Continuation of Description

Requirements

The Government requires the purchase and FOB-Destination delivery of commercial food service equipment and smallware items to outfit the new Fort Jackson Dining Facility. All items must be new, commercial grade, and compliant with the specifications and salient characteristics in the Purchase Description. The Purchase Description identifies specific manufacturers and model numbers solely to communicate the Government minimum required quality, durability, materials, certifications, and performance characteristics for high volume institutional food service operations. These references establish the benchmark for evaluating equal products and do not mandate the purchase of any specific brand.

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

I. Basis for Award

The Government intends to make a single award to the responsible offeror whose quotation represents the Lowest Price Technically Acceptable (LPTA) to the Government, considering:

- Technical
- Past Performance
- Price

The Government may use techniques in accordance with RFO FAR 12.203; however, award will be made to the lowest priced quotation that meets all technical requirements.

II. Technical Evaluation

The Government will evaluate the extent to which the proposed products meet the requirements of the Purchase Description, including:

- Compliance with all salient characteristics
- Buy American Act compliance (where applicable)
- Certifications (NSF, UL, ETL, CSA, AGA, or other applicable certifications)
- Suitability for high volume institutional food service operations
- Completeness and accuracy of Attachment 1, Section 5 technical entries

Because this requirement is commercial and specification driven, **predetermined subfactors are not required**, and no subjective tradeoffs will be made.

A. Evaluation of Equal Items

"Equal" items will be evaluated solely on whether they **meet or exceed** all salient characteristics listed in the Purchase Description.

- Failure to meet **any** salient characteristic will result in the line item being rated **Technically Unacceptable**.
- Any quotation containing one or more technically unacceptable line items will be **ineligible for award.**

The Technical Factor will receive one of the adjectival ratings defined below:

Rating	**Definition**
Acceptable	Quote meets the minimum requirements of the solicitation.
Unacceptable	Quote does not clearly meet the minimum requirements of the solicitation.

II. Past Performance Evaluation

Past performance will be evaluated based on:

- Quality of products delivered
- Timeliness of delivery
- Customer satisfaction
- Responsiveness
- Any performance issues or corrective actions

The Government may consider:

- CPARS
- Other Government databases
- Commercial references

- Independent research
- Offeror provided information

Past performance will be evaluated on an **Acceptable/Unacceptable** basis.

Offerors without relevant past performance will be rated **"Neutral"**.

Past Performance Evaluation Ratings

Rating	**Definition**
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror's performance record is unknown.
Unacceptable	Based on the offeror's performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.
Neutral	Offerors for whom a relevant past performance history cannot be established will receive a neutral rating for the Past Performance factor. This rating will be considered 'Acceptable' and will not be viewed as a strength or a weakness in the overall evaluation.

III. Price Evaluation

Price will be evaluated for:

- Reasonableness
- Completeness (all 94 line items priced)
- Inclusion of all delivery and freight costs (FOB Destination)
- Mathematical accuracy of extended and total prices

IV. LPTA Determination

Award will be made to the **lowest priced** offeror whose quotation is rated **Technically Acceptable** and **Past Performance Acceptable**.

The Government may:

- Make award without discussions
- Seek clarifications

Notice of award.

IAW RFO 12.201-1(b), a supplier's quotation is not an offer and does not create any obligation on the Government. The Government's purchase order, issued to the supplier whose quotation represents the best value, constitutes the Government's offer. A binding contract is formed only when the supplier accepts the purchase order in writing or through substantial performance. The Government may issue a purchase order at any time before the quotation expires unless the supplier has withdrawn its quotation in writing.

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is

provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [ ] is [ ] is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 [ ] a full exemption, or [ ] partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.
