	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
	D. OTHER *(Specify type of modification and authority)*

E. **IMPORTANT:** Contractor [ ] is not, [**X**] is required to sign this document and return _1___ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this amendment to the solicitation is to change Attachment 5 – Drawings and Attachment 6 – Specifications to incorporate the following:

1. Sink/Lavatory Relocated to the Center of the Room (only modification on drawings not on SOW)

The sink is moved from its current wall-mounted position to a position at the center of the room, allowing 360° accessibility clearance around the fixture. This ensures a minimum 30" x 48" clear floor space in front of the sink as required by ADA standards and allows wheelchair users to approach from the front or side. Plumbing supply and drain lines will be extended through the wall to serve the new central location.

.../...

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

		16A. NAME OF CONTRACTING OFFICER Stetson A. Sanders	
15B. NAME OF CONTRACTOR/OFFEROR BY _____ *(Signature of person authorized to sign)*	15C.DATE SIGNED	16B. UNITED STATES OF AMERICA BY _____ *(Signature of Contracting Officer)*	16C.DATE SIGNED

2. Shower Remains in the Current Bathtub Location (SOW and drawing)

Rather than relocating the shower, the existing bathtub is converted into an ADA-compliant roll-in or accessible shower, taking advantage of the existing plumbing connections (hot/cold supply lines and drain) which remain largely in place — minimizing disruption and cost. The bathtub is removed and replaced with a zero-threshold (curbless) shower pan, sloped toward a center or linear drain to improve drainage performance and eliminate trip hazards — a key ADA requirement. The shower area is fitted with a sliding glass door enclosure (as SOWdescribed), which is preferred over a swinging door in accessible designs because it does not require swing clearance into the transfer space, keeping the maneuvering area free for wheelchair users.

3. The deadline for submission of offers is hereby extended through June 30, 2026 at 17:30 hours.
