Clause List
Subject: GEOINT Change Detection CSO

Any resulting contract from the subject CSO will contain the following clauses in the respective Sections as identified below. This list is subject to additional clauses as necessary to accommodate any unique solutions not wholly covered by this list.

SECTION G – Contract Administration Data

G.1 5X52.232-9003 ELECTRONIC INVOICING AND PAYMENT REQUIREMENTS AND INSTRUCTIONS TO IMPLEMENT USAGE OF THE INVOICE PROCESSING PLATFORM (IPP) (MAR 2026)

(a) Definitions. As used in these instructions, "Payment request" means a bill, voucher, invoice, or request for contract financing payment with associated supporting documentation. The payment request must comply with the requirements identified in FAR 32.905(b), "Payment documentation and process" and the applicable Payment clause included in this contract.

(b) Effective 23 Mar 26, the Contractor shall submit payment requests electronically using the Invoice Processing Platform (IPP) at www.ipp.gov. Information regarding IPP is available on the Internet at www.ipp.gov. Assistance with the IPP application can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866)973-3131. The Contractor shall ensure that its supporting documentation includes a copy of the contractor's internal invoice and conforms to IPP requirements. IPP accommodates up to 25 supporting attachments per invoice. Individual attachment file size may not exceed ten megabytes (10mb). If the Contractor assesses that their supporting documentation will not reasonably conform to IPP requirements, the Contractor shall contact the Contracting Officer to explore possible alternatives. In addition, the IPP only allows certain characters to be used as the invoice number. The invoice number shall conform to the IPP convention, and the attachments (if used) shall match exactly the invoice number allowed. The allowed characters in the IPP are "abcdefghijklmnopqrstuvwxyzABCDEFGHIJKLMNOPQRSTUVWXYZ0123456789-_"

(c) Properly certified invoices shall be entered into the Internet Payment Platform (www.ipp.gov). To assist

(Agency) in making timely payments, the Contractor is required to provide/verify all required fields in the IPP including: (1) Contract number; (2) Name, address and Taxpayer I.D. number of Contractor; (3) Invoice Date; (4) Unique invoice number for that particular invoice; (5) Period the payment covers; and (6) Cost amount by each line item including quantity and unit price

(d) Contractors wishing to check the payment status of their vouchers are able to do so within the IPP application. In addition, questions may be directed to the Contracting Officer's Representative (COR). In the absence of a COR, contact the Contracting Officer whose name and contact information appears on the face page of this contract/order.

SECTION H – Special Contract Requirements

H.1DORMANT ACCOUNT REVIEW-QUARTERLY PARTICIPATION
The Dormant Account Review, Quarterly (DAR-Q) process, is the Department of Defense (DoD) requirement to increase the Department's and NGA's ability to use available appropriations before they expire and ensure remaining open obligations are valid and liquidated before the cancellation of the appropriation. NGA disseminates and receives DAR-Q information to and from NGA's Industry Partners using the National Reconnaissance Office (NRO) unclassified Acquisition Research Center (ARC) website. NGA provides consolidated lists of lines of accounting for validation, of which contractor participation is mandatory.
Contractors holding NGA contracts and/or orders are required to support the NGA DAR-Q process. Each contractor must select two points of contact (POCs) to establish and maintain active accounts on the unclassified NRO ARC at https://acq.westfields.net.
Contractor POCs use the following information to register:
1.) Full name;

2.) SSN (Optional);
3.) Unclassified email address;
4.) DUNS number; and
5.) Unclassified telephone number.
From the https://acq.westfields.net homepage, click on “Register” in the upper-right-hand corner of the page; follow the instructions, and enter the requested data. Although not required for DAR-Q compliance, POCs possessing a classified email account may enter that information during registration to also create a classified ARC account. POCs should be aware that account activation requires the registered user to validate the account by email within 24 hours of registration. Questions or problems related to the website or the registration process should be directed to the unclassified Acquisition Center of Excellence (ACE) Help IT Desk at 703-230-6300 or acehelpdesk@westfields.net.
NGA will conduct quarterly DAR-Q reviews in accordance with the DoD Financial Management Regulations (FMR). Contractors with dormant Unliquidated Obligations appearing on any specific quarterly DAR-Q review will be notified via the NRO ARC. Once notified, contractor POCs are required to validate and upload the contractors’ responses, including supporting documentation, to the NRO ARC by the due date set forth in the relevant timelines outlined by NGA and the FMR.

SECTION I – Contract Clauses

I.1 52.203-3 GRATUITIES. (APR 1984)

I.2 52.203-6 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT. (JUN 2020)

SECTION L – Instructions, Conditions, and Notices to Offerors or Respondents

Small Business Subcontracting Plans

In accordance with the unique, merit-based nature of this Commercial Solutions Opening (CSO), Small Business Subcontracting Plans are not required to be submitted with initial proposals or white papers.

However, in accordance with FAR 19.702, for any individual contract or task order resulting from this CSO that is awarded to a large business and exceeds the statutory threshold (currently $900,000), a Small Business Subcontracting Plan will be required and negotiated prior to award of that specific action. Small businesses and non-traditional defense contractors are highly encouraged to submit proposals as prime contractors, for which no subcontracting plans are required.
