data or packets that such equipment transmits or otherwise handles.

(2) Office of Foreign Assets Control Restrictions.

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-andblocked-persons-list-sdn-human-readable-lists.

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter V and at https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list at https://www.trade.gov/consolidated-screening-list, which consolidates multiple export screening lists of the Departments of Commerce, State, and the Treasury.

(3) Sudan prohibition. The Contractor is prohibited from conducting any restricted business operations in Sudan in accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) Iran prohibitions.

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701

note).

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over $15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) Governmentwide exclusion and removal orders.

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts, DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at https://

www.sam.gov to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and apply to the

solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 40.204-1(c))

(f) Reasonable inquiry. The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) Removal of prohibited products and services. For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) General report.

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the

entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new

information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(i) New FASCSA orders report.

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity’s possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for acquiring commercial products or commercial services.

(End of clause)

52.240-93 Basic Safeguarding of Covered Contractor Information (NOV 2025)

(a) Definitions. As used in this clause—Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information—

(1) Means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government; but

(2) Does not include information provided by the Government to the public (such as on public websites) or simple transactional information (such as information necessary to process payments). Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009). Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502). Safeguarding means measures or controls that are prescribed to protect information systems.

(b) Safeguarding requirements.

(1) Basic requirements. The Contractor shall safeguard its covered contractor information systems by implementing, at minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices

(including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.

(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from

internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded,

opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal departments and agencies relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial products, other than commercially available off-the-shelf items, or commercial services), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

52.252-6 Authorized Deviations in Clauses (Nov 2020)

The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(a) The use in this solicitation or contract of any https://www.acquisition.gov/far-overhaul (48 CFR ____) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

52.209-7 Information Regarding Responsibility Matters (Oct 2018) (DEVIATION NOV 2025)

(Violation of Arms Control Treaties or Agreements-Certification

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101. (b) Certification. [Offeror shall check either

(1) or (2).] __ (1) The Offeror certifies that- (i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of

State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/bureaus-offices/under-secretaryfor-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; and (ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/ bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verificationand-compliance/; or

__ (2) The Offeror is providing separate information with its offer in accordance with paragraph(d)(2) of this provision. (c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(1) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in

violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(2) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or nonadherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

52.209-12 Certification Regarding Tax Matters (Oct 2025)

(a) This provision implements section 523 of Division B of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts. (b) If the Offeror is proposing a total contract price that will exceed $7 million (including options), the Offeror shall certify that, to the best of its knowledge and belief, it-- (1) Has __ filed all Federal tax returns required during the three years preceding the certification; (2) Has not __ been convicted of a criminal offense under the Internal Revenue Code of 1986; and (3) Has not __, more than 90 days prior to certification, been notified of

any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a nonfrivolous administrative or judicial proceeding. (End of provision)

(a) Definitions. As used in this provision-- Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area. United States person as defined in 26 U.S.C. 7701(a)(30) means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is

subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It __ is __ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that--I am claiming on the IRS Form W-14 __ a full exemption, or __ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

52.209-13 Violation of Arms Control Treaties or Agreements-Certification (Nov 2021) (DEVIATION NOV 2025)

Violation of Arms Control Treaties or Agreements-Certification (Deviation Date) (a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101. __ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report. (1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries. (2) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns. (3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or nonadherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns. (4) The Offeror may submit any questions

with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days. (d) Do not submit an offer unless— (1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or (2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has (i) Waived application under 22 U.S.C. 2593e(d) or (e); or (ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification. (End of provision)

Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign

Procurements, in any resulting contract.

of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official

interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of

the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

52.225-12 Notice of Buy American Requirement - Construction Materials Under Trade Agreements (May 2014)

(a) Definitions. "Commercially available off-the-shelf (COTS) item," "construction material," "designated country construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American--Construction Materials Under Trade Agreements" (Federal Acquisition Regulation (FAR) clause 52.225-11).

