TECHNICAL INTERCHANGE DISCUSSIONS

Advancing Today's Training Defeating Tomorrow's Threats

PEOSTRI Moderator: Ms. Christina Manol

1000 - 1010 Opening Remarks / Introduction

- Technical Interchange Format
- Mr. Lee James, Deputy Program Executive Officer

1010 - 1030 Persistent Cyber Training Environment (PCTE) and the Cyber Innovation Challenge (CIC) 5

- LTC Dan Rodriguez

1030 - 1050 Interoperability / Exportability

- Mr. John Gillette / Mr. Harry Sotomayor

1050 - 1110 Program Manager TRASYS

- Electronic Warfare Ground Instrumented Range (EWGIR)
- Marine Air Command and Control System (MACCS) Simulation
- Joint Contract Vehicles for Training Support

1110 - 1200 Question/Answer Session

Unclassified/Approved for Public Release

PEO STRI Technical Interchanges

- Injected into framework to provide a quarterly update directly from PEO STRI
  - I/ITSEC (Dec), Tech Interchange (Mar), TSIS (Jun), Tech Interchange (Sep)
- Facilitated and focused discussion on specific topics regarding upcoming opportunities
  - PM / Engineering team led, ACC supported
  - Framed around areas of technical concern and/or risk assessments
  - Upcoming contract opportunities (by PM) provided as backup in read ahead, but not individually briefed
- Q&A session similar to TSIS and I/ITSEC events
  - PM / Engineering / ACC teams all present in support to provide responses
  - Written responses provided prior to next PALT engagement

Hybrid session (in-person attendance and virtual participation via MS TEAMS)

Time:
1000 – 1200 EST

Monitor https://sam.gov for updates and RSVP instructions for each session.

Provides integrated Engineering, Logistics, Contract Management, and Finance expertise across the command	*Provides Human Resources, IT, Facilities, and Security expertise across the command*	*Provides Acquisition, Operations, and Strategic Communications expertise across the command*	*Provides Virtual, Constructive, Gaming and Medical Training to CTCs and Home Station Training* ***Modernization:*** *STE-IS* *IVAS/SiVT* *RVCT* *SVT*	*Provides Live Training Systems to CTCs and Home Station Training as well as TREX OTA support* ***Modernization:*** *STE-LIVE*	*Provides advanced technical cyber, test and training capabilities to the Army, other DoD Services and Allied Nations* ***Modernization:*** *PCTE* *IEWTPT*	*TADSS Maintenance Program, providing integrated training systems sustainment and selected training services world-wide*	*Building partner capacity by providing training systems, training and sustainment in conjunction with PEO STRI PMOs portfolio of products*	Developing products that enable agile acquisitions, rapid prototyping, and modernization; transforming the product line to support rapid development, deployment and operations of training capabilities

- **Programs Operated:** 260+
- **Workforce Strength:** 1,200+ Employees onboard (DAC, Military, Matrix, and CME)
- **Total Annual Obligating Authority:** ~ $2.6 Billion per Fiscal Year

Remaining CY 2024 PALT Schedule

- ✓ **12 March 2024 (PM/Eng Tech Discussion)****
  - 09 April 2024 (PALT Update)
  - 14 May 2024 (PALT Update)
- **12-13 June 2024 (TSIS)**
  - 09 July 2024 (PALT Update)
  - 13 August 2024 (PALT Update)
- **10 September 2024 (PM/Eng Tech Discussion)**
  - 08 October 2024 (PALT Update)
  - 14 November 2024 (PALT Update)
- **02-06 December 2024 (I/ITSEC)**

****Next Generation Constructive Industry Day**
(13 March 2024)

Hybrid sessions (in-person attendance and virtual participation via MS TEAMS)

Time:
1000/1100 – 1200 EST

Monitor https://sam.gov for updates and RSVP instructions for each session.

Hybrid Rules of Engagement / Etiquette

- PEO STRI moderator will facilitate the session
- All slides will be provided via SAM.GOV at a later date
- Enter the session with your camera and microphone off
- Mute your microphone when not speaking
- Minimize interruptions, Q&A session to follow
- Do not talk over each other; use the chat function

- Q&A Session:
  - In-person – 3x5 cards collected during briefings; alternatively, raise hand or stand and then wait to be recognized by the moderator.
  - Virtual - post your question in chat thread or use "Raise Hand" feature in MS Teams;
  - Written responses to questions to be provided prior to next PALT session

PEO STRI Contract Opportunities for each PM provided as read ahead
(Will Not Be Briefed)

Questions?

Unclassified/Approved for Public Release

Optimizing Warfighter Readiness

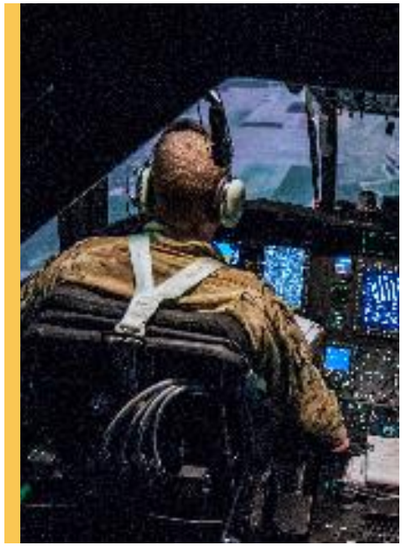
PEO STRI PRIORITIES

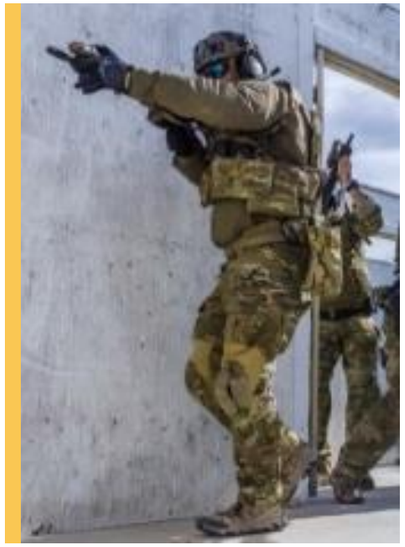
Strengthen collaboration with partners and stakeholders.

Transform with new technologies that modernize capabilities.

Rapidly deliver outcomes with agility and acquisition streamlining.

Invest in our people through professional development and growth opportunities.





VISION

The leader in delivering unmatched testing, training and information operations capabilities to enhance operational readiness in support of our national defense.

MISSION

Rapidly develop, deliver and sustain testing, training and information operations capabilities to enhance readiness across the operational spectrum.

Collaborative Alliance

Improving **HUMAN PERFORMANCE** through **SIMULATION**

Accomplishments

Central Florida Tech Grove:
NAWCTD Partnership Intermediary Agreement with the University of Central Florida (UCF)

Team Orlando Cross Service Warfighter Forum:
Information sharing (LVC-IA simulation products with the USMC)

Academia:
Enterprise Systems Engineering Toolkit project with UCF

S&T:
Technology Transition Agreements

Team Orlando Mission

Support the U.S. Department of Defense's requirements by providing a consolidated interservice military entity in the Central Florida area for Human Performance, Modeling and Simulation and Training.

Facilitate research and collaboration of new technologies, programs and agile processes across the interagency to further advance a thriving and innovative environment to best support Service requirements and initiatives for effectiveness and efficiency.
