Contract Terms and Conditions

Introduction

INTRODUCTION & AGREEMENT

THIS SUBCONTRACT is effective upon execution by the Alliance for Energy Innovation, LLC, manager and operator of the National Laboratory of the Rockies and is between the Alliance for Energy Innovation, LLC, whose principal office is located in Golden, Colorado and * (hereinafter called ”Subcontractor”).

The Alliance for Energy Innovation, LLC (hereinafter called ”Alliance”) has entered into Contract No. DE-AC36-08GO28308 (hereinafter called ”Prime Contract”) with the Department of Energy (hereinafter called ”DOE”), an agency of the U.S. Government (hereinafter called ”Government”), for the management and operation of the National Laboratory of the Rockies (hereinafter called ”NLR”). All references to ”NLR” in this subcontract shall mean the Alliance for Energy Innovation, LLC.

This subcontract is entered into in furtherance of the performance of the work provided for in the Prime Contract.

NOW, THEREFORE, the parties hereto agree to the following terms and conditions:

WORK TO BE PERFORMED

1. The Subcontractor shall perform the work specifically provided for in Appendix A, Statement of Work, attached hereto and made a part hereof, pursuant to the provisions of this subcontract.

2. Specific deliverables, quantities, due dates, reporting requirements, and addresses are set forth in Appendix A hereto.

PERIOD OF PERFORMANCE

The period of performance under this subcontract shall commence upon the date of execution and may be extended for additional periods by mutual written agreement of the parties.

Price & Funding

PRICE AND PAYMENT

1. In full consideration of the Subcontractor’s performance, hereunder, NLR shall pay the Subcontractor the prices stipulated in Paragraph 2 below, less any deductions provided in this subcontract. The total price for performance and receipt and acceptance of all deliverables under this subcontract is the Total Price in Paragraph 2 below.

2. Payments will be made by NLR upon receipt and acceptance of the following deliverables in the amount specified:

Occurrences		Amount
1	Obligation Name	$0.00
Total Price:		$0.00

Said payments shall be made after receipt of and acceptance by NLR of the specified deliverable above and upon submission by the Subcontractor of an invoice, in a form satisfactory to the Subcontract Administrator in accordance with the Article entitled “Invoices”, provided, however, that said payments shall not be deemed to prejudice any rights which NLR may have by law or under other provisions of this subcontract.

Documents, Precedence & Data

APPLICABLE DOCUMENTATION

In addition to the terms and conditions contained in this Schedule, the following documents are attached hereto and made a part of this subcontract.

1. Appendix A, entitled “Statement of Work”, dated 5/7/26
2. Appendix B-2, entitled “Standard Terms and Conditions”, dated 01/23/2023
3. Appendix C-1 OR C-2, entitled “Intellectual Property Provisions”, dated 08/01/2022
4. Subcontractor’s technical proposal number (None) dated [DATE] together with any revisions is hereby incorporated by reference. In the event there is a conflict between the Subcontractor’s technical proposal and any other provisions of this subcontract, the latter shall prevail.

ORDER OF PRECEDENCE

Any inconsistency in this subcontract shall be resolved by giving precedence in the following order:

1. This Schedule;
2. Statement of Work (Appendix A);
3. Standard Terms and Conditions (Appendix B-2);
4. Intellectual Property Provisions (Appendix C-1 OR C-2);
5. Other provisions of this subcontract whether incorporated by reference or otherwise; and
6. The Subcontractor’s technical proposal, if incorporated in this subcontract by reference of otherwise.

RIGHTS TO PROPOSAL DATA

Except for technical data contained on pages VALUE of the Subcontractor’s proposal dated DATE which are asserted by the Subcontractor as being proprietary data, it is agreed that, as a condition of the award of this subcontract, and notwithstanding the provisions of any notice appearing on the proposal, the Government and NLR shall have the right to use, duplicate, disclose and have other do so for any purpose whatsoever, the technical data contained in the proposal upon which this subcontract is based.

Persons

SUBCONTRACT ADMINISTRATION RESPONSIBILITIES

1. Signature Authority: This subcontract may only be modified by a formal modification signed by an authorized official of NLR.

