SUBJECT: Contractor Questions and Government Answers – HVAC BPA
Solicitation W9124L-26-Q-A009

1. **QUESTION:** Is water available for cleaning units?

   ANSWER: There is no water available.

2. **QUESTION:** If water is not available - is binging a wash trailer with pressure washer acceptable?

   ANSWER: Can bring own water & Pressure Washer

3. **QUESTION:** Will the mobile trailers that are to be serviced be available at the site when it comes time to pm them, or do we need to travel to different locations on base to perform the maintenance?

   ANSWER: We do not go to the field. The mobile trailers will be at one of the two JCU Range locations.

4. **QUESTION:** Is a Site walk required?

   ANSWER: A Site walk is optional.

5. **QUESTION:** What is the preferred method for quote submission and any specific documents or format you would like included with a submission?

   ANSWER: On Solicitation – W9124L26QA009 Page 43-45 – Instructions to Offerors, Commercial Products and Commercial Services has all the information for quote preparation instructions.
