right to modify or clarify security provisions of this contract based on changing political and civil circumstances, and perceived threats to personnel or the facility.

(ii) Security Facilities and Equipment. The Contractor shall use security facilities and equipment only for the purposes intended and as directed by the contracting officer. The Contractor shall comply with the Government's instructions for use of secure storage areas, site enclosure and gates, temporary security lighting, building space enclosure, and lockup devices and systems established for detection, monitoring, signaling, and alarming field office facilities. Measures necessary to secure the integrity of materials, equipment, and tools installed or used in furtherance of this contract shall be at no cost to the Government.

(iii) Security Personnel Availability/Work Schedules. The Contractor shall notify the COR at least 48 hours in advance of any projected work which might impact on security or require the scheduling of extended security personnel support. The Contractor shall provide a weekly work schedule, such as anticipated delivery of materials, use of explosives or heavy machinery, and extra time needed for continuous or inherently lengthy construction or project specific operations (such as concrete placement).

(iv) Deliveries. The Contractor shall provide at least one day's advance notice of major deliveries, including time of arrival and trucks/carriers/documentation to be expected for arrival at work site. The Contractor shall provide reasonable advanced notice of deliveries which must be accommodated/accepted at times other than the Government's established working hours. Failure to provide adequate advanced notice may result in delivery delays at the Contractor's expense.

(v) Site Access. All Contractor personnel will be issued appropriate identification and must comply with all local access control procedures. The Government reserves the exclusive right to refuse or disallow any vehicular or pedestrian access to any Government-controlled facility, lands, or for any deliveries to the work site, regardless if access was scheduled or unscheduled.

(vi) Inspections and Searches. The Government reserves unqualified and unlimited right at any time to conduct security-related inspections or searches of work, material, equipment, personnel, and temporary facilities at the work site. The Contractor shall afford unrestricted access to work and allow surveillance and inspection by any Government personnel as authorized by the COR. The Government reserves the right to conduct searches of articles and personal effects of all Contractor personnel, both at point of entry and exit from the work site or Government facility. All Contractor personnel entering and leaving the work site may be required to pass through a Walk-Through-Metal-Detector device and/or other detection devices.

(vii) After Duty Hours. No Contractor personnel shall be permitted access to the work site after the Government's established working hours without prior authorization from the Government. All personnel seeking access to the site after the Government's established working hours may be required to sign in and out in a visitor's log that may be maintained by the on duty security personnel (if any).

(viii) Access Procedures at Sensitive Areas. In some instances, the Contractor may be required to erect temporary security barriers and doors to isolate a sensitive area as instructed by the Government. The Contractor may be required to install locks and thereafter control access. The Contractor shall comply with the Government's requirement for limited and escorted access to the sensitive area. The Contractor shall notify the COR at least one day prior to each requested access to the sensitive area that is outside of the Government's established working hours.

(ix) Reported Violations. Where an indication, report, or observation of unauthorized access or performance of unauthorized work has occurred, the Government reserves the right to stop work and deny access until the circumstance and work can be investigated, inspected, tested, and resolved. The entire cost of such stoppages and resolutions shall be borne by Contractor, except when alleged violations of established security requirements, after investigation, are found not to be the fault of the Contractor.

(x) Briefings. Contractor personnel who will be assigned to this project, and who will have access to the work site, may be required to attend Government-conducted security briefings. The Government reserves the right to conduct security briefings for Contractor personnel and visitors at all levels of involvement in performance of work and maintenance of security. Required briefings may include, but are not limited to, the following: Information Security, Site Security Requirements and Procedures, Security Awareness, Delivery Methods and Inspections, Storage Requirements, Reporting Requirements, Supervisory Procedures, Contractor Employee Conduct, Visitor Control, and Threats.

(xi) Key Control. Control of keys/access codes and lock combinations is essential for the Government's project security. The Contractor shall not allow keys or access codes to be duplicated or removed from the work site, nor allow lock combinations to be divulged without specific written advanced authorization from the COR. Such loss of control, observed or suspected, may result in a requirement to change locks involved at the Contractor's expense. At the direction of the COR, the Contractor shall provide duplicate keys and lock combinations to Government security personnel when requested for the purpose of security inspections and

emergency actions, including keys, combinations, and access codes needed for unrestricted access to every area and element of the project. The Contractor may be required to establish a key control program that is acceptable to the Government for Government-issued keys and for heavy machinery parked at the construction site (if this is a construction contract).

(xii) Vehicle Control. In general, parking of vehicles on the work site shall not be permitted, except for tractors, cranes, and similar equipment used directly in performance of work, for delivery of materials/supplies, and for removal of waste and surplus material. The Government may designate an approved contractor employee parking area. Upon entering the work site, vehicles and drivers may be subject to search and inspection. The Contractor shall obtain authorization from the COR to park the Contractor's official vehicles and motorized vehicular construction equipment that are required/desired to be parked on the work site. Vehicles in violation may be towed off the work site at the Contractor's expense. Where Government-designated employee parking is not available, parking of construction employees' automobiles and similar transportation vehicles may be excluded from the work site. It is the Contractor's responsibility to arrange for suitable accommodation for these vehicles.

(xiii) Prohibited/Restricted Items. Prohibited/restricted items and activities on the work site include but are not limited to the following: firearms and other weapons, except as specifically authorized by the COR in compliance with state and Federal laws and regulations; drugs, including narcotics, barbiturates, marijuana, alcoholic beverages, and similar substances, except for use with valid medical prescription; and explosives.