2. Subcontract Administration Responsibilities: The authorized NLR official designated as the Subcontract Administrator for this subcontract has the responsibilities for subcontract administration and negotiation of any modifications to this subcontract.

3. Technical Monitoring Responsibilities: The authorized NLR official designated as the Technical Monitor for this subcontract has the responsibilities of monitoring the technical work or services to be performed under this subcontract. The Technical Monitor does not have the authority to make any commitments or authorize any changes which may affect the subcontract's price, scope of work, terms, or conditions. Any such changes shall be referred to the designated Subcontract Administrator.

KEY PERSONNEL

1. It having been determined that the individuals, whose names appear below, are necessary for the successful performance of this subcontract, the Subcontractor agrees to assign or have assigned such individuals to the performance of the work under this subcontract and shall not reassign or remove any of them without the consent of the Subcontract Administrator by modification to this subcontract:

Name	**Project Title**	**Email Address**
NAME	PROJECT TITLE	
NAME	PROJECT TITLE	
NAME	PROJECT TITLE	

2. Whenever, for any reason, one or more of the key personnel designated above, is unavailable for assignment for work under this subcontract, the Subcontractor shall, with the approval of the Subcontract Administrator, replace such individual with an individual of substantially equal abilities and qualifications.

Other

INVOICES

1. Invoices for work accomplished under this subcontract shall be submitted electronically (Microsoft Word or PDF format) to the following email address: Accounts.Payable@NLR.gov

2. To expedite the payment process please submit one invoice per email and include in the subject line of the email the following:

   - Accounting Specialist-Subcontracts Name
   - Agreement Number
   - Subcontractor Name
   - Invoice attached

Example: Subject: Accounting Specialist-Subcontracts Name - Subcontract # - Subcontractor Name - Invoice attached

3. To facilitate processing and payment each invoice shall reference the following items:

   - Accounting Specialist-Subcontracts Name
   - Agreement Number
   - Subcontractor remittance name and address
   - Deliverable title/Occurrence number
   - Invoice number and date
   - Certification and signature
   - Any other information or documentation required by other provisions of this subcontract

4. Payments under this subcontract shall be made in accordance with the payment terms and to the Subcontractor's remittance name and address shown on the cover sheet of this subcontract. Final payment under this subcontract shall be made upon receipt of any required patent clearance from DOE.

5. The payment terms of this subcontract shall mean net days from the date of receipt of an acceptable invoice or the date of receipt and acceptance of all deliverables, reporting requirements or closeout documentation covered by the invoice, whichever is later.

6. The Subcontractor shall submit its invoices in reasonable detail in accordance with the payment schedule contained in the Article entitled “Price and Payment” showing the total fixed price invoiced both currently and cumulatively. An authorized representative of the Subcontractor shall sign the following certification on each invoice submitted for payment:

   ”I certify that this invoice is correct and proper for payment and reimbursement for this amount has not and will not be received under any other Government contract or subcontract or other source of Government funds.

   _____ _____

   Authorized Official Date”

7. The Subcontractor is hereby notified that NLR may withhold payment on invoices submitted, if the Subcontractor has failed to comply with or is delinquent in the submission of the reporting or deliverable requirements under this subcontract associated with the fixed price payment, until such time as the Subcontractor has complied or submitted such reporting or deliverable requirement.

PUBLICITY RELEASE, PUBLIC AFFAIRS AND DATA RIGHTS

1. Publicity release of any nature in connection with this subcontract shall be coordinated as provided in the “Public Affairs” clause of Appendix B. The Subcontractor shall not make without prior review and approval of the NLR Subcontract Administrator, any publicity release of any nature of general, non-technical information in connection with this subcontract. For purposes of this subcontract, general, non-technical information means any information concerning the existence of the subcontract, the identity of the parties, and the scope and general character of the research or technical activity. As used in this Article, “publicity release” does not include a lawful inspection of the Subcontractor’s records conducted pursuant to Federal or State public records access statutes. The Subcontractor may report specifics regarding the formation and execution of this subcontract in its internal publications without prior review and approval of the NLR Subcontract Administrator.

