PURPOSE/DESCRIPTION

INTERESTED SOURCES MUST SELECT "ADD ME TO INTERESTED VENDORS" BUTTON ABOVE OR BELOW TO BE CONSIDERED PARTICIPANTS IN THIS MARKET RESEARCH EFFORT.
THERE IS NO SOLICITATION AVAILABLE AT THIS TIME. REQUESTS FOR A SOLICITATION WILL NOT RECEIVE A RESPONSE.

This Sources Sought Synopsis (SSS) is in support of Market Research being conducted by the United States Air Force to identify potential Spares Procurement **sources for the requirements identified below and to determine if this effort can be competitive or a Small Business Set-Aside. The Government may consider breaking the requirement out by airframe. This is not a Request for Proposal (or solicitation) or an indication that a contractual commitment will exist for this requirement. The government does not intend to award a contract on the basis of this market research. No funds are available to fund the information solicited.**

The Government will use the information gathered through publication of this SSS to determine the best acquisition strategy for this requirement. The Government is interested in all potential sources including Small Businesses, Small Disadvantaged Businesses, 8(a) businesses, Service-Disabled Veteran-Owned Small Businesses, HUBZone Small Businesses, Women-Owned Small Businesses, etc.
The 423rd SCMS **Supply Chain Management Squadron located at Tinker Air Force Base is requesting information, pursuant to FAR PART 10, in support of Market Research to identify potential sources for the** Spares Procurement **of the NSN(s) listed below.**

REQUIREMENTS

Potential sources shall be capable of furnishing all labor, materials, facilities and equipment required to accomplish the new manufacture of the item(s) listed below. Generally, this entails the procurement/manufacture of component parts, inspection, testing, preservation/packaging, and shipping. Additionally, potential sources may be responsible for supply chain management, logistics planning, forecasting production requirements, long-lead time parts procurement, diminishing manufacturing sources and material shortage issues, and shipping serviceable assets. The unit prices will be established at the time of a contract award for the item(s) listed below. Potential sources may be responsible for nonrecurring engineering costs associated with becoming an approved source. The spares requirement for this effort is identified below:

TECHNICAL DATA

Potential sources wishing to be qualified to perform the requirement specified above are REQUIRED to complete a Source Approval Request (SAR) package as specified in the Qualification Requirements for this item. QRs and Engineering Data List (EDL), if applicable, are attached to this notice. The QR attached to this document is for reference only. The official synopsis of the QRs for this item can be found by searching www.sam.gov/ for the keyword MQR-PSD-1 . Changes to the item list or QRs will be published to the official solicitation, not this notice.

If class MQR's are not applicable to part (RMSC codes applicable are: C, D, K, M, N, P, Q, R, S, V, and Z), embed appropriate QR here.

Manufacturing Qualification Requirements (MQR) embedded in this document

Engineering Data List (EDL) embedded in this document if applicable

Government provided data is annotated on the EDL attached to this posting. Absence of an EDL indicates the Government cannot provide technical data and that potential sources are required to independently acquire the necessary technical data to satisfy this requirement.

See PubSalesForm Excel Spreadsheet embedded in this document

If drawings are listed on EDL, requests for Engineering Drawings in response to SSS posting should be submitted using an EXCEL spreadsheet and send to:
