FORTS Upgrade Configuration

Purchase and installation of two (2) solid TSCIF end walls. The installation also includes the removal of existing double-door walls and tandem connection.

c. Demonstrate, in Detail, Why This Specific Item or Service, is the Only One That Meets Your Requirements
Elite Aluminum Corporation (UEI - P4V7C6ZK2J98) is the original builder and owner of the TSCIF modular system. As the system is being re-purposed from the 117th to fit current needs, a new configuration is required. Additionally, the modular system is proprietary to Elite Aluminum Corporation and any changes to the configuration completed by another installer would not be accompanied by a warranty nor would it provide the necessary continued TSCIF certifications.

There are several companies that can provide modular TSCIF configurations. Currently, the Georgia CRTC has inherited a TSCIF from the 117th manufactured by Elite Aluminum Corporation that includes a proprietary modular system that requires Elite Aluminum Corporation to perform any chnages to the configuration to maintain TSCIF certification.