2. Data rights are set forth in Appendix C hereof. The Subcontractor should particularly note that all papers and documents that are required for submittal and distribution for patent clearance under this subcontract should first be submitted to the Department of Energy, Intellectual Property Law Division, Chicago Operations Office, 9800 South Cass Avenue, Argonne, Illinois 60439 prior to distribution to the public. This requirement of patent clearance prior to publication of all Subcontractor's reports is specifically required and set forth in Appendix C hereof.

COMPLIANCE WITH DOE O 486.1A, DEPARTMENT OF ENERGY FOREIGN GOVERNMENT SPONSORED OR AFFILIATED ACTIVITIES (MAR 2021)

COMPLIANCE WITH DOE O 486.1A, DEPARTMENT OF ENERGY FOREIGN GOVERNMENT SPONSORED OR AFFILIATED ACTIVITIES (MAR 2021)

(Applies when Subcontractor performs Research and Development or Demonstration work performed on or at an NLR/Government facility, including an NLR/Government leased facility)

DOE Order 486.1A, Foreign Government Sponsored or Affiliated Activities, prohibits SUBCONTRACTOR personnel and applicable lower-tier subcontractor personnel performing work under this subcontract from participation in any Foreign Government-Sponsored Talent Recruitment Program of a Foreign Country of Risk.

With respect to the work being performed under this subcontract, SUBCONTRACTOR must file reports with the DOE, through the NLR Subcontract Administrator contact, upon execution or modification, of this subcontract and on a quarterly basis, disclosing whether any SUBCONTRACTOR personnel or applicable lower-tier subcontractor personnel who are working under this subcontract, are participating in any Foreign Government-Sponsored Talent Recruitment Program (FGTRP). If SUBCONTRACTOR personnel or applicable lower-tier subcontractor personnel performing work under this subcontract are participating in a Foreign Government Talent Recruitment Program, SUBCONTRACTOR shall provide the following information for each disclosed or otherwise identified activity:

a. laboratory;
b. country;
c. description of activity;
d. name of Foreign Government-Sponsored Talent Recruitment Program;
e. funding or other value received or expected;
f. duration;
g. technical area;
h. subcontractor action;
i. status or disposition; and
j. any other information requested by DOE.

Any SUBCONTRACTOR personnel or applicable lower-tier subcontractor personnel performing work under this subcontract currently participating in a disclosed or otherwise

identified Foreign Government Talent Recruitment Program of a Foreign Country of Risk must either stop performing work within the scope of the Alliance Prime Contract with DOE, or stop participation in such activity within a reasonable period of time, not to exceed 30 days, until DOE makes a final determination in accordance with DOE Order 486.1A, Attachment 1 Contractor Requirements Document.

Definitions:

(1) *Foreign Country of Risk*. Any foreign country determined to be of risk, following consideration of, but not limited to, the Office of the Director of National Intelligence WorldWide Threat Assessment and The National Counterintelligence Strategy of the United States of America, by the Under Secretary for Science in consultation with the Under Secretary of Energy; the Under Secretary for Nuclear Security; and the Office of Intelligence and Counterintelligence.

(2) *Foreign Government-Sponsored Talent Recruitment Program*. An effort directly or indirectly organized, managed, or funded by a foreign government to recruit science and technology professionals or students (regardless of citizenship or national origin, and whether having a full-time or part-time position). Some foreign government-sponsored talent recruitment programs operate with the intent to import or otherwise acquire from abroad, sometimes through illicit means, proprietary technology or software, unpublished data and methods, and intellectual property to further the military modernization goals and/or economic goals of a foreign government. Many, but not all, programs aim to incentivize the targeted individual to physically relocate to the foreign state for the above purpose. Some programs allow for or encourage continued employment at U.S. research facilities or receipt of Federal research funds while concurrently working at and/or receiving compensation from a foreign institution, and some direct participants not to disclose their participation to U.S. entities. Compensation could take many forms including cash, research funding, complimentary foreign travel, honorific titles, career advancement opportunities, promised future compensation, or other types of remuneration or consideration, including in-kind compensation.

