b. The provision at RFO 52.212-1, Instructions to Offeror – Commercial Products and Commercial Services (Feb 2026) **applies** to this solicitation. In addition, the following addendums identified below applies.

(1) Addendum to RFO 52.212-1(a) Submission of offers.

(a) The Offeror **<u>shall complete</u>** the Vendor Information and Pricing section under paragraph 4.a. of this solicitation.

(b) The Offeror **<u>shall submit</u>** a quote that meets the government requirement as provided under the Product Specification.

(c) The Offeror **<u>shall complete and submit</u>** the attached Contractor Responsibility Verification form, along with supporting documentations required by the form.

(d) The contractor's offer **must meet** the minimum requirements of the solicitation. Unless requested from the Contracting Officer, quote revisions received after the solicitation close date/time will not be accepted. Responses should contain your best terms and conditions. The government reserves the right to evaluate the quotes and award without interchanges.

(e) **The government will not accept any refurbished equipment; all equipment provided must be new.**

(f) Addendum to RFO 52.212-1(b) Period for Acceptance of Offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

c. The provision at 52.212-2 Evaluation—Commercial Products and Commercial Services (Feb 2026) **applies** to this solicitation. In addition, the following addendums identified below applies.

(1) The addendum to RFO 52.212-2, Evaluation - Commercial Products and Commercial Services (Date) as provided below applies to this acquisition.

(2) The government intends to award a single, firm-fixed-price contract to the responsible offeror whose conforming offer represents the Lowest Price Technically Acceptable (LPTA) to the government. In accordance with this methodology, offers will be ordered from lowest to highest price. The lowest-priced offer will be evaluated first for Technical Acceptability. If the lowest-priced offer is determined to be technically acceptable and the price is determined to be fair and reasonable, award will be made to that offeror, and no further evaluations of other proposals will be conducted.

1. Price - The Government will evaluate if the offeror's total proposed price is fair and reasonable. A comparison of proposed prices received in response to the solicitation is the preferred and intended price analysis technique. If adequate price competition is not feasible, the government will determine price fair reasonableness by comparing the proposed prices to the result of the government's market research, independent estimate, and/or other reasonable basis.

2. Technical - The technical evaluation will be conducted on an Acceptable/Unacceptable basis. To be determined technically acceptable, the offeror must propose the Bluesky AL2 Lift Series Mast System (Part Number: BSM2-W-L215-AL2-00) or equal, must be compatible with AN/PRC-117G radio antennas.

Technical Ratings:

Acceptable	Unacceptable
The contractor's quote meets the technical criteria by offering the items specified in the Product Specification.	The contractor's quote does not meet the technical criteria by not offering the items specified in the Product Specification.

Anticipated Award Date: On or about August 27, 2026.

d. Trade Agreements Language: Not Applicable.

e. Technical Data: Not Applicable
