**This is a combined synopsis/solicitation for commercial items prepared in accordance with Revolutionary FAR Overhaul (RFO) Part 12, as supplemented with additional information included in this solicitation. This announcement constitutes the only solicitation; quotes are being requested and a separate written solicitation will not be issued. The following are the Terms and Conditions for Request for Quotation (RFQ) 36C10B26Q0557. Any resultant award will be issued on a Standard Form (SF) 1449 and will include Sections B, C, and D. Section E will be removed at time of award.**

1. The solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular 2026-01.

2. The solicitation is under North American Industry Classification System Code 541519, Other Computer Related Services, and the associated size standard is $34M.

3. DESCRIPTION: The Government contemplates the award of a firm-fixed price purchase order in accordance with RFO 12.201-1(a) for brand name or equal Hill-Rom Voalte nurse call system with code blue communication system, including equipment, staging services, cable installation services, termination/testing/labeling of cables, device installation, and warranty. The brand name or equal Hill-Rom Voalte nurse call system will replace the existing Ascom Telligence nurse call system, which is at end of life. The nurse call system with code blue communication system shall provide an interface between the nurse call system and the 107 Hill-Rom beds currently in use at the BVAMC without the use of middleware to collect the bed data and relay it to the nurse stations.

4. This is being solicited as a total Service-Disabled Veteran-Owned Small Business set-aside.

5. Quotation Submission: The Offeror's quote shall be submitted electronically by the date and time indicated in the solicitation via electronic mail to Richard.Melton2@va.gov and Diana.Armesto@va.gov. The Offeror's quote shall consist of completed Representations and Certifications listed in Section E and the completed Price Schedule. The use of hyperlinks or embedded attachments is prohibited. Late submissions may not be accepted for evaluation. To avoid submission of a late quote, the Government recommends the Offeror transmit quotation files at least 24 hours prior to the required submission due date and time. Please be advised that timeliness is determined by the date and time an Offeror's quote is received by the Government and not when an Offeror attempted transmission.

6. Offeror's submission(s) shall be submitted in accordance with the following instructions:

    a. Format. The submission shall be clearly indexed and logically assembled. Each submission shall be clearly identified and shall begin at the top of a page. All pages of each volume shall be appropriately numbered and identified by the

complete company name, date and solicitation number in the header and/or footer.

b. All files shall be submitted as either a Microsoft Excel (.XLS) file or an Acrobat (PDF) file. Page size shall be no greater than 8 1/2" x 11" with printing on one side, only. The top, bottom, left and right margins shall be a minimum of one inch (1”) each. Font size shall be no smaller than 12-point. Arial or Times New Roman fonts are required. Characters shall be set at no less than normal spacing and 100% scale. Tables and illustrations may use a reduced font size not less than 8-point and may be landscape. Line spacing shall be set at no less than single space. Each paragraph shall be separated by at least one blank line. Page numbers, company logos, headers and footers may be within the page margins ONLY, and are not bound by the 12-point font requirement. Footnotes to text shall not be used. All proprietary information shall be clearly and properly marked. If the Offeror submits annexes, documentation, attachments or the like, not specifically required by this solicitation, such will count against the Offeror’s page limitations unless otherwise indicated in the specific volume instructions below. Pages in violation of these instructions, either by exceeding the margin, font or spacing restrictions or by exceeding the total page limit for a particular volume, will not be evaluated. Pages not evaluated due to violation of the margin, font or spacing restrictions will not count against the page limitations. The page count will be determined by counting the pages in the order they come up in the print layout view.

c. File Packaging. All of the quotation files may be compressed (zipped) into one file entitled “quotation.zip” using WinZip version 6.2 or later version or the quotation files may be submitted as individual attachments.

d. Content Requirements. Offerors are responsible for including sufficient details, in a concise manner, to permit a complete and accurate evaluation of each quotation.

7. See the solicitation for the following information:

- List of contract line items.
- Product Description.
- Performance dates.
- RFO 52.212-4, Contract Terms and Conditions -- Commercial Items, and addenda.
- RFO 52.212-1, Instructions to Offerors -- Commercial, and addenda.
- Other terms and conditions.

## SECTION B - SUPPLIES OR SERVICES AND PRICE/COSTS

### B.1 SCHEDULE OF SUPPLIES/SERVICES

All products and services shall be in accordance with the Product Description (PD), titled “Brand Name or Equal Hill-Rom Voalte Nurse Call System, and Allocation Services,” dated June 15, 2026, as set forth in Section B herein.

| CONTRACT LINE-ITEM NUMBER | DESCRIPTION OF SUPPLIES/SERVICES | QTY | UNIT | UNIT PRICE | AMOUNT |
|---|---|---|---|---|---|
| **Brand Name or Equal Hill-Rom Voalte Nurse Call System with Code Blue Communication System for the Department of Veterans Affairs (VA) Birmingham VA Health Care System (BVHCS), including equipment, staging services, cable installation services, termination/testing/labeling of cables, device installation, and warranty.**<br><br>Period of Performance (PoP), to include delivery, installation, configuration, and Training: 150 days from the date of Purchase Order (PO) award.<br><br>Inspection: Destination<br>Acceptance/Freight On Board: Destination<br>Contract Type: Firm-fixed-price.<br>Product Service Code: 7G21<br><br>IFCAP Order Number: To Be Provided (TBP) at award.<br><br>ARM No.: 199981<br><br>Descriptive Data: This is a five-month effort for a brand name or equal Hill-Rom Voalte nurse call system with code blue communication system for the BVHCS in accordance with (IAW) the PD as set forth in Section B of this purchase order. The Government notes that the following part list includes the products required for each room to function as intended. If the Contractor offers an ‘or equal’ solution, it is the Contractor’s responsibility to ensure the solution functions as intended. | | | | | |

**GOVERNING LAW CLAUSE**

Federal law and regulations, including the Federal Acquisition Regulations (FAR), shall govern this Contract/Order. Commercial license agreements may be made a part of this Contract/Order but only if both parties expressly make them an addendum hereto. If the commercial license agreement is not made an addendum, it shall not apply, govern, be a part of or have any effect whatsoever on the Contract/Order; this includes, but is not limited to, any agreement embedded in the computer software (clickwrap), any agreement that is otherwise delivered with or provided to the Government with the commercial computer software or documentation (shrinkwrap), or any other license agreement otherwise referred to in any document. If a commercial license agreement is made an addendum, only those provisions addressing data rights regarding the Government's use, duplication and disclosure of data (e.g., restricted computer software) are included and made a part of this Contract/Order, and only to the extent that those provisions are not duplicative or inconsistent with Federal law, Federal regulation, the incorporated FAR clauses and the provisions of this Contract/Order; those provisions in the commercial license agreement that do not address data rights regarding the Government's use, duplication and disclosure of data shall not be

included or made a part of the Contract/Order. Federal law and regulation including, without limitation, the Contract Disputes Act (41 U.S.C. § 7101 et seq.), the Anti-Deficiency Act (31 U.S.C. § 1341 et seq.), the Competition in Contracting Act (41 U.S.C. § 3301 et seq.), the Prompt Payment Act (31 U.S.C. § 3901 et seq.), Contracts for Data Processing or Maintenance (38 USC § 5725), Source Code Harmonization and Reuse in Information Technology Act "SHARE IT Act" (P.L. 118-187), and FAR clauses 52.212-4, 52.227-14 shall supersede, control, and render ineffective any inconsistent, conflicting, or duplicative provision in any commercial license agreement. In the event of conflict between this clause and any provision in the Contract/Order or the commercial license agreement or elsewhere, the terms of this clause shall prevail. The Contractor shall deliver to the Government all data first produced under this Contract/Order with unlimited rights as defined by FAR 52.227-14, this includes any custom code developed for the purpose of performing under this contract. Claims of patent or copyright infringement brought against the Government as a party shall be defended by the U.S. Department of Justice (DOJ) in accordance with 28 U.S.C. § 516; at the discretion of DOJ, the Contractor may be allowed reasonable participation in the defense of the litigation. Any additional changes to the Contract/Order must be made by modification (Standard Form 30) and shall only be made by a warranted Contracting Officer. Nothing in this Contract/Order or any commercial license agreement shall be construed as a waiver of sovereign immunity.

**SOFTWARE LICENSE, MAINTENANCE AND TECHNICAL SUPPORT:**

(1) Definitions.

a) Licensee. The term "licensee" shall mean the U.S. Department of Veterans Affairs ("VA") and is synonymous with "Government."
b) Licensor. The term "licensor" shall mean the Contractor having the necessary license or ownership rights to deliver license, software maintenance and support of the computer software being acquired. The term "Contractor" is the party identified in Block 17a on the SF1449. If the Contractor is a reseller and not the Licensor, the Contractor remains responsible for performance under this Contract/Order.
c) Software. The term "software" shall mean the licensed computer software product(s) cited in the Schedule of Supplies/Services.
d) Maintenance. The term "maintenance" is the process of enhancing and optimizing software, as well as remedying defects. It shall include all new fixes, patches, releases, updates, versions and upgrades, as further defined below.
e) Technical Support. The term "technical support" refers to the range of services providing assistance for the software via the telephone, email, a website or otherwise.
f) Release or Update. The term "release" or "update" are terms that refer to a revision of software that contains defect corrections, minor enhancements or improvements of the software's functionality. This is usually designated by a change in the number

to the right of the decimal point (e.g., from Version 5.3 to 5.4). An example of an update is the addition of new hardware.

g) Version or Upgrade. The term “version” or “upgrade” are terms that refer to a revision of software that contains new or improved functionality. This is usually designated by a change in the number to the left of the decimal point (e.g., from Version 5.4 to 6).

(2) Software License.

a) Unless otherwise stated in the Schedule of Supplies/Services, the Performance Work Statement or Product Description, the software license provided to the Government is a perpetual, nonexclusive license to use the software.
b) The Government may use the software in a networked environment.
c) All limitations of software usage are expressly stated in the Schedule of Supplies/Services and the Performance Work Statement or Product Description.
d) The commercial computer software delivered under this contract may not be used, reproduced, or disclosed by the Government except as provided below or as expressly stated otherwise in this contract. The commercial computer software may be-
   i. Used or copied for use with the computer(s) for which it was acquired, including use at any Government installation or agency to which the computer(s) may be transferred;
   ii. Used or copied for use with a backup computer if any computer for which it was acquired is inoperative;
   iii. Reproduced for safekeeping (archives) or backup purposes;
   iv. Modified, adapted, or combined with other computer software;
   v. Disclosed to and reproduced for use by support service Contractors or their subcontractors, subject to the same restrictions set forth in this contract; and
   vi. Used or copied for use with a replacement computer.
e) Unauthorized Obligations.
   i. Except as stated in paragraph (ii), when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in 502.101) that includes any language, provision, or clause requiring the Government to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation ( 31 U.S.C. 1341), the following shall govern:
      1. Any such language, provision, or clause is unenforceable against the Government.
      2. Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an

"I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

3. Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

ii. Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

f) Commercial supplier agreements unenforceable clauses.

i. This agreement is a part of a contract between the commercial supplier and the U.S. Government for the acquisition of the supply or service that necessitates a license or other similar legal instrument (including all contracts, task orders, and delivery orders under FAR 12).

ii. *End user.* This agreement shall bind the ordering activity as end user but shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

iii. *Law and disputes*. This agreement is governed by Federal law. Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

1. Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted. Any dispute regarding the license grant or usage limitations shall be resolved in accordance with the Disputes Clause incorporated in FAR 52.212-4(d).
2. Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.
3. *Continued performance*. The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the ordering activity to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing.
4. *Arbitration; equitable or injunctive relief*. In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the U.S. Government only when explicitly provided by statute (e.g., Prompt Payment Act or

Equal Access to Justice Act).

iv. *Updating terms.* After award, the contractor may unilaterally revise commercial supplier agreement terms if they are not material. A material change is defined as:
   1. Terms that change Government rights or obligations;
   2. Terms that increase Government prices;
   3. Terms that decrease overall level of service; or
   4. Terms that limit any other Government right addressed elsewhere in this contract.
   5. For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.
   6. Any agreement license terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

v. *No automatic renewals.* If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized Government representative.

vi. *Indemnification.* Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

vii. *Audits.* Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:
   1. Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the ordering activity. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order.
   2. This charge, if disputed by the ordering activity, will be resolved in accordance with FAR 52.212-4(e); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process.
   3. Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the Government.

