LAPTOP LOCK-UP ®
STORAGE SYSTEM

Laptop Lockup® LL-10-07-AL

Ruggedized 11-DRAWER E-TOOL CABINET
By Static Safe® Products Company

RUGGEDIZED LAPTOP LOCKUP® E-TOOL CABINET

Laptop Lock-up® cabinets provide safe storage, charging, and communication solutions for military maintenance technicians throughout the United States. Each technician can be assigned an individually keyed drawer (other options available) in which to store their ruggedized computer. The drawer has the capability to charge the laptop battery and connect the laptop to the WLAN. The data communication connection is provided by a patented coiled Cat 6 wire system and an Ethernet switch*.
*Ethernet switch specified by the customer.

Functions:

- To easily secure laptop computers, recharge batteries, and download/upload data
- For storage of test equipment

Features:

- No installation necessary; simply remove from carton, connect to main power supply located on back of cabinet, and connect data line to switch. Cabinet is then ready to securely store lap top computers or test equipment with the capability to recharge and / or download data while the laptop is secured in the drawer.
- *An Ethernet switch can be located in a locking security enclosure.
- A UPS provides power backup for the Ethernet switch and cooling fans.
- Patented power supply system; power to each of the 10 computer drawers by a UL approved coiled cord with 3 prong grounded outlet
- Cat 6 Data connection to each of the 10 computer drawers is by a patented coiled cord system. RJ45 jacks in each drawer are connected directly to Ethernet Switch
- Locking rear door allows easy access to internal components of cabinet
- Two 175cfm temp controlled fans provided ventilation.
- One-lock system locks all 10 computer drawers, individual locking drawers available.
- Drawers have Velcro tie downs to secure laptops during transport.
- Security enclosure protects Cat 6 and Ethernet switch from unauthorized access
- Four wheels provided with unit
- Highly durable textured powder coat paint in Tan, Black and Stealth Blue (other colors available)

Static Safe's Laptop Lock-Up® cabinets provide secure storage and battery charging for laptops that operate with wireless LAN networks.