(b) Requests for determination of inapplicability. An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction materials, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(4)(i) of FAR clause 52.225-11.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers. (1) When an offer includes foreign construction material, other than designated country construction material, that is not listed by the Government in this solicitation in paragraph (b)(3) of FAR clause 52.225-11, the offeror also may submit an alternate offer based on use of

equivalent domestic or designated country construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of FAR clause 52.225-11 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph(c) of FAR clause 52.225-11 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or designated country construction material, and the offeror shall be required to furnish such domestic or designated country construction material. An offer based on use of the foreign construction material for which an exception was requested—

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations. (End of provision)

JAR 2852.233-70 Protests Filed Directly With the Department of Justice (NOV 2020)

(a) The following definitions apply in this provision:

(1) “Agency Protest Official” (APO) means the Deciding Official for a procurement protest filed with a contracting activity of DOJ when the contracting officer will not be the Deciding Official because of the protestor's election under JAR 2833.103(b)

(2) “Deciding Official” means the official who will review and decide a procurement protest filed with the agency. The Deciding Official will be the contracting officer unless the protestor requests pursuant to JAR 2833.103 (b) that the protest be decided by an individual above the level of the contracting officer, in which case the HCA will designate an APO to serve as the Deciding Official.

(3) “Interested Party” means an actual or prospective offeror whose direct economic interest would be affected by the award of a contract or by the failure to award a contract.

(b) Only interested parties may file a protest.

(c) An interested party filing a protest with the DOJ has the choice of requesting either that the Contracting Officer or the APO decide the protest.

(d) A protest filed directly with the DOJ shall:

(1) Indicate that it is a protest to DOJ.

(2) Be filed with the Contracting Officer.

(3) State whether the protestor chooses to have the Contracting Officer or the Agency Protest Official decide the protest. If the protestor is silent on this matter, the Contracting Officer will decide the protest.

(4) Indicate whether the protestor prefers to make an oral or written presentation of arguments in support of the protest to the deciding official.

(5) Include the information required by FAR 33.103(d)(2):

(i) Name, address, facsimile number and telephone number of the protestor.

(ii) Solicitation or contract number.

(iii) Detailed statement of the legal and factual grounds for the protest, to include a description of resulting prejudice to the protestor.

(iv) Copies of relevant documents.

(v) Request for a ruling by the agency.

(vi) Statement as to the form of relief requested.

(vii) All information establishing that the protestor is an interested party for the purpose of filing a protest.

(viii) All information establishing the timeliness of the protest.

(e) The decision by the APO is an alternative to a decision by the Contracting Officer. The APO will not consider appeals from the Contracting Officer's decision on an agency protest and a decision by the APO is final and not appealable.

(f) The Deciding Official may conduct a scheduling conference. The scheduling conference, if conducted, will establish deadlines for oral or written arguments in support of the agency protest and for agency officials to present information in response to the protest issues. The deciding official may hear oral arguments in support of the agency protest at the same time

as the scheduling conference, depending on availability of the necessary parties.

(g) Oral conferences may take place either by telephone or in person.

(h) The protestor has only one opportunity to support or explain the substance of its protest. DOJ procedures do not provide for any discovery. The deciding official may request additional information from the agency or the protestor. The deciding official will resolve the protest through informal presentations or meetings to the maximum extent practicable.

(i) A protestor may represent itself or be represented by legal counsel. The DOJ will not reimburse the protester for any legal fees related to the agency protest.

(j) The DOJ will stay award or suspend contract performance in accordance with FAR 33.103(f), unless the contract award is justified, in writing, for urgent and compelling reasons or is determined, in writing, to be in the best interest of the Government. The justification or determination shall be approved at a level above the Contracting Officer. The stay or suspension, unless over-ridden, remains in effect until the protest is decided, dismissed, or withdrawn.

(k) The deciding official will make a best effort to issue a decision on the protest within thirty-five (35) days after the filing date. The decision shall be written, and provided to the protestor using a method that provides for evidence of receipt.

(l) The DOJ may dismiss or stay proceedings on an agency protest if a protest on the same or similar basis is filed with a forum outside DOJ.

