BIDDER INQUIRY:

Bidder/Offeror Solicitation Questions:

All inquiries regarding this solicitation are to be submitted via Bidder Inquiry. Telephone and email inquiries will not be accepted. Bidder Inquiry is a website that allows bidders to post questions regarding the solicitation and view all questions by other bidders and responses by USACE. Bidder Inquiry can be accessed through ProjNet at (https://www.projnet.org)

To submit and review inquiry items, prospective vendors will need to use the Bidder Inquiry Key presented below and follow the instructions listed below the key for access. A prospective vendor who submits a comment /question will receive an acknowledgement of the comment/question via email. Another email to the same address will notify the prospective vendor once the reply is available for viewing.

TIMING OF BIDDER INQUIRIES: Bidders are encouraged to submit their bidder inquiries promptly. The Government will make every effort to answer all bidder inquiries; however, the closer to the solicitation due date an inquiry is received, the less likely it is that a timely response can be provided.

The Bidder Inquiry Key is: WU8786-3U8DN7

Specific Instructions for ProjNet Bid Inquiry Access:

1. From the ProjNet home page linked above, click on Quick Add on the upper right side of the screen.

2. Identify the Agency. This should be marked as USACE.

3. Key. Enter the **Bidder Inquiry Key** listed above.

4. Email. Enter the email address you would like to use for communication.

5. Click Continue. A page will then open saying that a user account was not found and will ask you to create one using the provided form.

6. Enter your First Name, Last Name, Company, City, State, Phone, Email, Secret Question, Secret Answer, and Time Zone. Make sure to remember your Secret Question and Answer as they will be use from this point on to access the ProjNet system.

7. Click Add User. Once this is completed you are now registered within ProjNet and are currently logged into the system.

Instructions for Entering Questions:

1. After you are logged in click on the "post new inquiry", it is on the left side of the window under the Word "Submit"

a.) This is the window where you will enter your questions

b.) Comment Classification: Click on the down arrow to the right of the words "Please select from below", select "Public".

c.) Discipline: This is where you select who this question should be directed to. Example, if the question is about an electrical drawing or specification select: "Electrical" from the pull-down list.

d.) Sheet. Enter the sheet number of the drawing you are asking about.

e.) Detail. Enter the detail name of the detail shown on the drawing that you are asking about.

f.) Specification. Enter the Specification number and paragraph number.

g.) File. Use this if you are going to attach a pdf file.

h.) Question. Enter your question here.

Specific Instructions for Future ProjNet Bid Inquiry Access:

1. For future access to ProjNet, you will not be provided any type of password. You will utilize your Secret Question and Secret Answer to log in.

2. From the ProjNet home page linked above, click on Quick Add on the upper right side of the screen.

3. Identify the Agency. This should be marked as USACE.

4. Key. Enter the Bidder Inquiry Key listed above.

5. Email. Enter the email address you used to register previously in ProjNet.

6. Click Continue. A page will then open asking you to enter the answer to your Secret Question.

7. Enter your Secret Answer and click Login. Once this is completed you are now logged into the system.

For questions about the ProjNet Bidder Inquiry, please contact the Call Center help desk at ProjNet: Public User, (833) 389-1097 or 217-367-3273, which operates from 8AM to 5PM (Central US time zone). Bidder inquiry help questions can also be emailed to the helpdesk at staff@projnet.info

Registration at www.sam.gov is required. If not registered, please do so. Step-by-step help information on how to register is detailed on the website, along with frequently asked questions (FAQs). Lack of registration in the SAM database may make an offeror ineligible for award.

Effective 29 April 2018, the notarized letter process is now mandatory on all CURRENT registrants at SAM who have a requirement to update data on their SAM record. The notarized letter is mandatory and is required for the GSA Federal Service Desk (FSD, https://www.fsd.gov) to activate the entity's registration. Both Federal Assistance entities and all non-Federal entities must mail the original, signed copy of the notarized letter to the Federal Service Desk. Failure to do so within 30 days of activation may result in the registration no longer being active. Mail the completed, signed, notarized letter to:

Performance Work Statement

Portable Toilets, Vault Pumpouts Toilets & Septic Tank Pumpouts

1. DESCRIPTION OF WORK - The Contractor shall furnish all necessary management, portable toilets, tools, labor, materials, equipment, and transportation to satisfactorily perform all work required by this contract in the manner and frequencies specified. The work shall include providing and maintaining portable toilets, pumping vault toilets, and septic tanks in the areas described in paragraph 3. Project Description. The Contractor shall be responsible for emptying and hauling the waste for disposal at approved disposal sites off of Government property. Areas are located in Franklin, Benton, and Walla Walla Counties, Washington. The portable toilets will be maintained in a sanitary condition and present a clean, neat, and professional appearance.