(3) Software Maintenance and Technical Support.

a) If the Government desires to continue software maintenance and support beyond the period of performance identified in this Contract/Order, the Government will issue a separate contract or order for maintenance and support. Conversely, if a contract or order for continuing software maintenance and technical support is not received, the Contractor is neither authorized nor permitted to renew any of the previously furnished services.
b) The Contractor shall provide software support services, which includes periodic updates, enhancements and corrections to the software, and reasonable technical support, all of which are customarily provided by the Contractor to its commercial customers so as to cause the software to perform according to its specifications, documentation or demonstrated claims.
c) Any telephone support provided by Contractor shall be at no additional cost.
d) The Contractor shall provide all maintenance services in a timely manner in accordance with the Contractor's customary practice or as defined in the Performance Work Statement or Product Description. However, prolonged delay (exceeding two (2) business days) in resolving software problems will be noted in the Government's various past performance records on the Contractor (e.g., www.cpars.gov).
e) If the Government allows the maintenance and support to lapse and subsequently wishes to reinstate it, any reinstatement fee charged shall not exceed the amounts that would have been charged if the Government had not allowed the subscription to lapse.

(4) Disabling Software Code.

The Government requires delivery of computer software that does not contain any code that will, upon the occurrence or the nonoccurrence of any event, disable the software. Such code includes but is not limited to a computer virus, restrictive key, node lock, time-out, or other function, whether implemented by electronic, mechanical, or other means, which limits or hinders the use or access to any computer software based on residency on a specific hardware configuration, frequency of duration of use, or other limiting criteria. If any such disabling code is present, the Contractor agrees to indemnify the Government for all damages suffered as a result of a disabling caused by such code, and the contractor agrees to remove such code upon the Government's request at no extra cost to the Government. Inability of the Contractor to remove the disabling software code will be considered an inexcusable delay and a material breach of contract, and the Government may exercise its right to terminate for cause. In addition, the Government is permitted to remove the code as it deems appropriate and charge the Contractor for consideration for the time and effort expended in removing the code.

(5) Manuals and Publications.

Upon Government request, the Contractor shall furnish the most current version of the user manual and publications for all products/services provided under this Contract/Order at no cost.

**SHARE IT ACT:**

The Contractor shall comply with the Source Code Harmonization and Reuse in Information Technology (SHARE IT) Act, P.L. 118-187, when developing and delivering custom code first produced for the VA in the performance of this Contract/Order. The Contractor shall deliver to the Government all data first produced under this Contract/Order with unlimited rights as defined by FAR 52.227-14, to include without limitation, all custom-developed code and other key technical components of the code (including documentation, data models, schemas, metadata, architecture designs, configuration scripts, and artifacts required to develop, build, test, and deploy the code). Custom-developed code includes source code, or segregable portions of source code and all documentation created in support thereof to include source code written for a software project, product, module, plugin, script, middleware, or application programming interface.

## B.2 PERFORMANCE WORK STATEMENT

# PRODUCT DESCRIPTION
# DEPARTMENT OF VETERANS AFFAIRS

### VETERANS HEALTH ADMINISTRATION
### BIRMINGHAM MEDICAL CENTER

**Brand Name or Equal Hill-Rom Voalte Nurse Call System**

**Date: June 15, 2026**
**PD Version Number: 1.0**

## 1.0 PRODUCT REQUIREMENTS

The Contractor shall provide the Department of Veterans Affairs (VA) Veterans Health Administration (VHA) Birmingham VA Health Care System (BVHCS) with a brand name or equal Hill-Rom Voalte nurse call system with code blue communication system, staging services, installation services, termination/testing/labeling of cables, warranty, and installation. The Contractor shall also provide server/switch implementation in the BVHCS main server room. The system shall integrate with the 107 Hill-Rom beds that are in use at the BVHCS. The Contractor shall provide an installation plan for implementation of the new system and removal of the existing system.

Upon completion of installation, the Contractor shall provide an inventory of what was installed to include equipment type, location, manufacturer, model, and serial number.

Delivery of hardware and software shall be within 30 days of award or coordinated in such a manner as to support timely completion of required installation and configuration performance. Installation and configuration performance shall be within 150 days of award. Warranty period shall be 12 months from the date of final Government acceptance. The performance period for training is seven days from completion of installation and configuration.

The Government notes that the following part list includes the products required for each room to function as intended. If the Contractor offers an ‘or equal’ solution, it is the Contractor’s responsibility to ensure the solution functions as intended. The Contractor shall provide the following brand name or equal Hill-Rom Voalte products/services for each of the BVHCS locations:

## 1.1 SALIENT CHARACTERISTICS

The following are salient characteristics for brand name or equal Hill-Rom Voalte nurse call system:

The brand name or equal Hill-Rom Voalte nurse call system shall not use middleware to interface bed data. A brand name or equal Hill-Rom Voalte nurse call system shall be approved on the Medical Device and Equipment Risk Assessment (MDERA).

A brand name or equal Hill-Rom Voalte nurse call systems with code blue communication system shall provide all information required below in a visual dashboard accessible via the workstations located at the nurse stations. The dashboard shall list the following required information:

- Patient room number
- Patient name or corresponding Health Insurance Portability and Accountability Act (HIPPA) compliant naming convention.

- Patient notes (ex. Hard of hearing, NPO (nothing by mouth), etc.)
- Risk Status: based on electronic medical records assessment (Fall Risk, Skin, Pulmonary) or manual entry
- Assigned staff
- Active calls
- Call wait times
- Rounding reminders that automatically reset based on caregiver presence
- Caregiver presence displays on Status Board, Dome Light illumination to signal staff for patient assistance according to the hospital's pre-determined code comprised of lights and sounds, graphical stations
- Patient presence in bed
- Bed exit armed
- Brakes set
- Bed in low position
- Individual Side rails status, i.e., up/down
- Head of bed angle
- Patient weight

The brand name or equal Hill-Rom Voalte Nurse Call system shall include Room Control Boards (RCB) that can function in a standalone mode while experiencing loss-of-system communication and homerun or equivalent wiring topology.

The brand name or equal Hill-Rom Voalte Nurse Call system shall include the following calling points:

- 220 bed calling points
- 105 Shower calling points
- 130 Toilet calling points
- 20 Stand Alone Code Blue calling points

## 1.2 PROJECT COORDINATION

The Contractor shall provide a Contractor Project Manager (CPM) who shall act as a liaison between the Contractor and the Government. The CPM shall be authorized by the Contractor to represent the Contractor in all activities necessary for the Contractor to fulfill the requirements contained in this PD.

The CPM shall ensure that the Contractor deliverables as set forth in this document and the Purchase Order meet the requirements of the PD, are delivered, and are installed. The CPM shall schedule ongoing meetings with the Contracting Officer's Representative (COR) and Government POCs as listed in Section 3 of this PD as needed throughout this effort. The CPM shall coordinate and hold a kick-off meeting for the effort no later than 30 calendar days after award. The Contractor shall work with the COR listed in Section 4 of this PD to ensure that the following are invited to the kickoff meeting: Delivery Date Coordinator, Implementation Manager, and Facility CIOs (or designee) to discuss delivery schedule requirements and facilitate delivery of equipment.

At the kick-off meeting, the Contractor shall provide a draft implementation project plan to the COR as listed in Section 3 of this PD no later than 25 calendar days after award. The document will be used at the kick-off meeting as a basis for discussion. The CPM shall work with the Government to assure a common understanding of work to be performed and responsibilities. The Contractor shall maintain the implementation plan and update it based on environmental changes. The Contractor shall obtain Government approval in writing (email is acceptable) of the initial implementation plan and any updated implementation plans. At the kick-off meeting the Government Delivery Date Coordinator, Implementation Manager, and Facility CIOs (or designee) will discuss delivery schedule requirements and facilitate delivery of equipment.

At a minimum, the implementation plan shall include:

- A list of Government and Contractor POCs including name, phone number, and email address, and roles.
- System Documentation, low-level system design documentation, and high-level system design documentation.
- Project Management Schedule. The Implementation plan shall identify specific deployment tasks, milestones, and timelines.
    - The project management schedule shall identify significant milestones to accomplish the requirements of this PWS. The requirements, including delivery schedule, shall be listed by conference room.
- Master Delivery Schedule. The Master Delivery Schedule shall identify all products/items to be delivered and the status. All products/items shipped shall include the date shipped and the serial number associated with each product/item, and the anticipated date for the Government to receive the product/item. The Master Delivery Schedule shall reference Shipment Reports. Shipment reports shall be submitted to the COR listed in Section 4 of this PD. Shipment Reports shall be in an electronic format and shall clearly identify each serial number of the equipment being delivered, i.e., only one serial number per cell.
- Risks or Issues: The implementation plan shall identify and document all risks or issues that are anticipated or arise during performance and recommend strategies to mitigate the identified risks.
- The contractor shall provide Electronic PDF copy of “As built” drawings, to include an accurate detailed Inventory List of the Contractor installed equipment and firmware including serial numbers, version release, and licenses.
- The contractor shall provide a copy of final uncompiled Crestron Code and audio processor file.

The CPM shall work with the COR and Government POCs identified in Section 3 of this PD to ensure that all installations are scheduled and performed with minimal interruption to patient care. The VA will make every effort to schedule installation during normal business hours, however there may be instances where night and weekend hours may be necessary to complete the installation to ensure that patient care is minimally impacted.

Deliverables:

A. Implementation Project Plan.
B. “As built” Drawings.

## 1.3 INSTALLATION AND CONFIGURATION

The Contractor shall be certified by the OEM to perform all installation and configuration services.

The Contractor shall ensure all installation and services provided comply with the OEM’s warranty requirements. All equipment shall be installed and connected in strict accordance with the OEM recommended instructions. The Contractor shall remove and replace all components of the nurse call System including but not limited to the headend amplifier system, speakers, components, conductors, conduit, etc. located throughout the facilities. The Contractor shall blank plate any abandoned device openings. The Contractor shall reuse conduit whenever possible.