SECTION M. EVALUATION FACTORS FOR AWARD

M.1 Basis for Award

The Government intends to make a single award using a Best Value Tradeoff process. Award will be made to the offeror whose proposal represents the best value to the Government, considering the evaluation factors listed in this section.

The evaluation factors are:

1. Technical Approach
2. Past Performance
3. Price

Technical is the most important factor. Past Performance is the second most important factor. Price is the least important factor.

When combined, Technical and Past Performance are significantly more important than Price.

M.2 Evaluation Factors

M.2.1 Technical Approach

The Government will evaluate the extent to which the offeror demonstrates a clear, comprehensive, and technically sound approach to performing the electrical infrastructure upgrade. Evaluation will consider:

- The Contractor shall have an active Electrical license in the State of NC
- Understanding of project requirements
- Methodology for upgrading electrical systems
- Proposed materials, equipment, and installation methods
- Meets the Period of Performance
- Project schedule and sequencing

- Risk identification and mitigation
- Qualified personnel who can meet the security requirements and background check required by the agency and listed in this solicitation.
- Compliance with applicable electrical codes and safety standards

The Technical Approach factor will be assigned a rating based on the contractor meeting the requirements listed above as a Go/No go.

M.2.2 Past Performance

The Government will evaluate the offeror’s record of performance on recent and relevant projects of similar size, scope, and complexity, including:

- Prior Federal or State Government projects
- Electrical infrastructure upgrades
- High-voltage or medium-voltage work
- Facility electrical modernization
- Substation or distribution system improvements

Evaluation will consider:

- Quality of work
- Timeliness
- Cost control
- Customer satisfaction
- Management effectiveness
- Safety performance

The Government may use CPARS, questionnaires, interviews, or other sources. Past Performance will be evaluated base on:

Excellent: Performance is superior and as a customer, would unhesitatingly do business with the offeror again. There is little or no room for improvement. Offeror performs in accordance to specifications, etc. Complaints are negligible, or the record is old and the offeror has demonstrated by more recent performance that corrective action has made the likelihood of such conduct in the future highly improbable.

Good: Offeror's performance is better than average, and the customer, would willingly do business with the offeror again. Complaints are few and relatively minor. Complaints are negligible, or the record is old and the offeror has demonstrated by more recent performance that corrective action has made the likelihood of such conduct in the future highly improbable.

Marginal: Unfavorable reports regarding the offeror's performance have been made. Serious doubt is expressed as to whether or not as the customer business would be done again. However, some favorable reports are given, and some sources state they would do business with the offeror again. Much improvement is needed to bring performance level up to a manner that is acceptable.

NEITHER UNFAVORABLY NOR FAVORABLY - (None) No record exists or sources of information are roughly divided over the quality of the offerors performance. The offeror has no record of criminal conduct, civil fraud, negligence, or the record is old. In the case of an offeror with respect to which there is no information on past contract performance or with respect to which information on past contract performance is not available, the offeror may not be evaluated favorably nor unfavorably on the factor of past performance. These vendors will be evaluated on specification and price only.

Poor: Performance is unsatisfactory and the customer would no longer do business with the offeror again. Complaints are substantial or numerous. The offeror either has presented no persuasive evidence of having taken appropriate corrective action that will guard

against such conduct in the foreseeable future, or it appears unlikely that the corrective action will be effective. Constantly corresponding with vendor to get the vendor to perform by issuing "Cure Notice(s)" and/or "Show Cause" Notice(s) consideration taken to re-establish delivery dates and any other adverse action such as "Termination for Default"

M.2.3 Price

Price will be evaluated for:

- Reasonableness
- Balance
- Completeness

The Government may conduct a price realism review (non-competitive) to assess whether prices reflect a clear understanding of the work.

Price will not be scored but will be considered in the trade-off.

M.3 Tradeoff Process

The Government may award to other than the lowest-priced offeror or other than the highest technically rated offeror if a tradeoff is justified.

- Technical is more important than Past Performance.
- Past Performance is more important than Price.
- Technical + Past Performance combined are significantly more important than Price.

However, as the difference in Technical and Past Performance ratings narrows, Price becomes more important in the trade-off decision.
