Q&A Document

80NSSC26934493Q – Capability Trunk Cable

Q: I was working on this project and wanted to know that if the installation is required as is it written in the SOW but no installation details are provided. Please acknowledge.

Purchase, deliver, and install the following list from authorized vendors/OEM within their contractual local territory of Stennis Space Center.

A. **No installation is required. This is for procurement of the cables only. That was a typo.**

Q: What are the color combinations for the rest of the conductors?

A. **Reference the statement of work. Each cable has 8 sub cables bundled together, each bundle has the wire colors red, brown, yellow, orange, violet, gray, blue, green.**
