Instructions to Quoters

FAR 52.212-1, Instructions to Quoters -- Commercial Products and Commercial Services, applies to this acquisition. As prescribed in FAR 12.205(a)(1), the following addendum is provided for this solicitation and hereby amends any language therein:

1. A site visit for this solicitation will be held on 30 April 2026 at 0900. Interested parties shall complete a JBA base access request via Attachment #4 and submit to kala.kim@us.af.mil and ryan.lockard@us.af.mil no later than 27 April 2026 at 4:30pm EST. Failure to correctly complete a base access request, or to submit by 27April 2026, may result in disqualified access to the base.

2. Questions and Requests for Information (RFIs) are due by 07 May 2026 at 04:30PM EST. Quoters must utilize Attachment #5: RFI Worksheet when submitting questions and should be emailed to kala.kim@us.af.mil and ryan.lockard@us.af.mil no later than 07 May 2026 at 4:30pm EST. Questions received after this date and time may be considered at the discretion of the Contracting Officer.

3. Quotes in response to this solicitation must be submitted via email to the Contract Specialist and Contracting Officer listed no later than the deadline date indicated from the SAM.Gov posting.

4. Quotes must be valid for 90 days from solicitation response deadline.

5. Complete the below contractor identification information:

Company Name:	Point of Contact:
Address:	Telephone Number:
SAM UEI:	Small Business: Yes/No
Veteran-Owned: Yes/No	SAM Registered: Yes/No
Woman-Owned: Yes/No	Discount Terms:
Printed Name:	Estimated Delivery Timeline:
Sign and Date:	

6. Price – Complete and return Attachment 3: JBA Washer and Dryer – Pricing Matrix. Failure to complete Attachment 3 will result in contractors' quotes being dismissed from consideration. Contractor shall ensure pricing is rounded to the maximum of two decimal places.

7. Technical Acceptability –

- To be rated "Acceptable," the quoter's offer must demonstrate a clear understanding of and ability to meet all requirements in the PWS. The quote must meet all specifications without exception. This will be broken down into the following factors below:
- A contractor's quote will be rated "Unacceptable" if it fails to meet any of the minimum requirements and will be removed from further consideration for the award.

  - Appliance Specifications: All quoters shall provide the make, and model of proposed washers, dryers, and cooktops to ensure products meet the physical, functional, and energy-efficiency requirements detailed in the PWS.

Evaluation Criteria

FAR 52.212-2, Evaluation -- Commercial Products and Commercial Services, applies to this acquisition. As prescribed in RFO 12.203(a), the following addendum is provided for this solicitation and hereby amends any language therein:

(a) The Government will award a contract resulting from this solicitation to the responsible quoter whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes:

- Price (See number 6 under Instructions to Quoters)
    - The total quote for all contract line items, including the lease of all units and all required maintenance for the entire period of performance. Lowest price will be determined by the lowest total evaluated price based off the total of the base and all option years
    - The evaluated price in the case FAR 52.217-8 Option to Extend Services is exercised will be based off the final option year CLINs 400X divided by two (six-month period instead of twelve months).
- Technical
    - Evaluation method: evaluation of technical will be based on the proposed products meeting the Government's requirement. The quoter must meet the minimum requirements outlined in the Performance Work Statement (PWS). This is evaluated on an "Acceptable" or "Unacceptable" basis.
    - Technical plans that fail to adequately address any mandatory element or demonstrate significant deficiencies that would prevent successful contract performance will be deemed technically unacceptable and excluded from further consideration.

(b) Evaluation Methodology: In order to permit efficient competition and evaluation, the Air Force shall utilize the following methodology. Quotes shall initially be screened for price and placed in order (lowest price to highest price). The Air Force shall then evaluate the **non-price** factors of the lowest priced quote. In the event the lowest priced quote is deemed Unacceptable, the process described shall be conducted again as many times as necessary, until such time as the Government identifies a technically acceptable quote.

In order to determine adequate price competition, the **next** quote will be evaluated **only to determine whether it satisfied the Government's expressed requirement**. The Air Force will follow the same process until there is a **quote adequate to establish price competition**

The Air Force shall make award to the lowest priced technically acceptable quote. Accordingly, under this methodology, the technical factors of some quotes may not be evaluated by the Air Force.

The rating for all non-price factors must be at least "ACCEPTABLE" in order to be eligible for award.
