Instructions, Conditions, & Notices to Offerors or Quoters

52.212-1 Instructions to Offerors--Commercial Products and Commercial Services.

Instructions to Offerors--Commercial Products and Commercial Services

(a) *Submission of offers*. Submit signed and dated offers to the Contracting Office specified above, at or before 29 June 2026, 0800 CST. As a minimum, offers shall include--

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(7) The offeror is required to submit one electronic copy of the completed pricing in accordance with the CLIN structure on page 3 of this solicitation.

(8) The offeror is required to submit, no more than 5 pages, a plan describing how they will meet the requirements outlined in the SOO. The plan shall describe how the offeror will conform to the requirements outlined within the SOO. The plan shall also include all specifications of parts and equipment necessary for completion of the project.

(b) *Period for acceptance of offers*. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers*.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Explanations for Unsuccessful Quoters.* The government will provide a brief explanation of the award decision that explains why the unsuccessful quoters was not selected in accordance with RFO 12.301(b). If an award notice is not posted to the GPE, the information required at RFO 5.301(c) will also be provided.

Evaluation Factors for Award

52.212-2 Evaluation--Commercial Products and Commercial Services.

As prescribed in 12.205(a)(2), insert a provision substantially as follows:

Evaluation--Commercial Products and Commercial Services (Deviation Date)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

(1) The quotations will be ranked according to their total evaluated price (TEP) by adding the CLIN total pricing on page 3 of this solicitation. The offeror's price will be evaluated by using the procedures in RFO 12.204 in order to determine price reasonableness. For a price to be reasonable, it must represent a price that a prudent person would pay in the conduct of competitive business. Normally, price reasonableness is established through competitive quotations as described in RFO 12.204.

(2) The offeror shall submit a plan describing how they will meet the requirements outlined in the SOO. The plan shall describe how the offeror will conform to the requirements outlined within the SOO. The plan shall also include all specifications of parts and equipment necessary for completion of the project. Technical quotes will be evaluated as technically acceptable or not technically acceptable based on the information submitted in comparison to the requirements of the PWS/SON. Any additional pages beyond 5 will be discarded and not reviewed.

(b) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(c) *Basis for award*. The government will evaluate quotes in order starting at the lowest TEP until three quotes are found to be technically acceptable, or all quotes have been evaluated. If only one quote is received, award can be made if the Contracting Officer finds the quote to be technically acceptable and the price to be fair and reasonable in accordance with RFO 12. The government intends to award the contract without discussions. If the government decides to conduct discussion, all offerors will be notified as soon as possible. Clarifications conducted to resolve minor errors will not constitute discussion and the Contracting Officer reserves the right to award a contract without the opportunity for quote revisions. The government intends to award a contract without discussions (while keeping with RFO 12).
