(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that-

(1) Has the same small business program status as that which qualified the prime contractor for the award (*e.g.*, for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability.* This clause applies only to-

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause-

X By the end of the base term of the contract and then by the end of each subsequent option period; or

By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protege and its mentor approved by the Small Business Administration, the small business protege shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protege in the joint venture must be more than administrative functions.

(a) Definitions. As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at https://www.sba.gov/document /support--table-size-standards.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

Addendum to Evaluation - Commercial Product and Commercial Services

BASIS FOR AWARD (Section M) FAR 52.212-2 Evaluation- Commercial Products and Commercial Services. & Addendum to FAR 52.212-2 (NOV 2021)

This acquisition is set aside exclusively for 8(a) participants certified by SBA under the partnership agreement in accordance with DFARS 252.219-7010.

(a) Basis for Contract Award

The Government intends to award a firm-fixed-price contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, represents the Lowest Price Technically Acceptable (LPTA) value. To be eligible for award, an offeror's proposal must receive a rating of "Acceptable" for the Technical Factor and the Past Performance Factor. The Government will then award the contract to the offeror who is deemed technically acceptable and has submitted the lowest evaluated price.

Proposals will be evaluated on the basis of the following factors:

1. Factor I: Technical

- Sub factor 1.1: Technical Understanding of Requirements
- Sub factor 1.2: Personnel Qualifications
- Sub factor 1.3: Compliance with Safety, Environmental, and Regulatory Requirements

2. Factor II: Past Performance

3. Factor III: Price

To be eligible for award, a proposal must receive a rating of "Acceptable" for both Factor I (Technical) and Factor II (Past Performance). A proposal that receives a rating of "Unacceptable" in any factor or subfactor will be ineligible for award.

Evaluation Factors and Criteria

Factor 1 - Technical

The Technical Factor evaluates the offeror's capability to meet the Government's minimum requirements as specified in the Performance Work Statement (PWS). The Technical Factor is comprised of three (3) subfactors, all of which must receive a rating of "Acceptable" for the proposal to be rated "Technically Acceptable" overall.

Subfactor		

	Subfactor Acceptable ("Pass") Standard	**Unacceptable ("Fail") Standard**
Subfactor 1.1: Technical Understanding of Requirements	The proposal must include a Technical Narrative that demonstrates the ability to perform the requirements identified in the PWS by addressing all required tasks, deliverables, and performance standards. This narrative must, at a minimum: 1. Describe your proposed approach for executing grounds maintenance at the following levels: Improved Grounds (High Visibility), Semi-Improved Grounds (Common Areas - General), and Unimproved Grounds (Outside Cantonment Area - Low Visibility), as defined in PWS Section 5.2 and the standards specified in Technical Exhibit 3 (TE 3). Additionally, explain how your approach will meet the Performance Requirements in PWS Section 8.1 and the Deliverable Schedule in PWS Section 8.2. 2. Include a complete equipment list detailing the make, model, and specifications for all equipment, confirming it meets the requirements of PWS Section 5.3.2 (e.g., rotary mowers with mulching blades). 3. Include a draft Quality Control Plan (QCP) detailing the methods for ensuring PWS compliance and managing key control (PWS 1.8.19).	The proposal fails to provide the required Technical Narrative, or the narrative omits one or more of the minimum required elements (approach, equipment list, QCP).
Subfactor 1.2: Personnel Qualifications	The proposal must demonstrate that personnel meet the minimum requirements of the PWS by: 1. Identifying the Project Manager (PM) and Quality Control Manager (QCM) and providing resumes showing they meet the experience requirements of PWS Sections 1.10.6 and 1.10.7 (2 years for PM, 2 years for QCM). 2. A signed written statement affirming that the offeror currently employs, or will employ prior to the start of the phase-in period, at least one individual holding a valid State of Hawaii pesticide/herbicide applicator	The proposal fails to identify the required key personnel, provide resumes demonstrating their minimum experience, or provide the signed attestation.

