MEMORANDUM FOR Vendors/Offerors

FROM: 2d Contracting Squadron/PKP
801 Kenney Avenue, Building 4400, Suite 2300
Barksdale Air Force Base, Louisiana 71110

SUBJECT: Amendment 1, FA460826QC090, Mezzanine Replacement

1. The purpose of issuing Amendment 1 is to provide supplemental information in the form of a Question and Answers document. The following questions were submitted to 2 CONS and the answers to each are highlighted below in red:

Question 1: The RFQ states "Each shelving surface will be provided with foam" are you referring to the floor covering?
Answer 1: Some items are delicate. Foam is needed for shelves that contain these items to prevent major jostling or damage to exterior. This is for the shelves themselves, not the floor beneath.
Question 2: Do you have any details and pictures on the existing units or shelving that needs to be removed?
Answer 2: Yes, look at Attachment - 4 for photos of shelves and floors.
Question 3: Are all shelving units that need to be removed on the ground floor?
Answer 3: All units are on the ground floor. I have verified each in place shelf and none are "installed" into the ground.
Question 4: Is the shelving full depth or back-to-back (2-18" sections to make the 36" depth)?
Answer 4: Shelving dimensions are meant to be full depth to facilitate the size of some of the equipment and containers.

2. The due date and time of 1:00 PM CDT on 19 June 2026 remains unchanged for Solicitation FA460826QC090.