The Contractor shall provide all labor, materials, equipment, etc. necessary to replace the Nurse Call with Code Blue System in accordance with the PD, the contract documents, National Fire Protection Agency (NFPA), local building codes, Underwriters Laboratories (UL) 1069 Standard for safety for hospital signaling and nurse call equipment, and VA and American Society of Healthcare Engineering (ASHE) facility standards.

Wiring infrastructure shall be installed by the Contractor in accordance with applicable codes and standards. The contractor shall then work with the Government to test system functionality prior to activating the rooms/areas. The Contractor shall obtain written notice from the Government’s COR to proceed with activation of the room(s)/areas. Activation of room(s)/areas should only impact operations with a partial-day outage. The Contractor shall obtain written acceptance from the COR for each area/ward after activation.

In accordance with VA Handbook 6513, the brand name or equal Hill-Rom Voalte Nurse Call system shall have a VA approved Memorandum of Understand/Interconnection Security Agreement (MOU/ISA) E-5326 in place with VA that allows remote access to the Virtual Servers planned to be installed. The Contractor shall provide the COR with a copy of the approved MOU/ISA.

The Contractor shall travel to the installation site, as listed in this Section, to complete the tasks in this PD. Any necessary travel shall be included in the installation price.

The Contractor shall connect the brand name or equal Nurse Call system to the VA network on Medical Device-Legacy Information Technology Environment (MD-LITE).

The Contractor shall deliver and install all components of the brand name or equal Nurse Call system and complete connections to the servers provided for this system. The Contractor shall configure all hardware and software, update any embedded firmware required for activation or network connection. The Contractor shall test/inspect the system after installation to ensure the brand name or equal Nurse Call system

functions as intended and ensure proper operation. The Contractor shall ensure the installation and configuration align with the Original Equipment Manufacturer specifications. The Contractor shall provide the manufacturer's standard warranty, as discussed in section 1.5 herein, for the system installed.

The Contractor shall provide installation of all products for the brand name or equal Hill-Rom Voalte Nurse Call system with code blue system to function as intended.

The Contractor shall adhere to standards of good cable management, including bundling and labeling all cables.

All materials and/or equipment necessary for complete and proper operation of the brand name or equal Hill-Rom Voalte Nurse Call system, even if not specifically mentioned in this document, shall be deemed part of the contract.

The Contractor shall be responsible for disposal of all packing materials and shall remove them from the facility. Dumpsters on campus may be used with prior approval to dispose of debris and packaging materials.

The Contractor shall ensure all hallways and walkways are clear of construction materials and debris at the end of each day.

No work at the Government site shall take place on Federal holidays, weekends, or outside of normal business hours unless directed by the Contracting Officer (CO). The Contractor shall work with the Government to ensure minimal disruption to the day-to-day operations of the BVHCS

Tasks under this PD shall be performed at the following VA facility:

Birmingham VA Healthcare System
Address: Birmingham VA Medical Center
700 19th Street South
Birmingham, AL 35233

## 1.4 TRAINING

The Contractor shall coordinate and provide training sessions to ensure VA staff have the product knowledge and skills necessary to both use and keep the brand name or equal Nurse Call system functioning as intended to ensure reliable communication and patient safety.

The Contractor shall provide on-site clinical training for end users and technical training for HTM/Biomed staff who are responsible for maintaining the system.

Clinical training shall use a "train the trainer" approach and include the following:

- Product overview
- Alarm prioritization
- Patient education

- Call types
- Integrated system functionality
- Workflow and protocols
- Reporting and data analytics
- How to operate the system.

Technical training shall include the following:

- Product overview
- Specific equipment installed
- General system operation
- How to troubleshoot common issues
- How to perform required maintenance

The Contractor shall provide quick reference sheets for the training sessions that the Government can use in the future to train new clinical staff.

## 1.5 WARRANTY, MAINTENANCE AND TECHNICAL SUPPORT

The Contractor shall provide the brand name or equal Hill-Rom Voalte OEM's warranty. The Contractor shall ensure all installation and services provided comply with the OEM's warranty requirements. The Contractor shall be certified by the OEM to perform all warranty, maintenance, and technical support services.

The warranty shall include maintenance and technical support for the brand name or equal Nurse Call system 24 hours a day x 7 days a week x 365 days a year, including:

- Unlimited phone support.
- On-site service if the contractor cannot resolve the issue during phone support.

The Contractor shall provide the COR with the phone number and email address that the Government shall use for warranty questions and for maintenance and support helpdesk (if different).

Maintenance and technical support shall include:

- All firmware major and minor releases, patches, bug fixes, to ensure the firmware, firmware (if included) and equipment function as intended.
- Rapid telephone support response time of no longer than two hours.
- On-site response time within 24 hours.
- Help Desk support.
- Expedited freight if replacement is required.
- All parts, equipment, labor, and travel required to ensure the brand name or equal Nurse Call system function as intended.

## 2.0 NOTICE OF THE FEDERAL ACCESSIBILITY LAW AFFECTING ALL INFORMATION AND COMMUNICATIONUNICATION TECHNOLOGY (ICT) PROCUREMENTS (SECTION 508)

On January 18, 2017, the Access Board issued a final rule that updated accessibility requirements covered by Section 508 and refreshed guidelines for telecommunications equipment subject to Section 255 of the Communications Act. The final rule went into effect on January 18, 2018. The revisions and updates to the Section 508-based standards and Section 255-based guidelines are intended to ensure that information and communication technology (ICT) covered by the respective statutes is accessible to and usable by individuals with disabilities.

## 2.1 SECTION 508 – INFORMATION AND COMMUNICATIONUNICATION TECHNOLOGY (ICT) STANDARDS

The Section 508 standards established by the Access Board are incorporated into, and made part of all VA orders, solicitations and purchase orders developed to procure ICT. These standards are found in their entirety at: Revised 508 Standards and 255 Guidelines (access-board.gov). A single PDF file version of the Revised Section 508 Standards and 255 Guidelines will be supplied upon request, or can be obtained from the Access Board website. Federal agencies must comply with the Rehabilitation Act of 1973, as amended.

The Contractor shall comply with “508 Chapter 2: Scoping Requirements” for all electronic ICT and content delivered under this contract. Specifically, as appropriate for the technology and its functionality, the Contractor shall comply with the technical standards marked here:

- ☒ E205 Electronic Content – (Accessibility Standard -WCAG 2.0 Level A and AA Guidelines)
- ☒ E204 Functional Performance Criteria
- ☒ E206 Hardware Requirements
- ☒ E207 SOFTWARE Requirements
- ☒ E208 Support Documentation and Services Requirements

## 2.2 COMPATABILITY WITH ASSISTIVE TECHNOLOGY

The standards do not require installation of specific accessibility-related SOFTWARE or attachment of an assistive technology device. Section 508 requires that ICT be compatible with such SOFTWARE and devices so that ICT can be accessible to and usable by individuals using assistive technology, including but not limited to screen readers, screen magnifiers, and speech recognition SOFTWARE.

## 2.3 ACCEPTANCE AND ACCEPTANCE TESTING

Deliverables resulting from this solicitation will be accepted based in part on satisfaction of the Section 508 Chapter 2: Scoping Requirements standards identified above. The Government reserves the right to test for Section 508 Compliance before delivery. The Contractor shall be able to demonstrate Section 508 Compliance upon delivery.

## 3.0 SHIPMENT OF HARDWARE OR EQUIPMENT

**Inspection:** Destination
**Acceptance:** Destination
**Free on Board (FOB):** Destination

**Ship To and Mark For:** The Government's Primary Point of Contact (POC) and Alternate POC To Be Provided (TBP) at award.

COR:
Name: TBP
Address: TBP
Telephone: TBP
Email: TBP

Government Alternate POC:
Name: TBP
Address: TBP
Telephone: TBP
Email: TBP

Government Primary POC:
Name: TBP
Address: TBP
Telephone: TBP
Email: TBP

Government Alternate POC:
Name: TBP
Address: TBP
Telephone: TBP
Email: TBP

## 3.1 SPECIAL SHIPPING INSTRUCTIONS

The Contractor shall coordinate all deliveries with the COR and Government POCs in section 3.0 of this PD **before sending any shipments** to ensure timely receipt and adequate storage space will be available.

Prior to shipping, Contractor shall notify the COR and POCs in section 3.0 by email, of all incoming deliveries.

All shipments, either single or multiple container deliveries, shall bear the VA IFCAP Purchase Order number on external shipping labels and associated manifests or packing lists. In the case of multiple container deliveries, a statement readable near the VA Integrated Funds Distribution, Control Point Activity, Accounting and Procurement (IFCAP) Purchase Order (PO) or Contract number shall indicate total number of

containers for the complete shipment (e.g. “Package 1 of 2”), clearly readable on manifests and external shipping labels.

**Packing Slips/Labels and Lists shall also include the following:**

IFCAP PO #: See block #20 of the Standard Form, SF 1449

Project Description: Brand Name or Equal Hill-Rom Voalte Nurse Call System

Total number of Containers: Package ___ of ___. (e.g., Package 1 of 3)

## 4.0 GENERAL REQUIREMENTS

### 4.1 VA TECHNICAL REFERENCE MODEL

The Contractor shall comply with the VA OIT Technical Reference Model (VA TRM). Compliance with the VA TRM is achieved by using only technologies and standards that are listed as approved for use in the VA TRM. The Contractor shall provide all necessary information requested by VA to ensure TRM approval is obtained prior to use on VA’s network.

### 4.2 ZERO TRUST – VA CRITICAL SECURITY CONTROLS

VA has established minimum mandatory security requirements and requires that any network connected SOFTWARE system or service must meet the VA Critical Security Controls as outlined in the VA Memorandum, “VA Security Controls”, https://www.voa.va.gov/DocumentView.aspx?DocumentID=5010. VA Critical Security Controls identify the minimum mandatory requirements that must be implemented across all VA enterprise infrastructure, cloud computing environments, information systems, networks, and specialized devices (medical devices/systems, special-purpose systems, and research scientific computing devices) that process, store, and/or transmit VA data. Effective July 1, 2025, the Contractor shall implement these VA Critical Security Controls, within any network connected SOFTWARE system or service prior to being authorized for use in the VA. This functional requirement is not negotiable, and Plan of Action & Milestones (POAM) will not be accepted in the event these controls cannot be implemented for new systems. Critical Security Controls are intended to increase VA’s security posture and provide security and privacy risk visibility into the VA network and is not a new requirement. The Contractor’s failure to maintain these VA Critical Controls after implementation will result in VA discontinuing the use of the system.

### 4.3 SOCIAL SECURITY NUMBER (SSN) REDUCTION

The Contractor solution shall support the Social Security Number (SSN) Fraud Prevention Act (FPA) of 2017 which prohibits the inclusion of SSNs on any document sent by mail. The Contractor support shall also be performed in accordance with Section 240 of the Consolidated Appropriations Act (CAA) 2018, enacted March 23, 2018, which mandates VA to discontinue using SSNs to identify individuals in all VA

information systems as the Primary Identifier. The Contractor shall ensure that any new IT solution discontinues the use of SSN as the Primary Identifier to replace the SSN with the Integrated Control Number (ICN) in all VA information systems for all individuals. The Contractor shall ensure that all Contractor delivered applications and systems integrate with the VA Master Person Index (MPI) for identity traits to include the use of the ICN as the Primary Identifier. The Contractor solution may only use a Social Security Number to identify an individual in an information system if and only if the use of such number is required to obtain information VA requires from an information system that is not under the jurisdiction of VA.