1.1 BASIC SERVICES FOR PORTABLE TOILET RENTALS - The contractor shall provide portable toilet rental units, both regular and wheelchair accessible (Universal Access) to be delivered, placed, secured, serviced, and removed, as specified by the Government. Quantities of units and duration of rental shall be as specified in the contract. All units must be in good condition and fully operational at all times. Units must be secured to prevent them from being blown over by the wind. Contractor will also provide a mobile regular portable toilet unit on a trailer or wheels that can be towed behind a regular vehicle.

1.2 PORTABLE TOILET SPECIFICATIONS - The contractor shall supply portable toilets with the following minimum specifications: Standard size unit with a toilet and urinal; Handicap (Universal) accessible unit with a toilet and urinal. Each unit shall be furnished with hand cleaning devices.

1.3 PROVIDE PUMPING, CLEANING, AND RESUPPLYING SERVICES - The contractor shall provide pumping, cleaning, and re-supplying services to all contractor provided portable toilet units once weekly while in service under this contract. Supply items shall include two-ply toilet paper and deodorant blocks or similar in urinals. In the event of a spill, the contractor shall immediately clean the spill area in accordance with Section 7.5.3 of the PWS.

1.4 UPRIGHT UNITS. The contractor shall upright overturned or tipped portable toilet units no later than 48 hours after request is made by the Government. Overturned units shall be pumped, cleaned, and re-supplied as needed. This service is separate from the normal weekly service and is used and paid on an "as needed" basis known as tip fee.

1.5 PROVIDE MAINTENANCE AND REPAIR SERVICES - The contractor shall be responsible for all repairs of portable toilets and hardware associated with at no cost to the government. All repairs should be completed within seventy two hours after it was reported by the Government or noticed by the contractor employee. The contractor shall provide maintenance and repair services to portable units, to include furnishing replacement parts as needed. Replacement parts shall include but not limited to; doors, door handles, door latches, door hinges, door springs, toilet paper dispensers, toilet seats, vent screens, vent pipes, tanks, and urinals. If the unit must be removed for repairs, contractor shall provide a replacement unit at the time it removes the unit needing repairs.

1.6 VAULT TOILET PUMPING - The Contractor shall pump out contents of 9 (nine) vault toilets with 1000 gallon capacity and 4 (four) vault toilet with 2000 gallon capacity (2 seater), and supply adequate water and chemicals to maintain and manage odors on an as needed basis. All Vault toilets have access panels located on back side of building. Vaults will be pumped out once a year and as scheduled per COR. (see section 10 for details)

1.7 SEPTIC TANK PUMPING - The Contractor shall remove, at minimum 10,000 gallons from septic tanks at Hood Park, a minimum of 5000 gallons at Charbonneau, and 5000 gallons at Fishook Park. Additionally, Windust Park will have a minimum of 1500 gallons of septic pumped. Septic tanks will be pumped out once a year as needed per COR. See section 11 for details.

1.8 UNFORESEEN VANDALISM - In the case of extensive vandalism the contractor shall request an equitable adjustment in writing which will be considered by the Government. The request shall include only costs for performing the change, and shall not include any cost that already have been reimbursed or that have been separately claimed. All indirect costs included in the request shall be properly allocable to the change in accordance with applicable acquisition regulations.

expense to the Government. An oral or written notice of deficiencies to be corrected and whether the work can be re-performed will be given to the contractor or designated representative. After notification, for every day the work is not completed, 1/30th of the unit price will be deducted for the unit/line item in question.

6. SAFETY

6.1 SAFETY STANDARDS - The Contractor shall comply with all applicable Occupational Safety and Health Act (OSHA) Standards, Oregon and Washington State Industrial Safety Standards, and the Corps of Engineers' Safety requirements manual EM 385-1-1, dated 3 September 1996, as amended. A copy of the Corps of Engineers Safety manual can be viewed online at http://www.usace.army.mil/inet/usace-docs/eng-manuals/em385-1-1. The Safety Standards are subject to change and such changes may affect the Contractor in their performance under the contract. It is the Contractor's responsibility to know such changes and to take immediate action to implement those changes. Any potentially hazardous condition will be corrected and a fixture posted with an appropriate sign such as; "Closed" or "Out of Service".

6.2 ACCIDENTS - The Contractor shall notify the Government representative immediately of damage to Government or private property and injury to any person resulting from their operations. In the event that an accident or injury should occur on Government lands, the Contractor shall first notify the appropriate local emergency service organization and then the COR. See Section 2 of EM 385-1-1.