(xiv) Exceptions for Explosives. When needed for use in specifically limited amounts and controlled circumstances for construction work, explosives may be brought onsite with written prior authorization from the COR. As a hazardous material, the Contractor shall treat the use of explosives in accordance with regulations and guidance provided by Federal, State, and local authorities. The storage of explosives shall be in accordance with requirements of the Bureau of Alcohol, Tobacco, and Firearms or the State in which they are stored. If onsite storage of explosives is necessary, explosives shall be stored at a pre-designated, secure site approved by the COR. Prior to Government approval of storage, the Contractor shall develop and submit to the COR a complete storage/security/retrieval plan for approval. The storage/security plan can be included in a "Blasting Safety Plan." The plan shall make accommodations for surveillance, detection, and response. Explosives firing systems shall be stored off-site and under no circumstances shall be stored together with explosives.

(xv) Photography. The use of photographic equipment and taking of photographs shall only be allowed as authorized by the COR.

WBR 1452.243-80 MODIFICATION PROPOSALS – BUREAU OF RECLAMATION MAR 2022

(a) In submitting any proposal for a modification under this contract (including any proposal for an equitable adjustment resulting from a change under the FAR Changes clause of this contract), the contractor shall:

(1) Comply with the contract time limits for submission of a proposal or as specified by the contracting officer;

(2) Apply the contract cost principles and procedures in Part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract;

(3) Furnish a breakdown of all costs estimated to complete the work required by the modification (i.e., cost of added work, incurred cost of deleted work already performed, estimated cost of deleted work not yet performed, and net cost of the modification) to include all costs associated with materials (identified by item and quantity), equipment (identified by item, quantity and whether contractor-owned or rented), categories of direct labor, bond and insurance premium adjustments, subcontracts, overhead and other indirect costs, profit/fee, and any other pricing information requested by the contracting officer, in sufficient detail to permit an analysis of fair and reasonable price;

(4) Furnish a written justification for any requested time extensions; and

(5) For any pricing adjustment expected to exceed the threshold at FAR 15.403-4 requiring certified cost or pricing data (considering both increases and decreases) --

(i) Submit certified cost and pricing data using the format specified in Table 15-2 of FAR 15.408 unless the contracting officer agrees that an exception applies under the circumstances set forth in FAR 15.403-1;

(ii) Certify in substantially the format prescribed in FAR 15.406-2 that to the best of its knowledge and belief, the data are accurate, complete and current as of the date of agreement on the negotiated price of the modification; and

(iii) Comply with the requirements of either the FAR 52.215-12 Subcontractor Certified Cost or Pricing Data clause or the FAR 52.215-13 Subcontractor Certified Cost or Pricing Data -- Modifications clause of this contract when the adjustment includes a subcontract modification involving a pricing adjustment expected to exceed the threshold at FAR 15.403-4 requiring certified cost or pricing data.

(b) Under the FAR Changes clause of this contract, failure of the contractor to timely assert its right for an adjustment or to submit a proposal for an adjustment by the date specified in the clause (or another date specified by the contracting officer) may result in a unilateral adjustment

of the contract by the contracting officer pursuant to the FAR 52.233-1 Disputes clause of this contract.

(End of clause)

DIAR 1452.203-70 RESTRICTIONS ON ENDORSEMENTS- DEPARTMENT OF THE INTERIOR JUL 1996

The Contractor shall not refer to contracts awarded by the Department of the Interior in commercial advertising, as defined in FAR 31.205-1, in a manner which states or implies that the product or service provided is approved or endorsed by the Government or is considered by the Government to be superior to other products or services. This restriction is intended to avoid the appearance of preference by the Government toward any product or service. The Contractor may request the Contracting Officer to make a determination as to the propriety of promotional material.

(End of clause)

DIAR 1452.204-70 RELEASE OF CLAIMS – DEPARTMENT OF THE INTERIOR JUL 1996

After completion of work and prior to final payment, the Contractor shall furnish the Contracting Officer with a release of claims against the United States relating to this contract. The Release of Claims form (DI-137) shall be used for this purpose. The form provides for exception of specified claims from operation of the release.

(End of clause)

DIAR 1452.215-70 EXAMINATION OF RECORDS BY DEPARTMENT OF THE INTERIOR APR 1984

For purposes of the Examination of Records by the Comptroller General clause of this contract (FAR 52.215-1), the Secretary of the Interior, the Inspector General, and their duly authorized representative(s) from the Department of the Interior shall have the same access and examination rights as the Comptroller General of the United States.

(End of clause)

DIAR 1452.228-70 LIABILITY INSURANCE - DEPARTMENT OF THE INTERIOR JUL 1996

(a) The Contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

$100,000 each person
$500,000 each occurrence
$20,000 property damage

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

(End of clause)

DIAR 1452.237-70 INFORMATION COLLECTION – DEPARTMENT OF THE INTERIOR JUL 1996

If performance of this contract requires the contractor to collect information on identical items from ten or more public respondents, no action shall be taken or funds expended in the solicitation or collection of such information until the contractor has received from the Contracting Officer written notification that approval has been obtained from the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1980. The Contractor agrees to provide all information requested by the Contracting Officer which is necessary to obtain approval from OMB.

(End of clause)

FAR 52.222-90 ADDRESSING DEI DISCRIMINATION BY FEDERAL CONTRACTORS - (RFO DEVIATION) MAY 2026

(a) *Definitions*. As used in this clause—
Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.
Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (*e.g.*, vendor agreements), program participation, or allocation or deployment of an entity's resources.
(b) In connection with the performance of work under this contract, the Contractor agrees as follows:
(1) The Contractor will not engage in any racially discriminatory DEI activities;
(2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

(3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;
(4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and
(5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause.
(6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's payment decisions for purposes of 31 U.S.C. 3729(b)(4).
(c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the place of delivery or performance is outside the United States.

(End of clause)

FAR 52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES NOV 2020

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 5) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the