## 4.4 INTERNET PROTOCOL VERSION 6 (IPV6)

The Contractor solution shall support IPv6-Only based upon the memo issued by the Office of Management and Budget (OMB) on November 19, 2020 (https://www.whitehouse.gov/wp-content/uploads/2020/11/M-21-07.pdf). Which defines IPv6-only as the state of an operational system or service when IPv4 protocol functions (addressing, packet forwarding) are not in use. The NIST USGv6 profile defines technical requirements for a product to be capable of operating in IPv6-Only environments. IPv6-Only technology, in accordance with the USGv6 Program (https://www.nist.gov/programs-projects/usgv6-program/usgv6-revision-1), NIST Special Publication (SP) 500-267B Revision 1 “USGv6 Profile” (https://doi.org/10.6028/NIST.SP.500-267Br1), and NIST SP 800-119 “Guidelines for the Secure Deployment of IPv6” (https://doi.org/10.6028/NIST.SP.800-119), compliance shall be included in all IT infrastructures, application designs, application development, operational systems and sub-systems, and their integration. In addition to the above requirements, all devices, applications, and systems shall support all applicable functionality on native IPv6-Only as well as dual stack (IPv6 / IPv4) connectivity without additional memory or other resources being provided by the Government, so that they can function in a mixed environment. All public/external facing servers and services (e.g., web, email, DNS, ISP services, etc.) shall support native IPv6-Only and dual stack (IPv6 / IPv4) users and all internal infrastructure and applications shall support using native IPv6-Only and dual stack (IPv6 / IPv4) for all functionality and operations.

## 4.5 SOFTWARE AND LICENSING REQUIREMENTS

The Contractor shall be responsible for the provision of all SOFTWARE licenses and any associated licensing maintenance required for any development, delivery, integration, operation, and/or maintenance associated with its proposed application(s), SOFTWARE products, SOFTWARE solution, and/or system including, but not limited to, any and all application(s), SOFTWARE and/or SOFTWARE products that comprise, are a part of, or integrate with the Contractor’s proposed application(s), SOFTWARE products, SOFTWARE solution, and/or system for the life of any resulting contract.

## 4.6 TRUSTED INTERNET CONNECTION (TIC)

The Contractor solution shall meet the requirements outlined in Office of Management and Budget Memorandum M-19-26, “Update to the Trusted Internet Connections (TIC) Initiative“ (https://www.whitehouse.gov/wp-content/uploads/2019/09/M-19-26.pdf), VA

Directive 6513 “Secure External Connections”, and shall comply with the TIC 3.0 Core Guidance Documents, including all Volumes and TIC Use Cases, found at the Cybersecurity & Infrastructure Security Agency (CISA) (https://www.cisa.gov/publication/tic-30-core-guidance-documents.)

## 4.7 GENERATIVE ARTIFICIAL INTELLIGENCE REQUIREMENTS

If Artificial Intelligence (AI) is part of the Contractor system/solution, the Contractor shall be in compliance with E.O. 13960 and 14319, OMB Memorandums M-25-21, M-25-22, and M-26-04, and VA Directive and Handbook 6500 to support VA in trustworthy, secure, responsible, accountable, Truth Seeking, and Ideologically Neutral AI innovation.

No web-based, publicly available generative AI service has been approved for use with VA-sensitive data including, but not limited to OpenAI’s ChatGPT, Microsoft’s Copilot, Google’s Gemini, and Anthropic’s Claude. No PII, protected health information (PHI), or VA-sensitive data should be entered into these unapproved services. The entire definition of VA Sensitive Data can be found at 38 U.S.C. § 5727 (23). The Contractor shall protect VA Sensitive data from unauthorized disclosure or use, and from being used to train or improve the functionality of the vendor's commercial offerings without express permission from VA.

The Contractor shall deliver the services, technical data, configurations, models, weights, documentation or other information, including source code, developed during contract performance. The Contractor, in collaboration with VA, must evaluate the output of any AI tool for accuracy prior to using the output in VA efforts. All data, including models, weights, algorithms, and outputs generated using either Government-furnished data or data first developed under this contract shall be the property of the Government with unlimited rights as defined by FAR 52.227-14. The Contractor shall also deliver any custom-developed code developed with AI methodologies in accordance with the SHARE IT Act, if applicable. VA shall also retain unlimited rights to any improvements to that data, including the continued design, development, testing, and operation of AI systems and/or systems utilizing AI.

The Contractor shall ensure that all AI Systems, including Large Language Models (LLM), whether standalone LLMs or integrated into broader SOFTWARE platforms, procured under this effort and/or used in performance of this contract complies with the Unbiased AI Principles as defined in Executive Order 14319 and OMB Memorandum M-26-04, e.g. Truth Seeking and Ideologically Neutral, as applicable to the intended use of the system.

The Contractor shall ensure that AI System/LLM generated outputs are truthful in responding to user prompts seeking factual information or analysis, prioritize historical accuracy, scientific inquiry, and objectivity, as well as acknowledge uncertainty where reliable information is incomplete or contradictory and do not fabricate, hallucinate, or present unverifiable information as fact.

The Contractor shall ensure that LLMs and AI outputs are neutral, nonpartisan tools that do not manipulate responses in favor of ideological dogmas such as Diversity, Equity, and Inclusion (DEI). The Contractor shall ensure that the LLMs, including the AI System, are not intentionally encoded with partisan or ideological judgments within an AI System's/LLM's outputs unless those judgments are prompted by or otherwise readily accessible to the end user.

Compliance with the AI requirements of this contract, including adherence to the Unbiased AI Principles, Truth-Seeking and Ideological Neutrality requirements, disclosure obligations, monitoring and reporting requirements, and corrective action responsibilities, is a material condition of eligibility for payment and continued performance. In accordance with OMB Memorandum M-26-04, failure to comply with these requirements, or refusal to take timely and appropriate corrective action to remedy identified noncompliance, may constitute a material breach of contract and may result in remedies consistent with the terms of the contract and applicable law including but not limited to withholding of payment, termination for cause/default, or other appropriate contractual remedies, as determined by the Contracting Officer.

All AI for delivery and/or use in performance of the contract shall adhere to the *VA Trustworthy AI Framework*, available at https://department.va.gov/ai/trustworthy/. Once the Contractor has obtained CO authorization to use specific AI in contract performance, the Contractor shall provide the COR a signed Statement of Attestation prior to AI implementation as identified in the Artificial Intelligence in VA Contracts clause, to include its associated list of AI being used in contract performance.

**Deliverable**:
Statement of Attestation.

## 5.0 SECURITY AND PRIVACY REQUIREMENTS

### 5.1 POSITION/TASK RISK DESIGNATION LEVEL(S)

In accordance with VA Handbook 0710, Personnel Vetting Program, the position sensitivity and the level of background investigation commensurate with the required level of access for the following tasks within the PD are:

**Position Sensitivity and Background Investigation Requirements by Service Task/Item Number**

| Service Task / Item Number | Tier1 / Low Risk | Tier 2 / Moderate Risk | Tier 4 / High Risk |
|---|---|---|---|
| 1.0 | ☒ | ☐ | ☐ |
| 1.1 | ☒ | ☐ | ☐ |
| 1.2 | ☒ | ☐ | ☐ |
| 1.3 | ☒ | ☐ | ☐ |
| 1.4 | ☒ | ☐ | ☐ |
| 1.5 | ☒ | ☐ | ☐ |

The Tasks identified above and the resulting Position Sensitivity and Background Investigation requirements identify, in effect, the Background Investigation requirements for Contractor individuals, based upon the tasks the particular Contractor individual will be working. The submitted Contractor Staff Roster (in PD section 5.2 herein) shall indicate the required Background Investigation Level for each Contractor individual based upon the tasks the Contractor individual will be working, in accordance with their submitted quotation.

## 5.2 CONTRACTOR PERSONNEL SECURITY REQUIREMENTS

**Contractor Responsibilities:**

a. The Contractor shall prescreen all personnel requiring access to the computer systems to ensure they maintain the appropriate Background Investigation, and are able to read, write, speak, and understand the English language.
b. Within 3 business days after award, the Contractor shall provide a roster of all Contractor and Subcontractor employees that will be working at the installation site to the COR to begin their background investigations in accordance with the PAL template artifact. The Contractor Staff Roster shall contain the Contractor's Full Name, Date of Birth, Place of Birth, individual background investigation level requirement (based upon Section 6.2.1 Tasks), etc. The Contractor shall submit full Social Security Numbers either within the Contractor Staff Roster or under separate cover to the COR. The Contractor Staff Roster shall be updated and provided to VA within 1 day of any changes in employee status, training certification completion status, Background Investigation level status, additions/removal of employees, etc. throughout the Period of Performance. The Contractor Staff Roster shall remain a historical document indicating all past information and the Contractor shall indicate in the comment field, employees no longer supporting this contract. The preferred method to send the Contractor Staff Roster or Social Security Number is by encrypted e-mail. If unable to send encrypted e-mail, other methods which comply with FIPS 140-2 (or its successor) are to encrypt the file, use a secure fax, or use a traceable mail service. (Note that by September 22, 2026, all FIPS 140-2 certificate validations will be placed on the Historical List. See FIPS Transition Effort Timeline for more details: https://csrc.nist.gov/projects/fips-140-3-transition-effort#schedule)
c. The Contractor should coordinate with the location of the nearest VA fingerprinting office through the COR. Only electronic fingerprints are authorized. The Contractor shall bring their completed Personnel Security Adjudication Center (PSAC) Fingerprint request form with them (see paragraph d.4. below) when getting fingerprints taken.
d. The Contractor shall ensure the following required forms are submitted to the COR within 5 days after contract award:
    1) Optional Form 306
    2) Self-Certification of Continuous Service
    3) VA Form 0710
    4) Completed PSAC Fingerprint Request Form
e. The Contractor personnel shall submit all required information related to their background investigations (completion of the investigation documents (SF85,

SF85P, or SF 86) utilizing the Defense Counterintelligence and Security Agency (DCSA) National Background Investigation Services (NBIS) Electronic Application (eAPP) (formerly e-QIP) after receiving an email notification from the PSAC.

f. The Contractor employee shall certify and release the eAPP document, print, and sign the signature pages, and send them encrypted to the COR for electronic submission to the PSAC. These documents shall be submitted to the COR within 3 business days of receipt of the eAPP) notification email. (Note: DCSA is moving towards a “click to sign” process. If click to sign is used, the Contractor employee should notify the COR within 3 business days that documents were signed via eAPP).
g. The Contractor shall be responsible for the actions of all personnel provided to work for VA under this contract. In the event that damages arise from work performed by Contractor provided personnel, under the auspices of this contract, the Contractor shall be responsible for all resources necessary to remedy the incident.
h. A Contractor may be granted unescorted access to VA facilities and/or access to VA Information Technology resources (network and/or protected data) with a favorably adjudicated Special Agreement Check (SAC), completed training delineated in VA Handbook 6500.6 (Appendix C, Section 4), signed “Contractor Rules of Behavior”, and with a valid, operational Personal Identity Verification (PIV) credential for PIV-only logical access to VA’s network. A PIV card credential can be issued once your SAC has been favorably adjudicated and your background investigation has been scheduled by DCSA. However, the Contractor will be responsible for the actions of the Contractor personnel they provide to perform work for VA. The investigative history for Contractor personnel working under this contract will be maintained in the database of DCSA.
i. The Contractor, when notified of an unfavorably adjudicated background investigation on a Contractor employee as determined by the Government, shall withdraw the employee from consideration in working under the contract.
j. Failure to comply with the Contractor personnel security investigative requirements may result in loss of physical and/or logical access to VA facilities and systems by Contractor and Subcontractor employees and/or termination of the contract for default.
k. PIV Credential Holders must follow all HSPD-12 policies and procedures as well as use and protect their assigned identity credentials in accordance with VA policies and procedures, displaying their badges at all times, and returning the identity credentials upon termination of their relationship with VA.

