The following assets **will be traded in** towards this contract/purchase acquisition,

0912 EN0957 317 2020 Can Am Defender HD10 6x6_ Serial# 3JB6GAX44LK000944

<u>UTV had a small fire under driver's side floorboard</u> making **mileage unknown**

**Vehicle is currently inoperable**

**Deliverables / Schedule**

The Seller shall ship and deliver the Utility Terrain Vehicle (UTV) to the Government-specified location. The Seller shall provide the Government's designated Point of Contact (POC) with a minimum of seventy-two (72) hours advance notice prior to the expected delivery date and time. The Seller shall ensure that all scheduling, coordination, and communication necessary for successful delivery is completed with the POC in advance.

Prior to picking up trade ins and delivery, the seller will coordinate with the COR/Technical POC listed in the SOW 72 hours in advance for the UTV and arrange receiving with the POC. The POC will verify compliance with this SOW. Acceptance will occur when all systems are fully functional, specifications are met, and the equipment is delivered in new, undamaged condition.

**Uniformity: Equipment shall be installed in a consistent and standardized manner.**

UTV Delivery & Trade-in pickup address:
