Amendment Details

1. For informational purposes only to provide Government's response to industry questions.

Industry Questions/Government's Response:

1. **Question:** Beyond maintaining a certified Confined Space Rescue Team (Technician Certified) in accordance with NFPA 350 and OSHA requirements, does the Bureau of Reclamation require any additional training, certifications, or qualifications?
   Answer: No
2. **Question:** For each location, how much advance notice will be provided before inspections are scheduled and operations are expected to begin?
   Answer: Generally, inspections are scheduled at least 30 days prior to work. WE have flexibility in scheduling and will work with contractor's schedule as well.
3. **Question:** For planning purposes, do you anticipate situations where work would be required at more than one location simultaneously?
   Answer: No
4. **Question:** Regarding payment, will each Contract Line Item Number (CLIN) be invoiced and paid upon completion, or will payment be issued after all locations and contract requirements have been completed?
   Answer: As long as services have been completed and accepted, invoicing can be per CLIN.
5. **Question:** The solicitation references RSHS Section 1.12. Would it be possible to obtain a copy of this section for our review?
   Answer: www.usbr.gov/safety/rshs/
