Evaluation - Commercial Products and Commercial Services

FAR Provisions Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.212-2	Evaluation-Commercial Products and Commercial Services. (Deviation 2026-O0038) (Tailored)	2026-02		

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Factor 1 - Price

- The Government intends to evaluate all offers to determine if the quote is technically acceptable and whether the vendor has acceptable or neutral past performance. If the lowest priced quote is reasonably priced and technically acceptable and the vendor has acceptable or neutral past performance, the Government intends to make an award to that vendor and no other quote will be evaluated.

- If the lowest priced offer is not technically acceptable, the vendor does not have acceptable or neutral past performance, or both, then the Government will evaluate the second lowest priced quote for technical acceptability and acceptable or neutral past performance.

- This method will continue until the lowest priced, technically acceptable quote, by a vendor with acceptable or neutral past performance, is determined. Quotes will be evaluated based on price and technical acceptability. Quoter certifies that the product quoted meets or exceeds all minimum requirements as stated in the Request for Quotes.

Factor 2 - Technical Capability:

- The Government will require each quoter to provide proof, that it is a fully ordained Roman Catholic Priest in good standing with the Archdiocese for the Military Services (AMS).

The official DD Form 2088 issued by the AMS as the statement of endorsement document and must be provided with the proposal.

Factor 3 - Past Performance:

- The government intends to access U.S. Government past performance databases such as, but not limited to the Past Performance Informance Retrieval System (PPIRS), the the Federal Awardee Performance and Integrity Information System (FAPIIS), etc.

- The Government may contact references identified on the Contractor's submitted resume to determine if their past employment performance is satisfactory in order to create a sense of assurance in the mind of the Contracting Officer.

Technical and past performance, when combined, are equal to price.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
