SEASONAL VACCINE SUPPORT

BACKGROUND/PROGRAM DESCRIPTION

The Department of Homeland Security (DHS) is conducting market research to identify qualified vendors capable of providing comprehensive seasonal vaccine support, including but not limited to procurement, distribution, administration, documentation, and reporting of seasonal influenza and COVID-19 vaccines.

PURPOSE OF REQUEST FOR INFORMATION

THIS IS A REQUEST FOR INFORMATION (RFI) ONLY. This RFI is being issued to assist DHS in identifying potential vendors capable of providing seasonal vaccine support as described below. Currently, the government is considering North American Industry Classification System (NAICS) number 424210 - Drugs and Druggists' Sundries Merchant Wholesalers. A final NAICS determination will be made after the Market Research is analyzed.

- Vaccine Procurement and Supply
    - Acquisition of seasonal influenza and COVID-19 vaccines in sufficient volume for DHS detainee populations, including all 50 states, Washington DC and Puerto Rico.
    - Management of vaccine ordering, allocation, and distribution.
    - Cold-chain management (storage, handling, temperature monitoring).
    - Comply with applicable pricing requirements, including Federal Ceiling Price and relevant statutes for influenza vaccine.
    - Provide a secure, web-based ordering and invoicing solution, complete with reporting and data access capabilities.
    - Receiving automated email order requests and notifications.

- Issue automated order updates, tracking notifications, and confirmation of delivery to the government.
- Processing and crediting unused or expired products annually

REQUEST FOR INFORMATION CONDITIONS AND NOTICES

The RFI is solely for market research, planning and information purposes. It shall not be construed as a commitment by the government to issue a subsequent solicitation (Broad Agency Announcement, Request for Proposal, etc.). Furthermore, the government is not at this time seeking quotes and will not accept unsolicited quotes. Respondents are advised that the government will not reimburse for any information or administrative costs incurred in response to this RFI; all costs associated with responding to this RFI will be solely at the interested parties' expense. Not responding to this RFI does not preclude participation in any future solicitation, if any is issued.

The agency does not intend to award a contract because of this RFI, but rather gather capabilities and market information pertinent for acquisition planning. The responses to this RFI will be captured as market research and may contribute to the development of an acquisition strategy. Information provided may be used to assess tradeoffs and alternatives available for potential requirement and may lead to the development of a solicitation.

The information provided in this RFI is subject to change and is not binding on the government. All submissions become government property and will not be returned. The government reserves the right to use information provided by respondents for any purpose

deemed necessary and legally appropriate. Unless advised or indicated on the responses to this RFI, all information furnished will be considered non-proprietary.

The government reserves the right to hold one-on-one meetings as a result of responses received from this RFI as part of its market research. In addition, there may be a need to seek further clarification from those respondent(s) identified as capable. This clarification may be requested in the form of brief verbal communication by telephone; written communication; electronic communication; or a request for a presentation of the response. The government reserves the right to seek additional information from those vendors identified with unique solutions that are determined to be beneficial to the government.