SCIENTIFIC INTEGRITY (FEB 2024)

Derived from DOE O 411.2 (JAN 2017)

(Applies to all research and development subcontracts supported by U.S. Department of Energy (DOE) funding. The requirements of this Article do not affect the rights to publications, etc., granted to the Subcontractor under Appendix C)

DEFINITIONS

"DOE Policy Matter" within the context of this Clause shall mean guidelines, plans or strategies related to energy security, environmental management, research and development, nuclear security, energy efficiency, renewable energy, climate change, electricity delivery and energy reliability, energy regulations and standards and internal energy corporation.

"Media Inquiry" shall mean a request for response or comment made by members of the media, such as journalists, reporters, or broadcasters.

"Non-Technical Information" shall mean information of a non-technical nature, such as business data, financial data, customer data, sales data and procurement data.

“Organizational Capacity” shall mean acting or speaking in an official or employment capacity, including actions or speech made, or reasonably interpreted to be made, on behalf of an institution or organization.

“Scientific and Technical Information” shall mean findings, analyses, or results related to R&D or other scientific and technological endeavors; is generated by work funded by DOE or performed at DOE facilities; and is deemed by the originator to be useful beyond the originating organization, i.e., intended to be published or disseminated.

“Scientific and Technical Opinion” shall mean an opinion that is well grounded in theory and supported by scientific studies demonstrating that the results are fit for their intended use.

a. When directly expressing personal views on DOE Policy Matters to the public and media, Subcontractor shall ensure that Subcontractor personnel clarify that they are expressing their own views and not those of NLR, the DOE, or the U.S. Government.

b. Representations by Subcontractors or their personnel attributed to NLR, the U.S. Government, or DOE, or on DOE Policy Matters require the authorization of the NLR Subcontract Administrator who shall coordinate such authorization with DOE headquarters.

c. Subcontractor, including Subcontractor management, must not suppress or alter Scientific and Technological Information, nor intimidate or coerce its research personnel, lower-tier subcontractors, or others to alter or censor Scientific and Technological Information and associated conclusions.

d. Subcontractor must inform the NLR Subcontract Administrator of Media Inquiries that are related to the work performed under the Subcontract.

e. If a planned response to a Media Inquiry extends beyond the established Scientific and Technological Information and relates to DOE Policy Matters, the Subcontractor must coordinate its response with NLR prior to providing the response, specifically by informing the Subcontract Administrator who will coordinate with DOE headquarters.

f. Public representations made by the Subcontractor or Subcontractor personnel in their Organizational Capacity related to NLR, the Government, or DOE, including DOE Policy Matters, must be pre-approved by the NLR Subcontract Administrator who shall coordinate such authorization with DOE headquarters, as applicable.

g. Under the provisions of DEAR 952.204-75 (Public Affairs) included in Appendix B to this subcontract, the Subcontractor must obtain pre-approval of news releases related to general, non-technical information concerning the existence of the subcontract, the identity of the parties, and the character and scope of the Subcontractor’s effort, including NLR/DOE policies, programs, and activities from the NLR Subcontract Administrator who shall coordinate with DOE headquarters, before issuing the new release. [For the sake of clarification DOE considers news releases issued by the Subcontractor that are related to the work performed under the Subcontract to be those of NLR/DOE, rather than the Subcontractor or an individual researcher, and hence reflect upon both the Subcontractor that issues the news release and NLR/DOE.]

h. The dissemination of Scientific and Technical Information may be restricted by laws, regulations, and DOE directives governing classified, privacy, proprietary, and other protected information. As applicable, documents in a classified subject area must be reviewed in accordance with DOE O475.2B, Identifying Classified Information, prior to public release.

i. Digital and Social Media:

(1) Subcontractor and Subcontractor personnel need not seek NLR/DOE headquarters approval to

use digital media in their Organizational Capacity, except as otherwise provided in this Clause. Subcontractor personnel need not seek NLR/DOE headquarters approval to use digital media in their personal and individual capacity.

