Enclosed Destruction Cart

Maintain chain-of-custody with in-house mobile destruction. Accurately track, document, and preserve destruction records for archival and audit purposes. Simply roll the cart to the media, plug in and destroy.

Garner has the only NSA Listed degausser and destroyer with IRONCLAD, an integrated auditing system that automatically generates an image and destruction report of each piece of media. IRONCLAD documents both the degaussing data from the degausser and the physical destroyer. To meet the demands of the most secure environments, our system has no WiFi/Bluetooth.

EDC Package Features

- TS-1XT NSA Listed hard drive and tape degausser or ~~TS-4XT 40,000 gauss hard drive and tape degausser~~
- PD-5 NSA Listed hard drive destroyer
- SSD-1 patented solid-state destroyer
- IRONCLAD Erasure Verification System
- Industrial grade flat-free tires with brakes for effortless movement through doors, hallways, and across uneven surfaces

Ensure No Data Is Left Behind

- ☑ Maintain chain-of-custody by rolling the data destruction cart to the media.
- ☑ Erase hard drives and tape to NSA standards with the TS-1XT ~~or TS-4XT degausser.~~
- ☑ Physically destroy hard drives to NSA standards with the PD-5 hard drive destroyer.
- ☑ Physically destroy solid-state media with the SSD-1 solid-state destroyer.
- ☑ Track, document, and generate an IRONCLAD certificate of erasure and destruction with JPG images of the media to withstand scrutiny of security audits.

Garner's Enclosed Destruction Cart (CART-EDC) can be customized to fit your unique data destruction needs.
