Clarifications #3:

1. On the interior finish, can we remove the need to match the existing finish which appears to be a custom plaster finish? If we can match the finish with wood and paint in lieu of custom plaster, there would be a significant cost savings in terms of labor.
   Yes.

2. No Clad windows are going to match perfectly, would the government accept a wood window instead? In other historical projects we have done, these have been approved.
   Yes.