(2) Subcontractor management must not suppress or alter the social media posts of its personnel made in the personnel's personal and individual capacity that express Scientific and Technical Opinions.

j. The Subcontractor is responsible for maintaining the integrity of research performed pursuant to its NLR Subcontract as provided in the clause titled "Research Misconduct" derived from DEAR 952.235-71 in Appendix B to this subcontract

k. Subcontractor management must provide its personnel an opportunity to review, prior to publication or release, any public communication (e.g., press release) related to work performed under the Subcontract that substantially relies on the research or is released under Subcontractor's personnel name.

l. In general, any policies impacting the professional development activities of Subcontractor personnel are the purview of the Subcontractor. However, the Subcontractor must follow applicable Subcontract guidance on conference attendance and management of Scientific and Technical Information.

m. *Flowdown.* The Subcontractor shall insert the substance of this clause, including this paragraph (m), in all lower-tier subcontracts under this Subcontract.

ALTERATIONS TO TERMS AND CONDITIONS
(December 30, 2025)

These Alterations to Terms and Conditions modify the subcontract only as expressly stated herein.

Effect of Alterations

A. Appendix B -2 is hereby modified as follows:

I. a. The clause titled "System for Award Management (NOV 2019)" *(Derived from FAR 52.204-7) (OCT 2018)*, is deleted in its entirety.

b. The clause titled "System for Award Management Maintenance (NOV 2019) *(Derived from FAR 52.204-13 (OCT 2018)*" is modified, as follows:

i. Delete the prescription at the start of the clause and replace it with the following:
"(Applies to subcontracts where Subcontractor is required to register in the System for Award Management (SAM))"

ii. Paragraph (b) is deleted in its entirety and replaced with "(b) [*Reserved*]."

c. The clause titled "Payment by Electronic Funds Transfer-System for Award Management (NOV 2016) *(Derived from FAR 52.232-33 (JUL 2013)*" is modified as follows:

Delete the prescription at the start of the clause and replace it with the following:

"(Applies to all subcontracts where Subcontractor is registered in the System for Award Management.)"

d. The following clause is added to the subcontract:

"PAYMENT BY ELECTRONIC FUNDS TRANSFER – OTHER THAN SYSTEM FOR AWARD MANAGEMENT (DEC 2025)

*Derived from **FAR 52.232-34** (JUL 2013)*
(Applies to all subcontracts where Subcontractor is not registered in the System for Award Management.)

(a) Method of payment.

1. All payments by NLR under this subcontract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
2. In the event NLR is unable to release one or more payments by EFT, the Subcontractor agrees to either-
   i. Accept payment by check or some other mutually agreeable method of payment; or
   ii. Request NLR to extend payment due dates until such time as NLR can make payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Subcontractor's EFT information.

1. The Subcontractor is required to provide NLR with the information required to make payment by EFT (see paragraph (j) of this clause). The Subcontractor shall provide the EFT information directly to the NLR Subcontract Administrator designated in this subcontract to receive that information (hereafter: "designated office") by including such EFT information in the Representations and Certifications and NLR Request for Automated Clearing House (ACH)/Wire Banking Information form submitted with the offer. If not otherwise specified in this subcontract, the NLR Accounts Payable office is the designated office for receipt of the Subcontractor's EFT information. If more than one designated office is named for the subcontract, the Subcontractor shall provide a separate notice to each office. In the event that the EFT information changes, the Subcontractor shall be responsible for providing the updated information to the designated office.
2. If the Subcontractor provides EFT information applicable to multiple subcontracts, the Subcontractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to subcontracts that identify that designated office as the office to receive EFT information for that contract.

(c) Mechanisms for EFT payment. NLR may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing payments through the ACH are contained in 31 CFR Part 210.

(d) Suspension of payment.

