NAVSUP FLEET LOGISTICS CENTERS (FLC) COMMERCIAL ONLY ONE SOURCE/BRAND NAME JUSTIFICATION (NTE SAT) IN ACCORDANCE WITH FAR 12.102(a)

Basis For Decision That Only One Source Is Available

Specific characteristics of the material or service that limit the availability to a sole source or brand name. For example, the material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. (unique features, function of the item, etc.). Describe in detail why only this source can furnish the requirements to the exclusion of other sources.

Some examples of reasons that only one source is available include but are not limited to

- *A patent, copyright or proprietary data that limit competition*
- *Urgency*
- *These are direct replacement parts/components for existing equipment*
- *Brand Name requirement*

DoD Guidebook for Acquiring Commercial Items Part B, Pricing Commercial Items (Page 2): "The fact is DoD must acquire a significant amount of "sole source" items and services that meet the commercial item definition. Frequently, DoD ends up in commercial sole source situations for reasons other than there only being one qualified firm that can provide the product or service. ***One common reason is the nonrecurring cost and time investment spent by the Government and commercial supplier to tailor their commercial item to meet a military purpose."***
