Q&A Document

80NSSC26935252Q – Fueling Truck Rental for 6 months (approx)

Q: When does NASA need the equipment?

Does NASA want us to inservice and train personnel on the truck?

Does NASA need fueling services/staff?

Does NASA need any additional ground support equipment? GPUs, Tugs, Lav Carts, etc.

A: We need it ASAP, we can use operational documentation, but our AGE shop will operate it and are trained in refueling and operation of aviation fueling trucks. We are good currently on GSE, but may need some later during phase 3