**Deliverable:**
Contractor Staff Roster.

## ADDENDUM B – VA INFORMATION AND INFORMATION SYSTEM SECURITY/ PRIVACY LANGUAGE

**NOTE: In the event of a conflict, VA Acquisition Regulation (VAAR) Security Clauses take precedence over the language in this Addendum B.**

### B1. GENERAL

This entire section applies to all acquisitions requiring any Information Security and Privacy language. Contractors, contractor personnel, Subcontractors and subcontractor personnel will be subject to the same federal laws, regulations, standards, VA directives and handbooks, as VA personnel regarding information and information system security and privacy.

### B2. VA INFORMATION CUSTODIAL LANGUAGE

a. The Government shall receive unlimited rights to data/intellectual property first produced and delivered in the performance of this contract or order (hereinafter "contract") unless expressly stated otherwise in this contract. This includes all rights to non-proprietary source code and all documentation created in support thereof. The primary clause used to define Government and Contractor data rights is FAR 52.227-14 Rights in Data – General.

b. Information made available to the Contractor by VA for the performance or administration of this contract will be used only for the purposes specified in the service agreement, SOW, PWS, PD, and/or contract. The Contractor shall not use VA information in any other manner without prior written approval from a VA Contracting Officer (CO). The primary clause used to define Government and Contractor data rights is FAR 52.227-14 Rights in Data – General.

c. VA information will not be co-mingled with any other data on the Contractor's information systems or media storage systems. The Contractor shall ensure compliance with Federal and VA requirements related to data protection, data encryption, physical data segregation, logical data segregation, classification requirements and media sanitization.

d. VA reserves the right to conduct scheduled or unscheduled audits, assessments, or investigations of Contractor Information Technology (IT) resources to ensure information security is compliant with Federal and VA requirements. The Contractor shall provide all necessary access to records (including electronic and documentary materials related to the contracts and subcontracts) and support (including access to Contractor and Subcontractor staff associated with the contract) to VA, VA's Office Inspector General (OIG), and/or Government Accountability Office (GAO) staff during periodic control assessments, audits, or investigations.

e. The Contractor may only use VA information within the terms of the contract and applicable Federal law, regulations, and VA policies. If new Federal information

security laws, regulations or VA policies become applicable after execution of the contract, the parties agree to negotiate contract modification and adjustment necessary to implement the new laws, regulations, and/or policies.

f. The Contractor shall not make copies of VA information except as specifically authorized and necessary to perform the terms of the contract. If copies are made for restoration purposes, after the restoration is complete, the copies shall be destroyed in accordance with VA Directive 6500, VA Cybersecurity Program and VA Information Security Knowledge Service.

g. If a Veterans Health Administration (VHA) contract is terminated for default or cause with a business associate, the related local Business Associate Agreement (BAA) shall also be terminated and actions taken in accordance with VHA Directive 1605.05, Business Associate Agreements. If there is an executed national BAA associated with the contract, VA will determine what actions are appropriate and notify the contractor.

h. The Contractor shall store and transmit VA sensitive information in an encrypted form, using VA-approved encryption tools which are, at a minimum, Federal Information Processing Standards (FIPS) 140-2, Security Requirements for Cryptographic Modules (or its successor) validated and in conformance with VA Information Security Knowledge Service requirements. The Contractor shall transmit VA sensitive information using VA approved Transport Layer Security (TLS) configured with FIPS based cipher suites in conformance with National Institute of Standards and Technology (NIST) 800-52, Guidelines for the Selection, Configuration and Use of Transport Layer Security (TLS) Implementations.

i. The Contractor’s firewall and web services security controls, as applicable, shall meet or exceed VA’s minimum requirements.

j. Except for uses and disclosures of VA information authorized by this contract for performance of the contract, the Contractor may use and disclose VA information only in two situations: (i) in response to a qualifying order of a court of competent jurisdiction after notification to VA CO (ii) with written approval from the VA CO. The Contractor shall refer all requests for, demands for production of or inquiries about, VA information and information systems to the VA CO for response.

k. Notwithstanding the provision above, the Contractor shall not release VA records protected by Title 38 U.S.C. § 5705, Confidentiality of medical quality-assurance records and/or Title 38 U.S.C. § 7332, Confidentiality of certain medical records pertaining to drug addiction, sickle cell anemia, alcoholism or alcohol abuse or infection with Human Immunodeficiency Virus (HIV). If the Contractor is in receipt of a court order or other requests for the above-mentioned information, the Contractor shall immediately refer such court order or other requests to the VA CO for response.

l. Information made available to the Contractor by VA for the performance or administration of this contract or information developed by the Contractor in performance or administration of the contract will be protected and secured in accordance with VA Directive 6500 and Identity and Access Management (IAM) Security processes specified in the VA Information Security Knowledge Service.

m. Any data destruction done on behalf of VA by a Contractor shall be done in accordance with National Archives and Records Administration (NARA) requirements as outlined in VA Directive 6300, Records and Information Management, VA Handbook 6300.1, Records Management Procedures, and applicable VA Records Control Schedules.

n. The Contractor shall provide its plan for destruction of all VA data in its possession according to VA Directive 6500 and NIST 800-88, Guidelines for Media Sanitization prior to termination or completion of this contract. If directed by the COR/CO, the Contractor shall return all Federal Records to VA for disposition.

o. Any media, such as paper, magnetic tape, magnetic disks, solid state devices or optical discs that is used to store, process, or access VA information that cannot be destroyed shall be returned to VA. The Contractor shall hold the appropriate material until otherwise directed by the Contracting Officer's Representative (COR) or CO. Items shall be returned securely via VA-approved methods. VA sensitive information must be transmitted utilizing VA-approved encryption tools which are validated under FIPS 140-2 (or its successor) and NIST 800-52. If mailed, the Contractor shall send via a trackable method (USPS, UNINTERRUPTIBLE POWER SUPPLY, FedEx, etc.) and immediately provide the COR/CO with the tracking information. Self-certification by the Contractor that the data destruction requirements above have been met shall be sent to the COR/CO within 30 business days of termination of the contract.

p. All electronic storage media (hard drives, optical disks, CDs, back-up tapes, etc.) used to store, process or access VA information will not be returned to the Contractor at the end of lease, loan, or trade-in. Exceptions to this paragraph will only be granted with the written approval of the VA CO.

## B3. ACCESS TO VA INFORMATION AND VA INFORMATION SYSTEMS

a. A Contractor/Subcontractor shall request logical (technical) or physical access to VA information and VA information systems for their employees and subcontractors only to the extent necessary to perform the services specified in the solicitation or contract. This includes indirect entities, both affiliate of Contractor/Subcontractor and agent of Contractor/Subcontractor.

b. Contractors and subcontractors shall sign the VA Information Security Rule of Behavior (ROB) before access is provided to VA information and information systems (see Section 4, Training, below). The ROB contains the minimum user compliance requirements and does not supersede any policies of VA facilities or

other agency components which provide higher levels of protection to VA's information or information systems. Users who require privileged access shall complete the VA elevated privilege access request processes before privileged access is granted.

c. All Contractors and Subcontractors working with VA information are subject to the same security investigative and clearance requirements as those of VA appointees or employees who have access to the same types of information. The level and process of background security investigations for contractors shall be in accordance with VA Directive and Handbook 0710, Personnel Vetting Program. The Office of Human Resources and Administration/Operations, Security and Preparedness (HRA/OSP) is responsible for these policies and procedures. Contract personnel who require access to classified information or information systems shall have an appropriate security clearance. Verification of a Security Clearance shall be processed through the Special Security Officer located in HRA/OSP. Contractors shall conform to all requirements stated in the National Industrial Security Program Operating Manual (NISPOM).

d. All Contractors and subcontractors shall comply with conditions specified in VAAR 852.204-71(d); Contractor operations required to be in United States. All Contractors and Subcontractors working with VA information must be permanently located within a jurisdiction subject to the law of the United States or its Territories to the maximum extent feasible. If services are proposed to be performed abroad the Contractor must state where all non-U.S. services are provided. The Contractor shall deliver to VA a detailed plan specifically addressing communications, personnel control, data protection and potential legal issues. The plan shall be approved by the COR/CO in writing prior to access being granted.

e. The Contractor shall notify the COR/CO in writing immediately (no later than 24 hours) after personnel separation or occurrence of other causes. Causes may include the following:

(1) Contractor/Subcontractor personnel no longer has a need for access to VA information or VA information systems.

(2) Contractor/Subcontractor personnel are terminated, suspended, or otherwise has their work on a VA project discontinued for any reason.

(3) Contractor believes their own personnel or Subcontractor personnel may pose a threat to their company's working environment or to any company-owned property. This includes Contractor-owned assets, buildings, confidential data, customers, employees, networks, systems, trade secrets and/or VA data.

(4) Any previously undisclosed changes to Contractor/Subcontractor background history are brought to light, including but not limited to changes to background investigation or employee record.

(5) Contractor/Subcontractor personnel have their authorization to work in the United States revoked.

(6) Agreement by which Contractor provides products and services to VA has either been fulfilled or terminated, such that VA can cut off electronic and/or physical access for Contractor personnel.

f. In such cases of contract fulfillment, termination, or other causes; the Contractor shall take the necessary measures to immediately revoke access to VA network, property, information, and information systems (logical and physical) by Contractor/Subcontractor personnel. These measures include (but are not limited to): removing and then securing Personal Identity Verification (PIV) badges and PIV – Interoperable (PIV-I) access badges, VA-issued photo badges, credentials for VA facilities and devices, VA-issued laptops, and authentication tokens. Contractors shall notify the appropriate VA COR/CO immediately to initiate access removal.

g. Contractors/Subcontractors who no longer require VA accesses will return VA-issued property to VA. This property includes (but is not limited to): documents, electronic equipment, keys, and parking passes. PIV and PIV-I access badges shall be returned to the nearest VA PIV Badge Issuance Office. Once they have had access to VA information, information systems, networks and VA property in their possessions removed, Contractors shall notify the appropriate VA COR/CO.

**B4. TRAINING**

a. All contractors and subcontractors requiring access to VA information and VA information systems shall successfully complete the following before being granted access to VA information and its systems:

(1) VA Privacy and Information Security Awareness and Rules of Behavior course (Talent Management System (TMS) #10176) initially and annually thereafter.