6.3 PROTECTION FROM COMMUNICABLE DISEASES - The Contractor shall be responsible for any and all information and protective devices necessary for employees to work in and around jobs requiring cleaning and/or removal of human wastes or body fluids. Typical protection will be approved rubber gloves, disposable cover-alls, etc. It will be the Contractor's responsibility to assure that all employees follow proper hygienic, disposal and cleanliness practices.

7. CONTRACTOR'S OPERATIONS

7.1 DAMAGE TO GOVERNMENT AND PRIVATE PROPERTY - The Contractor shall notify the COR immediately of damage to Government and private property, and injury to any person resulting from their operations. The Contractor shall be held responsible for all damage to Government property including, but not limited to, turfed areas, irrigation systems, utilities, and structures. All damages which are determined to have been caused by negligence or incompetence on the part of the Contractor shall be corrected by expeditious and appropriate action by the Contractor at no cost to the Government. The Contracting Officer will determine an equitable amount of payment which shall be withheld pending correction of such action(s).

7.2 PERMITS AND RESPONSIBILITIES - The Contractor shall, without additional expense to the Government, be responsible for obtaining all necessary licenses and permits, and for complying with applicable Federal, state, county and municipal laws, codes, and regulations, in connection with the prosecution of the work.

7.3 CONTRACTOR PERSONNEL - The contractor shall perform all work under this contract with their own forces unless otherwise approved by the Government representative. Employees who perform this work shall be qualified persons on the Contractor's own payroll. Contractor shall provide information to the Government representative to include all employees full name. Any changes in the contract employee's staff

will be provided to the Government representative within three (3) working days. All work under this contract shall be performed in a skillful and workmanlike manner. Contractor personnel shall at all times promote a favorable image of the Corps of Engineers through their personal appearance. All contractor personnel shall be subject to all current regulations and policies governing the public use of the lands and waters of the project except those that are specially waived under this contract. The Contracting Officer (KO) or their Contracting Officer's Representative (COR) may require that the Contractor remove from the work area any employee the KO or their representative deems incompetent, careless, or otherwise irresponsible

The Contractor is responsible for compliance with these security requirements. Questions regarding security matters shall be addressed to the designated Government representative (e.g., Contracting Officer Representative (COR), Requiring Activity (RA) representative, or Contracting Officer (if a COR or other RA representative is not appointed)). Contract personnel are critical to the overall security and safety of US Army Corps of Engineers (USACE) installations, facilities and activities, and security awareness training contributes to those efforts. The Department of Defense (DoD) and Army security training requirements specified below, if applicable, are performance requirements; all applicable contract personnel shall complete initial training within 30 days of contract award or the date new contract personnel begin performance on the contract. Within five business days from the completion of training, the Contractor shall provide written documentation (e.g., email or memorandum) to the Government representative. The documentation shall include the names of contract personnel trained and which training they completed; the Contractor shall maintain training records as part of their contract files and be prepared to provide copies of training certificates to the Government representative. Contractor personnel and vehicles are subject to search when entering federal installations. Additionally, all contract personnel shall comply with Force Protection Condition (FPCON) measures, Random Antiterrorism Measures (commonly referred to as "RAMs"), and Health Protection Condition (HPCON) measures. The Contractor is responsible for meeting performance requirements during elevated FPCON and/or HPCON levels in accordance with applicable RA plans and procedures --this includes identifying mission essential and non-mission essential personnel. In addition to the changes otherwise authorized by the changes clause of this contract, should the FPCON or HPCON levels at any individual facility or installation change, the Government may implement security changes that affect contract personnel. The Contractor shall ensure all contract personnel are aware of their security responsibilities, including any site-specific requirements identified in local policies or procedures.

15.2 Pre-screen candidates using E-Verify Program: Contractors shall comply with the requirements set forth in FAR clause 52.222-54 Employment Eligibility Verification and FAR Subpart 22.18 in using the E-Verify Program at (https://www.e-verify.gov/) (website subject to change) to meet the contract employment eligibility

requirements. Contractors are encouraged to cooperate with Federal and State agencies responsible for enforcing labor requirements to include eligibility for employment under United States immigration laws in accordance with FAR 22.102-1(i). An initial list of verified/ eligible candidates shall be provided to the COR no later than three business days after the initial contract award. When contracts are with individuals, the individuals will be required to complete a Form I-9, Employment Eligibility Verification, and submit it to the Contracting Officer to become part of the official contract file.

(d) Inspection/Acceptance. The Contractor shall tender for acceptance only those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its postacceptance rights-

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(e) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes,

unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(f) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the Government, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(h) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(End of clause)

52.217-8 Option to Extend Services. 1999-11

Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 1 day.

(End of clause)

52.217-9	Option to Extend the Term of the Contract.	2000-03

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 1 day; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at https://www.sam.gov for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [ ] will [ ] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).
