Total Evaluated Price (TEP) Worksheet

Solicitation Number: FA226326Q0017 | For: Dual Axis Digital Autocollimator

Complete the following Total Evaluated Price (TEP) worksheet and return with your proposal package.

This worksheet is for evaluation purposes only. Calculations on this worksheet will determine Total Evaluated Price as described in FAR 52.212-2 Evaluation-Commercial Products and Commercial Services. This is a five (5) year Indefinite Delivery Indefinite Quantity (IDIQ) solicitation with one (1) option to extend the contract through 30 Sep 2031. The Best Estimated Quantity (BEQ) for this IDIQ is 39 units. The minimum number of units that will be ordered off of the resulting contract is one (1) unit. Quantities are set out below based on the anticipated fiscal year in which they will be purchased. The RFQ requires firm-fixed-priced contract line items (CLINs). **If not separately pricing a CLIN, please identify with NSP.**
