COMBINED SYNOPSIS/SOLICITATION FOR COMMERCIAL ITEMS

This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in Federal Acquisition Regulation (FAR) Subpart 12.2, as supplemented with additional information included in this notice. This announcement constitutes as the only solicitation; quotes are being requested and a written solicitation will not be issued. Solicitation documents and incorporated provisions are those in effect through Federal Acquisition Circular 2026-01, DFARS Publication Notice (DPN) 20260507, and NMCARS 26-03.

General Information

Solicitation Type	Request for Quote, FAR Subpart 12.2
Solicitation Number	N0017326QDH01
Posted Date	23 June 2026
Response Date / Time	07 July 2026 / 12:00 PM EST
NAICS Code	334515
Size Standard	750 employees
Product or Service Code	6625
Set-Aside	N/A – Full and Open Competition
Contract Type	Firm Fixed-Price (FFP)
Point(s) of Contact	Deirdre Hughes, Contract Specialist, deirdre.l.hughes.civ@us.navy.mil Rick Savelli, Contracting Officer, rick.n.savelli.civ@us.navy.mil

All changes to this solicitation that occur prior to the closing date will be issued via amendment posted to the announcement on Contract Opportunities (https://sam.gov). It is the responsibility of interested vendors to monitor the announcement for amendments that may be issued to this solicitation. For changes made after the closing date, only those Quoters that provide a quote will be provided any changes/amendments and considered for future discussions and/or award.

Questions must be submitted to the Point(s) of Contact listed above no later than five calendar days after the Posted Date.

Requirement Information

The Naval Research Laboratory (NRL) Code 5700, Tactical Electronic Warfare Division (TEWD), has a requirement to procure a Keysight UXG agile signal generator system as detailed on page two below.

The anticipated line item structure is as follows:

Item	Product/Specifications	Qty	Unit	Unit Price	Amount
0001	Keysight Technologies, Inc. UXG Agile Signal Generator; KeysightCare Assured First Year Support; Standard adapter, type-N M to 3.5mm F; Return to Keysight Warranty – 1 year **(Part No. N5193A)**	1	EA	$	$
0002	Frequency range 10 MHz to 40GHz (**Part No. N5193A-540**)	1	EA	$	$
0003	0.001 Hz frequency resolution **(Part No. N5193A-FR1)**	1	EA	$	$
0004	AM; FM; phase modulation; LF output, and narrowband chirp license **(Part No. N5193A-UNT)**	1	EA	$	$
0005	Wideband chirp **(Part No. N5193A-WC1)**	1	EA	$	$
0006	Pulse modulation **(Part No. N5193A-PM1)**	1	EA	$	$

Item	Product/Specifications	Qty	Unit	Unit Price	Amount
0007	180ns PDW update rate (normal or list mode) or 370ns latency (fast CW mode) **(Part No. N5193A-SS4)**	1	EA	$	$
0008	Enhanced phase noise **(Part No. N5193A-EP1)**	1	EA	$	$
0009	Mechanical + solid state attenuator assembly **(Part No. N5193A-AT2)**	1	EA	$	$
0010	10 Gigabit Ethernet I/O interface with 14 trigger ports **(Part No. N5193A-CC4)**	1	EA	$	$
0011	Value Discount Bundle: Includes options 540; AT2; CC4; PM1; SS4; UNT; WC1; EP1; FR1 **(Part No. N5193A-031)**	1	EA	$	$
0012	Signal Studio for MESG, multiple emitters from one or more UXGs; Node-locked perpetual license **(Part No. N7660EMBC)**	1	EA	$	$
0013	Shipping/Freight	1	LOT	$	$
				***TOTAL PRICE:**	**$**

***Please Note**- If included, discount bundle pricing should be reflected in each itemized part level price, in addition to the total quoted price in order to allow for accurate contract formatting and pricing.

Alternative line items structures that best reflect the Quoter's practices and proposed items may be submitted.

Delivery and Other Requirement Information

Estimated Delivery Date	Eight weeks from date of award
Delivery Location	U.S. Naval Research Laboratory 4555 Overlook Avenue, S.W. Bldg. 49 – Shipping/Receiving Code 5747 (Mohamed Chergui) Washington, DC 20375
Inspection / Acceptance	Destination - All items delivered under this action will be inspected/accepted by the Government within thirty (30) days of delivery.
FOB Point	Destination

Quotation Submission Information

(a) Submission:

Quotations shall be submitted electronically via email to the Point(s) of Contact by the Response Date/Time identified in the General Information Section above. A confirmation of receipt will be provided, but it is the sole responsibility of the Quoter to ensure that its response/quote is received in its entirety and in a timely manner. Late submissions shall be treated in accordance with the solicitation provision at FAR 52.212-1(c). To be timely, the quote must be received in its entirety in the designated email inbox by the closing date and time provided.

(b) Quote Requirements:

Quoters shall provide a quote with their proposed products, and pricing, along with any product literature for the items being offered so that compliance with the specifications can be evaluated. The quote should also include:

1. Description of standard commercial warranty and any extended warranty (if not described in the Quoter's standard terms and conditions).