1. NLR is not required to make any payment under this subcontract until after receipt, by the designated office, of the correct EFT payment information from the Subcontractor. Until receipt of the correct EFT information, any invoice or subcontract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this subcontract. The prompt payment terms of the subcontract regarding notice of an improper invoice and delays in accrual of interest penalties apply.
2. If the EFT information changes after submission of correct EFT information, NLR shall begin using the changed EFT information no later than 30 days after its receipt by the designated office and NLR completion of its banking review process to the extent payment is made by EFT. However, the Subcontractor may request that no further payments be made until the updated EFT information is implemented by the NLR Accounts Payable office. If such suspension would result in a late payment under the prompt payment terms of this subcontract, the Subcontractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) Liability for uncompleted or erroneous transfers.

1. If an uncompleted or erroneous transfer occurs because NLR used the Subcontractor's EFT information incorrectly, NLR remains responsible for-
   i. Making a correct payment;
   ii. Paying any prompt payment penalty due; and
   iii. Recovering any erroneously directed funds.
2. If an uncompleted or erroneous transfer occurs because the Subcontractor's EFT information was incorrect, or was revised within 30 days of NLR's release of the EFT payment transaction instruction to the Federal Reserve System, and-
   i. If the funds are no longer under the control of the NLR Accounts Payable office, NLR is deemed to have made payment and the Subcontractor is responsible for recovery of any erroneously directed funds; or
   ii. If the funds remain under the control of the NLR Accounts Payable office, NLR shall not make payment and the provisions of paragraph (d) shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this subcontract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. No EFT assignment of claims is allowable under this subcontract.

(h) Liability for change of EFT information by financial agent. NLR is not liable for errors resulting from changes to EFT information provided by the Subcontractor's financial agent.

(i) Payment information. The NLR Accounts Payable office shall forward to the Subcontractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. NLR may request the Subcontractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the NLR Accounts Payable office is capable of executing. However, NLR does not guarantee that any particular format or method of delivery is available and retains the latitude to use the format and delivery

method most convenient to NLR. If NLR makes payment by check in accordance with paragraph (a) of this clause, NLR shall mail the payment information to the remittance address contained in the Subcontractor's Representations and Certifications and the Subcontract.

(j) EFT information. The Subcontractor shall provide the following information to the designated office. The Subcontractor may supply this data for this or multiple subcontracts (see paragraph (b) of this clause). The Subcontractor shall designate a single financial agent per subcontract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

1. The subcontract number (or other procurement identification number).
2. The Subcontractor's name and remittance address, as stated in the subcontract(s).
3. The signature (manual or electronic, as appropriate), title, and telephone number of the Subcontractor official authorized to provide this information.
4. The name, address, and 9-digit Routing Transit Number of the Subcontractor's financial agent.
5. The Subcontractor's account number and the type of account (checking, saving, or lockbox).
6. If applicable, the Fedwire Transfer System telegraphic abbreviation of the Subcontractor's financial agent.
7. If applicable, the Subcontractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Subcontractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment."

B. Administrative and Organizational Updates- [Appendix][Appendices] [Appendix B-2, Appendix C-1 OR C-2] [are] hereby modified as follows:

I. **Laboratory Name Update**

The United States Department of Energy (DOE) has renamed the National Renewable Energy Laboratory as the National Laboratory of the Rockies (NLR), effective December 1, 2025.

This change reflects a laboratory naming and branding update only. It does not alter:

- the legal ownership of the laboratory,
- the management and operating structure, or
- any subcontractor rights or obligations.

Accordingly, all references to "National Renewable Energy Laboratory" or "NREL" in this subcontract or purchase order, are replaced with "National Laboratory of the Rockies" or "NLR."

II. **DOE Program Restructuring**

DOE has announced an internal organizational restructuring under which the Office of Energy Efficiency and Renewable Energy (EERE) has been consolidated into the Office of Critical Minerals and Energy Innovation (CMEI).

Accordingly, all references to the Office of Energy Efficiency and Renewable Energy (EERE) are replaced with "Office of Critical Minerals and Energy Innovation (CMEI)."

III. **Change-of-Corporate-Name**

All references to "Alliance for Sustainable Energy, LLC" shall be deemed to refer to "Alliance for Energy Innovation, LLC."
