General Questions

Q.1. The solicitation indicates that three installation site visits will be conducted. Could you please confirm the dates, times, and locations for each site visit, as well as any registration or access requirements for attendees?

A.1. The reference to three Installation site visits was an unintentional oversight and has been removed from the RFP.

Q.2. There is an available decommissioned power plant on private land that can generate the required power found in the RFP.

A.2. The purpose of this solicitation is to request competitive proposals from private, public, and/or not-for-profit entities interested in leasing non-excess Government-owned land. The RFP lists seven Army Installations that are included as possible locations for long-term lease agreement(s). The Government leasing land from private, public, and/or not-for-profit entities is not considered in this solicitation.
