Number	Title	Effective Date	Alternate/ Deviation	Variation Effective Date
H-209-H004	RESTRICTIONS RESULTING FROM POTENTIAL ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (NOV 2022)	(Nov 2022)		

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment or services that are the subject of any work under this contract shall be limited in accordance with FAR 9.5.

(c) The Contractor agrees that to prevent the existence of conflicting roles and unfair competitive advantage, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate, subcontractor, consultant, or employee of the Contractor, any joint venture, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract, unless an exception under FAR 9.505 exists. This exclusion also does not apply to any work covered by FAR 9.505-2 (a)(3) or (b)(3) or recompetition for those systems, components or services furnished pursuant to this contract.

(d) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(f) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(g) Compliance with this requirement is a material requirement of this contract.