(2) Sign and acknowledge (electronically through TMS #10176) understanding of and responsibilities for compliance with the Organizational Rules of Behavior, relating to access to VA information and information systems initially and annually thereafter; and

(3) Successfully complete any additional cyber security or privacy training, as required for VA personnel with equivalent information system or information access [to be defined by the VA program official and provided to the VA CO for inclusion in the solicitation document – i.e., any role-based information security training].

b. The Contractor shall provide to the COR/CO a copy of the training certificates and certification of signing the Organizational Rules of Behavior for each

applicable employee within five days of the initiation of the contract and annually thereafter, as required.

c. Failure to complete the mandatory annual training is grounds for suspension or termination of all physical or electronic access privileges and removal from work on the contract until such time as the required training is complete.

## B5. SECURITY INCIDENT INVESTIGATION

a. The Contractor, Subcontractor, their employees, or business associates shall immediately (within one hour) report suspected security / privacy incidents to the VA OIT's Enterprise Service Desk (ESD) by calling (855) 673-4357 (TTY: 711). The ESD is OIT's 24/7/365 single point of contact for IT-related issues. After reporting to the ESD, the Contractor, Subcontractor, their employees, or business associates shall, within one hour, provide the COR/CO the incident number received from the ESD.

b. To the extent known by the Contractor/Subcontractor, the Contractor/Subcontractor's notice to VA shall identify the information involved and the circumstances surrounding the incident, including the following:

(1) The date and time (or approximation of) the Security Incident occurred.

(2) The names of individuals involved (when applicable).

(3) The physical and logical (if applicable) location of the incident.

(4) Why the Security Incident took place (i.e., catalyst for the failure).

(5) The amount of data belonging to VA believed to have been compromised.

(6) The remediation measures the Contractor is taking to ensure no future incidents of a similar nature.

c. After the Contractor has provided the initial detailed incident summary to VA, they will continue to provide written updates on any new and relevant circumstances or facts they discover. The Contractor, Subcontractor, and their employes shall fully cooperate with VA or third-party entity performing an independent risk analysis on behalf of VA. Failure to cooperate may be deemed a material breach and grounds for contract termination.

d. VA IT Contractors shall follow VA Handbook 6500, Risk Management Framework for VA Information Systems VA Information Security Program, and VA Information Security Knowledge Service guidance for implementing an Incident Response Plan or integrating with an existing VA implementation.

e. In instances of theft or break-in or other criminal activity, the Contractor/Subcontractor must concurrently report the incident to the appropriate

law enforcement entity (or entities) of jurisdiction, including the VA OIG, and the VA Office of Security and Law Enforcement. The Contractor, its employees, and its Subcontractors and their employees shall cooperate with VA and any law enforcement authority responsible for the investigation and prosecution of any possible criminal law violation(s) associated with any incident. The Contractor/Subcontractor shall cooperate with VA in any civil litigation to recover VA information, obtain monetary or other compensation from a third party for damages arising from any incident, or obtain injunctive relief against any third party arising from, or related to, the incident.

f. The Contractor shall comply with VA Handbook 6500.2, Management of Breaches Involving Sensitive Personal Information, which establishes the breach management policies and assigns responsibilities for the oversight, management and reporting procedures associated with managing of breaches.

g. With respect to unsecured Protected Health Information (PHI), the Contractor is deemed to have discovered a data breach when the Contractor knew or should have known of breach of such information. When a business associate is part of VHA contract, notification to the covered entity (VHA) shall be made in accordance with the executed BAA.

h. If the Contractor or any of its agents fails to protect VA sensitive personal information or otherwise engages in conduct which results in a data breach involving any VA sensitive personal information the Contractor/Subcontractor processes or maintains under the contract; the Contractor shall pay liquidated damages to the VA as set forth in clause 852.211-76, Liquidated Damages—Reimbursement for Data Breach Costs.

**B6. SPECIALIZED DEVICES/SYSTEMS (MEDICAL DEVICES, SPECIAL PURPOSE SYSTEMS, RESEARCH SCIENTIFIC COMPUTING)**

a. Contractor supplies/delivered Medical Devices, Special Purpose Systems-Operational Technology (SPS-OT) and Research Scientific Computing Devices shall comply with all applicable Federal law, regulations, and VA policies. New developments require creation, testing, evaluation, and authorization in compliance with processes specified on the Specialized Device Cybersecurity Department Enterprise Risk Management (SDCD-ERM) Portal, VA Directive 6550, Pre-Procurement Assessment and Implementation of Medical Devices/Systems, VA Handbook 6500, and the VA Information Security Knowledge Service. Deviations from Federal law, regulations, and VA Policy are identified and documented as part of VA Directive 6550 and/or the VA Enterprise Risk Analysis (ERA) processes for Specialized Devices/Systems processes.

b. All Contractors and third-party service providers shall address and/or integrate applicable VA Handbook 6500 and Information Security Knowledge Service specifications in delivered IT systems/solutions, products and/or services. If systems/solutions, products and/or services do not directly match VA security

requirements, the Contractor shall work though the COR/CO for governance or resolution.

c. The Contractor shall certify to the COR/CO that devices/systems that have completed the VA Enterprise Risk Analysis (ERA) process for Specialized Devices/Systems are fully functional and operate correctly as intended. Devices/systems must follow the VA ERA authorized configuration prior to acquisition and connection to the VA computing environment. If VA determines a new VA ERA needs to be created, the Contractor shall provide required technical support to develop the configuration settings. Major changes to a previously approved device/system will require a new ERA.

d. The Contractor shall comply with all practices documented by the Food Drug and Administration (FDA) Premarket Submission for Management of Cybersecurity in Medical Devices and Postmarket Management of Cybersecurity in Medical Devices.

e. The Contractor shall design devices capable of accepting all applicable security patches with or without the support of the Contractor personnel. If patching can only be completed by the Contractor, the Contractor shall commit the resources needed to patch all applicable devices at all VA locations. If unique patching instructions or packaging is needed, the Contractor shall provide the necessary information in conjunction with the validation/testing of the patch. The Contractor shall apply security patches within 30 business days of the patch release and have a formal tracking process for any security patches not implemented to include explanation when a device cannot be patched.

f. The Contractor shall provide devices able to install and maintain VA-approved antivirus capabilities with the capability to quarantine files and be updated as needed in response to incidents. Alternatively, a VA-approved whitelisting application may be used when the Contractor cannot install an anti-virus / anti-malware application.

g. The Contractor shall verify and document all SOFTWARE embedded within the device does not contain any known viruses or malware before delivery to or installation at a VA location.

h. Devices and other equipment or systems containing media (hard drives, optical disks, solid state, and storage via chips/firmware) with VA sensitive information will be returned to the Contractor with media removed. When the contract requires return of equipment, the options available to the Contractor are the following:

(1) The Contractor shall accept the system without the drive, firmware and solid state.

(2) VA's initial device purchase includes a spare drive or other replacement media which must be installed in place of the original drive at time of turn-in; or

(3) Due to the highly specialized and sometimes proprietary hardware and SOFTWARE associated with the device, if it is not possible for VA to retain the hard drive, firmware, and solid state, then:

(a) The equipment Contractor shall have an existing BAA if the device being traded in has sensitive information stored on it and hard drive(s) from the system are being returned physically intact.

(b)

(c) Any fixed hard drive, Complementary Metal-Oxide-Semiconductor (CMOS), Programmable Read-Only Memory (PROM), solid state and firmware on the device must be non-destructively sanitized to the greatest extent possible without negatively impacting system operation. Selective clearing down to patient data folder level is recommended using VA approved and validated overwriting technologies/methods/tools. Applicable media sanitization specifications need to be pre-approved and described in the solicitation, contract, or order.

**END PD**

## B.3 CONTRACT ADMINISTRATION DATA

1. Contract Administration: All contract administration matters will be handled by the following individuals:

a. CONTRACTOR: See Block 17a

b. GOVERNMENT: Contracting Officer 36C10A See Block 31b
Department of Veterans Affairs
Office of Procurement, Acquisition and Logistics
Technology Acquisition Center
23 Christopher Way
Eatontown, NJ 07724

2. CONTRACTOR REMITTANCE ADDRESS: All payments by the Government to the contractor will be made in accordance with:

[X] 52.232-33, Payment by Electronic Funds Transfer—System for Award Management, or
[] 52.232-36, Payment by Third Party

3. INVOICES: Invoices shall be submitted in arrears:

a. Quarterly []
b. Semi-Annually []
c. Other [X, After Government acceptance of each ward/unit as identified per CLIN in the schedule]

4. GOVERNMENT INVOICE ADDRESS: All Invoices from the contractor shall be submitted electronically in accordance with VAAR Clause 852.232-72 Electronic Submission of Payment Requests.

See website at:
http://www.fsc.va.gov/einvoice.asp

ACKNOWLEDGMENT OF AMENDMENTS: The offeror acknowledges receipt of amendments to the Solicitation numbered and dated as follows:

| AMENDMENT NO | DATE |
|---|---|
| | |
| | |
| | |

## B.3 ACCOUNTING AND APPROPRIATION DATA

Funds in the following amount(s) are obligated on the referenced IFCAP Order Number and CLIN. The contractor shall reference the IFCAP Order Number on each invoice submitted for payment, based on the appropriate item, after delivery, installation as

applicable, and acceptance.

| Action | CLIN #s | VA 2237 | IFCAP No. | Total |
|---|---|---|---|---|
| Basic Award | TBD | 521-26-2-237-0058 | TBD | $TBQ |

## SECTION C - CONTRACT CLAUSES

### I. ADDENDUM to RFO 52.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2025)

Clauses that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following clauses are incorporated into 52.212-4 as an addendum to this contract:

### C.1 RFO 52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Department of Veterans Affairs (VA) Acquisition Regulation (VAAR) (48 CFR Chapter 8) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of Clause)

### C.2 VAAR 852.252-70 SOLICITATION PROVISIONS OR CLAUSES INCORPORATED BY REFERENCE (JAN 2008)

The following provisions or clauses incorporated by reference in this solicitation must be completed by the offeror or prospective contractor and submitted with the quotation or offer. Copies of these provisions or clauses are available on the Internet at the web sites provided in the provision at RFO 52.252-1, Solicitation Provisions Incorporated by Reference, or the clause at RFO 52.252-2, Clauses Incorporated by Reference. Copies may also be obtained from the contracting officer.

(End of Clause)

### C.3 RFO 52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

RFO and VAAR: https://www.acquisition.gov

(End of clause)

**C.4 RFO 52.209-6 PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, PROPOSED FOR DEBARMENT, OR VOLUNTARILY EXCLUDED (NOV 2025 DEVIATION)**

(a) Definition. As used in this clause—

Commercially available off-the-shelf (COTS) item
(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” in Federal Acquisition Regulation (FAR) 2.101);
(ii) Sold in substantial quantities in the commercial marketplace; and
(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and
(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold specified in FAR 9.405-2(b) on the date of subcontract award, with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless a compelling reason exists to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, proposed for debarment, or voluntarily excluded by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, proposed for debarment, or voluntarily excluded (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

(1) The name of the subcontractor.
(2) The Contractor’s knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.
(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.
(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, proposed debarment, or voluntary exclusion.

(e) Subcontracts. Unless this is a contract for the acquisition of commercial products or commercial services, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and
(2) Is not a subcontract for commercially available off-the-shelf items.