	license or certification, in compliance with PWS Section 5.2.12. Actual copies of licenses and certifications remain due to the Contracting Officer NLT 10 calendar days into the phase-in period per PWS 5.2.12.	
Subfactor 1.3: Compliance with Safety, Environmental, and Regulatory Requirements	The proposal must include a Compliance Acknowledgement section that explicitly: 1. Acknowledges the offeror has read, understands, and will comply with all US Army, OSHA, Local, and State of Hawaii regulations referenced in the PWS. 2. Acknowledges the requirement to submit a Safety Plan in accordance with PWS Section 1.12.2 and Deliverable A007. 3. Acknowledges the requirement to submit a Spill Plan in accordance with PWS Section 1.12.3 and Deliverable A006.	The proposal fails to provide the Compliance Acknowledgement section or omits any of the three required acknowledgements.

Factor 2: Past Performance

The Government will evaluate the offeror's past performance to determine if there is a reasonable expectation that the offeror will successfully perform the required effort. This evaluation will result in a rating of either "Acceptable" or "Unacceptable." The evaluation will consider the recency, relevancy, and quality of the past performance information submitted.

Evaluation Process:

The Government will first evaluate the recency and relevancy of the past performance information submitted in the for of Work Experience Reference Sheets, PAQs, and CPARS. For performance information deemed both recent and relevant, the Government will then evaluate the quality of that performance.

Element	Definition for this Solicitation

Recency	A project is considered recent if the work was performed within the five (5) years prior to the issuance date of this solicitation.
Relevancy	A project is considered relevant if it was for grounds maintenance services similar in scope, magnitude, and complexity to the requirements in this PWS, covering at least 500 acres and including mowing, tree/shrub care, and herbicide application.
Quality	Performance quality will be assessed using information from CPARS and Performance Assessment Questionnaires (PAQ). A record of Satisfactory or better performance on relevant contracts will be viewed as evidence of quality performance.

Adjectival Rating	**Description**
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort. A rating of "Acceptable" will be assigned if the offeror has a record of recent and relevant performance of acceptable quality OR has no record of recent, relevant past performance (which is treated as a neutral finding).
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will successfully perform the required effort.

Factor 3: Price

The price proposal will be evaluated for completeness, reasonableness, and balance. After the technical evaluation, award will be made to the responsible offeror whose proposal is technically

acceptable and has the lowest evaluated price. Price itself will not be assigned an adjectival rating, but a proposal may be rejected for an incomplete or unbalanced price proposal.

Price will be evaluated to determine the total evaluated price for the entire period of performance, including all option periods. The total evaluated price will be used to determine the lowest-priced offer among all proposals found to be technically acceptable.

The Government will evaluate the price proposal to ensure following:

i. Completeness. Each offeror is required to provide complete pricing for each contract line item (CLIN) identified. This section must be mathematically accurate and include all CLINs and the associated option periods that the Offeror identifies in their proposal. Failure to provide a price for any required CLIN will result in the proposal being considered unacceptable and therefore ineligible for award.

ii. Price Reasonableness. The Government will conduct a price analysis in accordance with FAR 15.404-1 to ensure the final proposed price of the lowest-priced, technically acceptable offeror is fair and reasonable. The Government may request supporting documentation from offerors to substantiate pricing, if deemed necessary.

iii. Balanced Pricing. IAW FAR 15.404-6, the Government will analyze proposals to determine if prices are unbalanced. Offers that are determined to be unbalanced may be rejected if the lack of balance poses an unacceptable risk to the Government.

(b) Options: The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

The value of a 6-month extension under FAR 52.217-8 depends on the most recently exercised option period. Unit prices will remain unchanged from that period, while the total cost will be based on quantities estimated by the Requiring Activity. For evaluation purposes, the Government will evaluate the total proposed price by adding an amount equal to 50% of the final option period price to the total price of all evaluated contract periods.

52.209-5	Certification Regarding Responsibility Matters. (Deviation 2026-O0038)	2026-02

Certification Regarding Responsibility Matters (Feb 2026) (Deviation 2026-O0038)

(a)

(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are [ ] are not [ ] presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have [ ] have not [ ], within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are [ ] are not [ ] presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have [ ], have not [ ], within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not

delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has [ ] has not [ ], within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e. g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.
