Examples include 52.222-25, Affirmative Action Compliance, and paragraph (d) of 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services. Contracting officers will not consider these representations when making award decisions or enforce requirements. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM. In advancement of Section 2 of Executive Order 14208, the removal of requirements related to Executive Order 14057 eliminates all non-statutory sustainability requirements or preferences in purchases of food service wares, including paper straws. In addition to removing requirements related to Executive Order 14057, the attachment also reflects recent updates to Code of Federal Regulation citations for the U.S. Department of Agriculture¿s BioPreferred® Program, a statutory purchasing preference program.