(End of clause)

**C.5 RFO 52.219-8 UTILIZATION OF SMALL BUSINESS CONCERNS (NOV 2025 DEVIATION)**

(a) *Definitions*. As used in this contract—
*HUBZone small business concern* means a small business concern that meets the requirements described in 13 CFR 126.200, certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Small Business Search (SBS) and the System for Award Management (SAM).
*Service-disabled veteran-owned small business (SDVOSB) concern* means an SDVOSB concern that meets the requirements described in 13 CFR 128.300, is certified by SBA, and is designated by SBA as an SDVOSB concern in SBS and SAM.
*Small business concern* means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation and qualified as a small business under the criteria and size standards in 13 CFR part 121, including the size standard that corresponds to the NAICS code assigned to the contract or subcontract.
*Small disadvantaged business (SDB) concern* means a small business concern under the size standard applicable to the acquisition, that-
(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-
(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and
(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and
(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

*Veteran-owned small business (VOSB) concern* means a small business concern-
(1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C.101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
(2) The management and daily business operations of which are controlled by one or more veterans.

*Women-owned small business (WOSB) concern* means a small business concern-
(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women;
(2) Whose management and daily business operations are controlled by one or more women; and
(3) That is certified by SBA or an approved third- party certifier in accordance with 13 CFR 127.300 and is designated by SBA as a WOSB concern in SBS and SAM.

(b) It is the policy of the United States that small business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns.

(c)
(1) A joint venture qualifies as a small business concern if—
(i) Each party to the joint venture qualifies as small under the size standard for the solicitation; or
(ii) The protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under a SBA mentor-protégé program. (See 13 CFR 125.9(d).)
(2) A joint venture qualifies as a HUBZone small business concern if it complies with the requirements in 13 CFR 126.616(a) through (c).

(d) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the Small Business Administration or the awarding agency of the as may be necessary to determine the extent of the Contractor's compliance with this clause.

(e)
(1) Unless the Contractor has reason to question the representation, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.
(2) Unless the Contractor has reason to question the representation, it may accept a subcontractor's representations of its size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if the subcontractor—
(i) Is registered in SAM; and
(ii) Represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.
(3) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.
(4) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.
(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern, VOSB, SDVOSB, or WOSB concern is certified by SBA by checking SAM or SBS at https://search.certifications.sba.gov/.

(End of clause)

**C.6 RFO 52.219-14 LIMITATIONS ON SUBCONTRACTING (NOV 2025 DEVIATION)**

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that—
(1) Has the same small business program status as that which qualified the prime contractor for the award (*e.g.*, for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and
(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability.* This clause applies only to—
(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);
(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);
(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;
(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;
(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and
(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for—
(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;
(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or
(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.
(f) The Contractor shall comply with the limitations on subcontracting as follows:
(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause—
[*Contracting Officer check as appropriate.*]
□ By the end of the base term of the contract and then by the end of each subsequent option period; or
□ By the end of the performance period for each order issued under the contract.
(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.
(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.
(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.
(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

**C.7 VAAR 852.219-73 VA NOTICE OF TOTAL SET-ASIDE FOR CERTIFIED SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES (JAN 2023) (DEVIATION)**

(a) *Definition*.For the Department of Veterans Affairs, "*Service-disabled Veteran-owned small business concern or SDVOSB*":
(1)Means a small business concern—
(i) Not less than 51 percent of which is owned by one or more service-disabled Veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled Veterans or eligible surviving spouses (see VAAR 802.101, Surviving Spouse definition);
(ii) The management and daily business operations of which are controlled by one or more service-disabled Veterans (or eligible surviving spouses) or, in the case of a service-disabled Veteran with permanent and severe disability, the spouse or permanent caregiver of such Veteran;

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document;
(iv) The business has been certified for ownership and control pursuant to 38 U.S.C. 8127, 13 CFR 128, and is listed as certified in the SBA certification database at https://veterans.certify.sba.gov/; and
(v) The business agrees to comply with VAAR subpart 819.70 and Small Business Administration (SBA) regulations regarding small business size, government contracting, and the Veteran Small Business Certification Program at 13 CFR parts 121, 125, and 128.
(2) The term “Service-disabled Veteran” means a Veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).
(3) The term “small business concern” has the meaning given that term under section 3 of the Small Business Act (15 U.S.C. 632).
(4) The term “small business concern owned and controlled by Veterans with service-connected disabilities” has the meaning given the term “small business concern owned and controlled by service-disabled veterans” under section 3(q)(2) of the Small Business Act (15 U.S.C. 632(q)(2)).
(5) The term "SDVOSB participant” or certified SDVOSB means a small business that has been certified in the SBA Veteran Small Business Certification Program and listed in the SBA certification database (see 13 CFR 128.102).

(b) *General.*In order for a concern to submit an offer and be eligible for the award of an SDVOSB set-aside or sole source contract, the concern must qualify as a small business concern under the size standard corresponding to the NAICS code assigned to the contract and be listed as an SDVOSB participant in the SBA certification database as set forth in 13 CFR 128.
(1) Offers received from entities that are not certified SDVOSBs and listed in the SBA certification database at the time of offer shall not be considered.
(2) Any award resulting from this solicitation shall be made to a certified SDVOSB listed in the SBA certification database who is eligible at the time of submission of offer(s) and at the time of award.
(3) The requirements in this clause apply to any contract, order or subcontract where the firm receives a benefit or preference from its designation as an SDVOSB, including set-asides, sole source awards, and evaluation preferences.

(c) *Representation.* Pursuant to 38 U.S.C. 8127(e), only certified SDVOSBs listed in the SBA certification database are considered eligible to receive award of a resulting contract. By submitting an offer, the prospective contractor represents that it is an eligible and certified SDVOSB as defined in this clause, 13 CFR 121, 125, and 128, and VAAR subpart 819.70.

(d) *Agreement/LOS certification.* When awarded a contract action, including orders under multiple-award contracts, an SDVOSB agrees that in the performance of the contract, the SDVOSB shall comply with requirements in VAAR subpart 819.70 and SBA regulations on small business size, and government contracting programs at 13 CFR part 121 and part 125, including the non-manufacturer rule and limitations on subcontracting (LOS) requirements in 13 CFR 121.406(b) and 13 CFR 125.6. For the

purpose of limitations on subcontracting, only certified SDVOSBs listed in the SBA certification database (including independent contractors) shall be considered eligible and/or “similarly situated” (i.e., a firm that has the same small business program status as the prime contractor). An otherwise eligible firm further agrees to comply with the required (LOS) certification requirements in this solicitation (see 852.219-75 or 852.219-76 as applicable). These requirements are summarized as follows:
(1) *Services.* In the case of a contract for services (except construction), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance to firms that are not certified SDVOSBs listed in the SBA certification database (excluding direct costs to the extent they are not the principal purpose of the acquisition and the SDVOSB/VOSB does not provide the service, such as airline travel, cloud computing services, or mass media purchases). When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.
(2) *Supplies/products.* (i) In the case of a contract for supplies or products (other than from a non-manufacturer of such supplies), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are
not certified SDVOSBs listed in the SBA certification database. When a contract includes both supply and services, the 50 percent limitation shall apply only to the supply portion of the contract.
(ii) In the case of a contract for supplies from a non-manufacturer, the SDVOSB prime contractor will supply the product of a domestic small business manufacturer or processor, unless a waiver as described in 13 CFR 121.406(b)(5) has been granted.Refer to 13 CFR 125.6(a)(2)(ii) for guidance pertaining to multiple item procurements.
(3) *General construction.* In the case of a contract for general construction, the SDVOSB prime contractor will not pay more than 85% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified SDVOSBs listed in the SBA certification database.
(4) *Special trade construction contractors.* In the case of a contract for special trade contractors, no more than 75% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, may be paid to firms that are not certified SDVOSBs listed in the SBA certification database.
(5) *Subcontracting.* An SDVOSB subcontractor must meet the NAICS size standard assigned by the prime contractor and be certified and listed in the SBA certification database to count as similarly situated. Any work that a first tier VIP-listed SDVOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For supply or construction contracts, the cost of materials is excluded and not considered to be subcontracted. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the portion of the contract with the preponderance of the expenditure upon which the assigned NAICS is based. For information and more specific requirements, refer to 13 CFR 125.6.

(e) *Required limitations on subcontracting compliance measurement period.* An SDVOSB shall comply with the limitations on subcontracting as follows:
[Contracting Officer check as appropriate.]

____ By the end of the base term of the contract or order, and then by the end of each subsequent option period; or
____ By the end of the performance period for each order issued under the contract.

(f) *Joint ventures.* A joint venture may be considered eligible as an SDVOSB if the joint venture complies with the requirements in 13 CFR 128.402 and the managing joint venture partner makes the representations under paragraph (c) of this clause. A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence.* The VA Veterans First Contracting Program, as defined in VAAR 802.101, subpart 819.70, and this clause, takes precedence over any inconsistencies between the requirements of the SBA Veteran Small Business Certification Program, and the VA Veterans First Contracting Program.

(h) *Misrepresentation.* Pursuant to 38 USC 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see VAAR 809.406-2 Causes for Debarment).

(End of Clause)

**C.8 VAAR 852.219-75 VA NOTICE OF LIMITATIONS ON SUBCONTRACTING—CERTIFICATE OF COMPLIANCE FOR SERVICES AND CONSTRUCTION (JAN 2023) (DEVIATION)**

(a) Pursuant to **38 U.S.C. 8127(l)(2)**, the offeror certifies that—
(1) If awarded a contract (see FAR 2.101 definition), it will comply with the limitations on subcontracting requirement as provided in the solicitation and the resultant contract, as follows: [*Contracting Officer check the appropriate box below based on the predominant NAICS code assigned to the instant acquisition as set forth in FAR 19.102.*]
(i) [ X ] *Services.* In the case of a contract for services (except construction), the contractor will not pay more than 50% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219-73 or certified VOSBs listed in the SBA certification database as set forth in 852.219-74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 50% subcontract amount that cannot be exceeded. Other direct costs may be excluded to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service as set forth in 13 CFR 125.6.
(ii) [ ] *General construction.* In the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219-73 or certified VOSBs listed in the SBA certification database as set forth in 852.219-74. Any work that a similarly situated certified SDBOSB/VOSB subcontractor

further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(iii) [ ] Special trade construction contractors. In the case of a contract for special trade contractors, the contractor will not pay more than 75% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219-73 or certified VOSBs listed in the SBA certification database as set forth in 852.219-74. Any work that a similarly situated certified SDBOSB/VOSB subcontractor further subcontracts will count towards the 75% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(2)The offeror acknowledges that this certification concerns a matter within the jurisdiction of an Agency of the United States. The offeror further acknowledges that this certification is subject to Title 18, United States Code, Section 1001, and, as such, a false, fictitious, or fraudulent certification may render the offeror subject to criminal, civil, or administrative penalties, including prosecution.

(3) If VA determines that an SDVOSB/VOSB awarded a contract pursuant to 38 U.S.C. 8127 did not act in good faith, such SDVOSB/VOSB shall be subject to any or all of the following:

(i) Referral to the VA Suspension and Debarment Committee;

(ii) A fine under section 16(g)(1) of the Small Business Act (15 U.S.C. 645(g)(1)); and

(iii) Prosecution for violating 18 U.S.C. 1001.

