PROJECT DESCRIPTION

The Contractor shall provide all labor, management, supervision, tools, materials, equipment, transportation, and quality control necessary to execute a professional-grade hot-mix asphalt (HMA) pavement overlay and the complete systematic reinstatement of all surface pavement markings across designated BEQ parking facilities at Marine Corps Base (MCB) Camp Lejeune, North Carolina.

SPECIAL SCHEDULING

The facility/activity will remain in operation during the entire construction period. The Contractor shall conduct his operations so as to cause the least possible interference with normal operations of the facility/ activity. The furniture and other objects in the room are to be moved by the contractor.

SUPERVISION

One person may fill the roles of Superintendent, Quality Control Manager, and Safety & Health Officer, if duly qualified for all three positions as defined in the project specification.
