IMPORTANT NOTICE: THIS IS NOT A SOLICITATION FOR PROPOSALS. THIS IS A SOURCES SOUGHT NOTICE ONLY.

This Sources Sought is for planning and informational purposes only and shall NOT be considered as a Request for Proposal (RFP) or as an obligation on the part of the Government to acquire any products or services. The Government will NOT be responsible for any costs incurred in responding to this Sources Sought or furnishing the requested information. No entitlement to payment of direct or indirect costs or charges by the Government will arise as a result of a Contractor's submission of responses to this Sources Sought or the Government's use of such information. No contract will be awarded from this announcement. Availability of any formal solicitation will be announced separately. Submittals will not be returned to the sender. Respondents will not be notified of the results of the Government's review.

1.0 Introduction

The National Guard Bureau's Operational Contracting Division (NGB-AQ-C), 111 South George Mason Drive, Arlington, VA 22204 is issuing this Sources Sought as a means of conducting Market Research to determine the availability and adequacy of commercial sources to provide fully integrated Crowd Control Support Modules (CCSMs) for the National Guard Reaction Force (NGRF) and Quick Reaction Force (NGQRF) standardization effort. Telephone inquiries will not be accepted or acknowledged, and no feedback or evaluations will be provided to companies regarding their submissions.

2.0 Description of Requirement

The purpose of this requirement is for a vendor to source, kit, integrate, and deliver specialized commercial tactical equipment as a single, mission-ready Crowd Control Support Module (CCSM) Bill of Materials (BOM) packed inside QUADCON freight containers. The overarching goal of this commercial requirement is to standardize non-lethal protective gear across various National Guard state and territory units to improve mission readiness and civil safety.

Rather than a predetermined timeline, the Government is seeking feedback on industry's earliest possible delivery date of complete sets along with recommended phased delivery schedules to meet National Guard requirements.

The estimated period of performance is anticipated to be a base year with subsequent option periods. The contract type is anticipated to be Firm-Fixed Price (FFP).

BRAND NAME OR EQUIVALENT NOTICE

Any brand-name items referenced in the attached Bill of Materials (BOM) are for description and/or establishing salient physical and performance characteristic purposes only. Functionally equivalent products from any manufacturer will be accepted and evaluated. Respondents proposing equivalent items must provide detailed specification sheets clearly demonstrating that their proposed product meets or exceeds the specifications of the referenced brand name.

3.0 Responses

Contractors possessing the requisite skills, resources, and capabilities necessary to perform the stated requirements are invited to respond to this notice via a submission of a Capability Statement on 8.5" × 11" paper, no more than five (5) pages in length, using 12-point font.

All responses must include the following information:

1. **Company Information:** Name and address of applicant/company (Corporate/Principal Office), to include primary point of contact information (name, telephone number, and e-mail address).
2. **Identification Identifiers:** Unique Entity Identifier (UEI) and CAGE Code.
3. **SBA Size Status:** SBA Size Status under NAICS Code 339920. If 8(a), include Case Number, Entrance Date, and Exit Dates.
4. **Acquisition Codes:** The Government is considering **NAICS Code 339920 – Sporting and Athletic Goods Manufacturing** with a Small Business Size Standard of 750 Employees as defined in 13 CFR § 121.201, and **PSC Code 1367 – Tactical Sets, Kits, and Outfits**. Please provide feedback if you believe a different code is more appropriate.
5. **Contract Vehicles:** If you hold an applicable Governmentwide Acquisition Contract (GWAC) or GSA Multiple Award Schedule (MAS) contract, please provide the contract number.
6. **Delivery Capability & Schedules:** Identify your company's earliest possible delivery date of complete sets after receipt of order (ARO), and propose a realistic monthly delivery schedule (e.g., how many integrated CCSM units can be successfully built, QA'd, and delivered per month).
7. **Capabilities and Relevant Past Performance:** Provide no more than three (3) projects performed within the last five (5) years that demonstrate relevant past performance. Relevancy is defined as projects involving multi-item tactical equipment kitting, supply chain consolidation, or integration of commercial off-the-shelf items into unified freight shipments (such as QUADCONs). Include contract numbers, total values, and your firm's specific scope.
8. **Teaming and Subcontracting:** If significant subcontracting or teaming is anticipated, please describe the administrative and management structure. In accordance with FAR 52.219-14, a Small Business

Prime must perform at least 50% of the cost of the contract incurred for personnel with its own employees. Provide an explanation of your company's ability to meet this threshold.

9. **Feedback & Recommendations:** Provide recommendations to improve the National Guard Bureau's technical or logistical approach to this CCSM requirement.
10. **Capabilities Document & Equipment Catalog:** Provide a comprehensive corporate capabilities document and/or a catalog of commercial-off-the-shelf (COTS) equipment currently available through your firm that directly supports, or can be integrated into, the CCSM requirement. (Product sheets, equivalent equipment specs, or links to online catalogs are highly encouraged).