(b)The offeror represents and understands that by submission of its offer and award of a contract it may be required to provide copies of documents or records to VA that VA may review to determine whether the offeror complied with the limitations on subcontracting requirement specified in the contract. Contracting officers may, at their discretion, require the contractor to demonstrate its compliance with the limitations on subcontracting at any time during performance and upon completion of a contract if the information regarding such compliance is not already available to the contracting officer. Evidence of compliance includes, but is not limited to, invoices, copies of subcontracts, or a list of the value of tasks performed.

(c)The offeror further agrees to cooperate fully and make available any documents or records as may be required to enable VA to determine compliance with the limitations on subcontracting requirement. The offeror understands that failure to provide documents as requested by VA may result in remedial action as the Government deems appropriate.

(d)Offeror completed certification/fill-in required. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.

**Certification:**

I hereby certify that if awarded the contract, [*insert name of offeror*] will comply with the limitations on subcontracting specified in this clause and in the resultant contract. I

further certify that I am authorized to execute this certification on behalf of [*insert name of offeror*].

(End of clause)

**C.9 VAAR 852.242-71 ADMINISTRATIVE CONTRACTING OFFICER (OCT 2020) (DEVIATION)**

The Contracting Officer reserves the right to designate an Administrative Contracting Officer (ACO) for the purpose of performing certain tasks/duties in the administration of the contract. Such designation will be in writing through an ACO Letter of Delegation and will identify the responsibilities and limitations of the ACO. A copy of the ACO Letter of Delegation will be furnished to the Contractor.

## SECTION D - SOLICITATION DOCUMENTS, EXHIBITS, OR ATTACHMENTS

| Attachment # | Attachment Title |
|---|---|
| Attachment 1* | Business Associate Agreement |
| Attachment 2* | Attestation AI Template |
| Attachment 3* | Price Quote Template |

*Attachments will be removed from any resulting award document.

**SECTION E - SOLICITATION PROVISIONS***
***This section will be removed from any resultant award.**

**ADDENDUM to RFO 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS**

Provisions that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following provisions are incorporated into 52.212-1 as an addendum to this solicitation:

**E.1 RFO 52.252-5 AUTHORIZED DEVIATIONS IN PROVISIONS (NOV 2020)**

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any Department of Veterans Affairs (VA) Acquisition Regulation (VAAR) (48 CFR Chapter 8) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of Provision)

**E.2 RFO 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)**

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

**E.3 RFO 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (DEVIATION) (NOV 2025)**

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are □ are not □ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have □ have not □, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are □ are not □ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have □, have not □, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at

9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

*(1) The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

*(2) The taxpayer is delinquent in making payment*. A taxpayer is *delinquent* if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has □ has not □, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

**E.4 RFO 52.209-7 INFORMATION REGARDING RESPONSIBILITY MATTERS (NOV 2025 DEVIATION)**

(a) *Definitions.* As used in this provision—

"Administrative proceeding" means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals

Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

"Federal contracts and grants with total value greater than $10,000,000" means—

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

"Principal" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror [ ] has [ ] does not have current active Federal contracts and grants with total value greater than $10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in—

(A) The payment of a monetary fine or penalty of $5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of $100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via *https://www.sam.gov* (see 52.204-7).

(End of Provision)

**E.5 RFO 52.209-11 REPRESENTATION BY CORPORATIONS REGARDING DELINQUENT TAX LIABILITY OR A FELONY CONVICTION UNDER ANY FEDERAL LAW (NOV 2025 DEVIATION)**

(a) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, the Government will not enter into a contract with any corporation that–
(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or
(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that–
(1) It is □ is not □ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and
(2) It is □ is not □ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

**E.6 RFO 52.216-1 TYPE OF CONTRACT (APR 1984)**

The Government contemplates award of a firm-fixed-price Purchase Order resulting from this solicitation.

(End of Provision)

**E.7 RFO 52.233-2 SERVICE OF PROTEST (NOV 2025)**

(a) Protests (as defined in RFO 33.102) that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer identified in the solicitation by obtaining written and dated acknowledgment of receipt from:

**Hand-Carried Address:**
Department of Veterans Affairs

Technology Acquisition Center
23 Christopher Way
Eatontown, NJ 07724

**Mailing Address:**
Department of Veterans Affairs
Technology Acquisition Center
23 Christopher Way
Eatontown, NJ 07724

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(End of Provision)

**E.8 RFO 52.240-90 SECURITY PROHIBITIONS AND EXCLUSIONS REPRESENTATIONS AND CERTIFICATIONS (NOV 2025 DEVIATION)**

((a) *Definitions.* As used in this provision-—

*Backhaul, covered article, covered telecommunications equipment or services, critical technology, FASCSA order, Intelligence community, interconnection arrangements, national security system, roaming, sensitive compartmented information, sensitive compartmented information system, source, and substantial or essential component* have the meanings provided in the clause 52.240-91, Security Prohibitions and Exclusions.
*Business operations* means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.
*Marginalized populations of Sudan* means—
(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and
(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.
*Restricted business operations* means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—
(1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;
(2) Are conducted under specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

(3) Consist of providing goods or services to marginalized populations of Sudan;
(4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
(5) Consist of providing goods or services that are used only to promote health or education; or
(6) Have been voluntarily suspended.
*Sensitive technology*—
(1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically—
(i) To restrict the free flow of unbiased information in Iran; or
(ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and
(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

(b) *Procedures*.
(1) *Covered telecommunications and video surveillance*. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at https://www.sam.gov for entities excluded from receiving federal awards for "covered telecommunications equipment or services."
(2) *FASCSA Orders*.
(i) The Offeror shall search in SAM for the phrase "FASCSA order" for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (e) of FAR 52.240-91, Security Prohibitions and Exclusions.
(ii) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM but are effective and apply to the solicitation and resultant contract (see FAR 40.204-1(c)(2)).
(iii) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(c) *Covered telecommunications equipment or services representations*. By submission of its offer, the Offeror represents that, after conducting a reasonable inquiry (that looks at any information in the Offeror's possession but does not need to include an internal or third-party audit)—

(1) It will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation, except as waived by the solicitation, or as disclosed in paragraph (g); and
(2) It does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services, except as waived by the solicitation, or as disclosed in paragraph (g).

(d) *FASCSA Representation*. By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an

applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (g). A reasonable inquiry will look at any information in the offeror's possession but does not need to include an internal or third-party audit.

(e) *Sudan certification*. By submission of its offer, the offeror certifies, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), that the offeror does not conduct any restricted business operations in Sudan.

(f) *Iran Representation and Certifications*.
(1) Except as provided in paragraph (f)(2) of this provision or if a waiver has been granted in accordance with FAR 40.203-3, the offeror, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), by submission of its offer—
(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;
(ii) Certifies that the offeror, or any person (as defined at section 15 of the Iran Sanctions Act of 1996, Pub. L. 104-172, 50 U.S.C. 1701 note) owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Act. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons or technologies; and
(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds $15,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx)
(2) Exception for trade agreements. The representation and certification requirements of paragraph (f)(1) of this provision do not apply if—
(i) This solicitation includes a trade agreements notice or certification (e.g., 52.225-6, Trade Agreements Certificate); and
(ii) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.
(iii) The offeror shall email questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(g) *Disclosure*.
(1) If the Offeror is not able to represent compliance with the prohibitions in paragraphs (c) or (d), then the Offeror shall disclose within 72 hours to the contracting office identified in paragraph (g)(2) the following information for each product or service not compliant:

(i) Contract number and order number, if applicable;

(ii) Identification of whether this disclosure relates to paragraph (c) on covered telecommunication equipment or services, or to paragraph (d) on FASCSA orders;
(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);
(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));
(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;
(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the offeror would like the Government to consider a waiver);
(vii) Whether alternative products or services are available that would be compliant with the prohibition;
(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;
(B) Model number, OEM number, manufacturer part number, or wholesaler number; and
(C) Item description, as applicable.
(ix) Any readily available information about mitigation actions undertaken or recommended.
(2) If a disclosure is required to be submitted to a contracting office, the offeror shall submit the disclosure as follows:
(i) If a Department of Defense contracting office, the offeror shall submit the disclosure to the website at https://dibnet.dod.mil.
(ii) For all other contracting offices, the Offeror shall submit the disclosure to the Contracting Officer.
(3) If the disclosure provided does not contain any of the information required by paragraph (1), and the Offeror later discovers new information that is required by paragraph (1), then the Offeror shall submit a subsequent disclosure within 72 hours of discovering the new information.

(h) *Executive agency review of disclosures*. The Contracting Officer will review disclosures provided in paragraph (g) to determine if any applicable waiver may be sought. The Contracting Officer may choose not to pursue a waiver and may instead make an award to an Offeror that does not require a waiver.

(End of Provision)

**E.9 VIP VERIFICATION REQUIREMENT FOR SDVOSBS AND VOSBS**

As required by the Vets First Contracting Program (Public Law 109-461), consideration

for contract award is limited to SDVOSB's that are registered and verified in Vendor Information Pages (VIP) database (http://www.va.gov/OSDBU/index.asp) at time of submission of offer and at time of contract award. Accordingly, offers submitted by SDVOSB's that do not meet the VIP verification requirements will not be considered.

(End of Provision)

**E.10 QUOTE SUBMISSIONS**

The Offer's quote shall be submitted electronically by the date and time indicated in the solicitation via email to Richard Melton at Richard.Melton2@va.gov and Diana.Armesto@va.gov no later than the due date/time listed in the solicitation. Quotations received after this date and time may not be considered for award of a Contract. Electronic quote files shall be formatted in one or more of the following applications, no other formats will be accepted:

- Adobe Acrobat (.pdf)
- Microsoft (MS) Word (.doc or .docx)
- MS Excel (.xls or .xlsx)

The Offeror's quote shall include documentation that demonstrates the quote meets all the requirements of the Product Description and any proposed exceptions to the solicitation terms and conditions.

In accordance with Department of Veterans Affairs Acquisition Regulation (VAAR) 852.212-71, Gray Market and Counterfeit Items, the Offeror shall be an Original Equipment Manufacturer (OEM) authorized dealer, authorized distributor, or authorized reseller for the quoted brand name or equal Hill-Rom Voalte nurse call system with code blue communication system, including equipment, staging services, cable installation services, termination/testing/labeling of cables, device installation, and warranty. **Offeror shall submit with its quote an authorization letter or other documentation from the OEM or an intermediary distributor authorized by the OEM**.

In accordance with VAAR 852.219-75, VA Notice of Limitations on Subcontracting—Certificate of Compliance for Services and Construction, **the Offeror's quote shall include the completed certificate of compliance** attached to the solicitation.

**Failure to include the requisite OEM authorization documentation and response to VAAR 852.219-75 may render the Offeror's quotation Unacceptable and thus, ineligible for award.**

(End of Addendum to FAR 52.212-1)

## II. FAR 52.212-2 EVALUATION—COMMERCIAL ITEMS (NOV 2021)

1. The Government will award a purchase order resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government based on lowest price only. In order to streamline the process, the Government will review the lowest price quote first to determine if the quote is acceptable and conforms to the solicitation requirements. If the quote is deemed unacceptable, the next lowest price quote will be reviewed. The process will be repeated until the government determines a quote is acceptable.

2. A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)
