	distribution of logging slash. The objective of the project is to reduce logging slash material by 70 to 80% by picking up ground woody debris under 6 inches and creating hand piles. This work is essential to reduce fuel loads and minimize wildfire hazards in sensitive areas. The project is located adjacent to private property and lies within the Pine Creek Drainage south of Pinehurst, ID. The LMIR BPA is a national, multiple award contracting vehicle that encompasses a broad range of land management related services, including but not limited to: Professional Services, Fuels Reduction Treatment, Natural Resources Restoration, Engineering, and Project Management. The BPA is available for use by all Forests, Grasslands, and federal agencies. This is not a solicitation. This notice serves only to announce the Government's intent to issue a competitive BPA Call Order. It does not constitute a request for quotes, proposals, or any submission of information in response to this notice. This procurement is restricted to LMIR BPA awardees. Only those contractors already holding an active LMIR BPA are eligible to receive and respond to the forthcoming Call Order. Currently, 88 businesses are eligible under this BPA. The Call Order request for quotation (RFQ) will be issued directly via email to all LMIR BPA holders. Any amendments or updates to the RFQ will likewise be distributed via email to those same BPA recipients. This requirement will be competitively awarded under the existing LMIR BPA, which is continuously solicited on the Government Point of Entry (GPE) at SAM.gov. The Government will not provide feedback, debriefings, or evaluations regarding responses to this notice. However, the LMIR BPA is an open, continuous BPA, allowing new interested contractors to submit proposals for BPA inclusion throughout Continued...