2. If shipping/freight is not priced as a separate line item, a statement that shipping is included in the overall price of the items.

3. Documentation from the manufacturer stating that they are an authorized dealer/reseller/distributor for the specific item(s) being procured.

4. Software Licenses - If including a software product in its quotation, Quoters shall provide a summary of its standard federal Government software license in its technical quotation. The full software license must be added as an attachment to the quote. If the Quoter does not have a federal Government software license, the Quoter shall provide a summary and copy of its commercial software license customarily provided to the public

(c) Company Information:

The Quoter shall ensure the following information is submitted:

- Expiration date for quoted and submitted prices
- Company Name
- Address
- CAGE / Unique Entity ID Number
- Web Page URL (if applicable)
- Company point of contract, phone # and e-mail

(d) System for Award Management (SAM):

Quoters must be registered in SAM (https://sam.gov) in order be considered for award. By submitting a quote, the Quoter verifies that its representations and certifications posted electronically in SAM are current, accurate, and complete as of the date of the quote.

(e) This is **Brand Name only (Original Equipment Manufacturer (OEM): Keysight Technologies, Inc.)** requirement in accordance with FAR 11.204 and the approved Brand Name Justification, which is hereby made publicly available with the solicitation as required by FAR 5.201(c)(3).

(f) This procurement is for new equipment ONLY, unless otherwise specifically stated. No remanufactured or "gray market" items are acceptable. All equipment must be covered by the manufacturer's warranty.

(g) Quoter shall be an OEM, an OEM authorized dealer, an authorized distributor, and/or an authorized reseller for the proposed equipment/system such that OEM warranty and service are provided and maintained by the OEM. All software licensing, warranty, and service associated with the equipment/system shall be in accordance with the OEM terms and conditions.

(h) Quoters are required to submit documentation from the manufacturer stating that they are an authorized dealer/distributor/reseller for the specific items being procured.

Evaluation and Basis for Award

(a) The Government will award a contract resulting from this solicitation to the responsible Quoter whose quote conforming to the solicitation will be most advantageous to the Government. The following factors shall be used to evaluate quotes, based on comparative analysis:

1. Factor 1: Compliance with Specifications

Rating	Description
Acceptable	Proposed hardware set meets all the product/specification requirements listed in the table on pages one and two.
Unacceptable	Proposed hardware set does NOT meet all the product/specification requirements listed in the table on pages one and two.

2. Factor 2: Supplier Risk Assessment

- In accordance with DFARS 252.204-7024, the contracting officer shall consider data available in the statistical reporting module of the Supplier Performance Risk System (SPRS) regarding the supplier's past performance history for the PSC and/or NAICS of the supplies being purchased.
- Ratings:
    - Low Risk: SPRS Supplier Risk Score of Blue, Purple, or Green, indicating a higher score in SPRS and are therefore, considered to have a lower risk of poor contract performance
    - High Risk: SPRS Supplier Risk Score of Yellow or Red, indicating a lower score in SPRS and are therefore, considered to have a higher risk of poor contract performance
    - Neutral: In the case of a supplier without a record of relevant past performance history in SPRS for the NAICS or PSC of the supplies being purchased, the supplier may not be evaluated favorably or unfavorably for its past performance history.

3. Factor 3: Cost/Price

The Government will evaluate quotes for award purposes by adding the total price for the basic requirement. The Government anticipates making a determination of fair and reasonable price based on competitive quotes. If only one response is received, the Government may use other methods.

(b) Order of Importance:

Factor 1 (Compliance with Specifications) is more important than Factor 2 (Supplier Risk Assessment). When combined, all factors are significantly more important than Factor 3 (Cost/Price). However, Factor 3 (Cost/Price) will become more important amongst quotes with similar Factor 1 (Compliance with Specifications) and Factor 2 (Supplier Risk Assessment) ratings.

(c) Award on Initial Responses; Exchanges with Best-Suited Contractor

The Government anticipates selecting the best-suited contractor from initial responses, without engaging in exchanges with Quoters. As such, Quoters are strongly encouraged to submit their best technical solutions and price in response to this combined synopsis solicitation. However, the Government may engage in limited exchanges to clarify certain aspects of quotes. Once the Government determines the Quoter that is the best-suited (i.e., the apparent successful Quoter), the Government reserves the right to communicate with only that Quoter to address any remaining issues and revise quotes, if necessary, and finalize an award with that Quoter. These issues may include technical and price. If the parties cannot successfully

address any remaining issues, as determined in the sole discretion of the Government, the Government reserves the right to conduct exchanges with the next best-suited Quoter and address any remaining issues and revise quotes, if necessary, and finalize an award with that Quoter.

Options. When applicable, the Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

Attachments and Exhibits

Attachment 1 – Brand Name Justification

Applicable Provisions / Clauses

It is anticipated the following clauses will be incorporated into the resultant award:

Regulation	Title	Date	IBR or FT*
FAR 52.203-6 Alt I	Restrictions on Subcontractor Sales to the Government	JUN 2020	IBR
