****Technical Data Package and Export Control Requirements****

• Documents related to this procurement are export controlled and require a valid/approved DD 2345 that is signed, current, and approved by both US and Canadian Officials in Blocks 8 and 9 in order to obtain access for these documents required for this solicitation.

• This Solicitation includes DFARS 252.204-7025, Notice of Cybersecurity Maturity Model Certification (CMMC) Requirements. The Technical Data Package contains Controlled Unclassified Information (CUI). Offerors must obtain access to the CUI drawing package to prepare a proposal. Proof of CMMC Level 2 (Self-assessment) certification is required to request access to the Technical Data Package.

• Requests for the Statement of Work and all associated documents including the Technical Specifications, shall be accompanied by a current and valid signed DD2345 and shall be submitted to Devin.l.hader.civ@us.navy.mil no later than Thursday, 9 July 2026, 4:00 PM EST. The document package shall be delivered via DOD Safe to the vendor's secure data custodian listed on the DD Form 2345 on the next working day after the closing date of drawing requests. In order to be eligible for award, the Offeror shall provide the valid/approved DD2345 when requesting the document package. Any submissions or requests for documents pertaining to this solicitation submitted after the deadline specified in this paragraph may not be considered and the closing date and time of this solicitation may not be extended for late requests. Any quotes received from an offeror who did not submit a DD2345 and request the Statement of Work and all associated documents (including the Technical Specifications for this effort) will not be considered for award.
