Evaluation Plan
Solicitation No. N68335-26-Q-1145
Flight Control Surface Freeplay Inspection Set

The above solicitation is for the procurement of the following items to support the VFC-204 Sand-up effort at NOLA. The resultant contract will be a Fixed-Price Purchase Order.

Part Number	Nomenclature	Quantity
3867AS1645-1	Flight Control Surface Freeplay Inspection Set	1

The Government does own the technical data associated with the items above. This procurement will be issued as a Small Business Set Aside competition through the PIEE solicitation module.

Basis of Award

1.0 GENERAL

Award will be made to the responsible Offeror who is considered the lowest price technically acceptable.

In order for the offeror to be found technically acceptable, the offeror must be considered a small business under the NAICS code of the solicitation in accordance with their representations and certifications in beta.sam.gov. The offeror must demonstrate in their quote the exact part numbers and quantities required. The offeror must demonstrate in their quote a delivery date of ninety (90) days after date of contract award. The offeror must have a current NISTSP 800-171 assessment in the Supplier Performance Risk System as per DFAR Provisions 252.204-7019 and 252.204-7024 and DFAR Clause 252.204-7020. The offeror must have a Cybersecurity Maturity Model Certification Requirements (CMMC) Level 2 in the Supplier Performance Risk System as per DFARS 252.204-7021.

In order for the offeror to be considered the lowest price, the offeror must be technically acceptable.

Proposals that do not conform to the requirements of the request for quote may be rejected without further evaluation, deliberation or discussion.

2.0 PRICE

For competitive evaluation purposes, the evaluated price for this procurement will be based on a sum of all CLINs. Offers must provide pricing for all CLINs. All CLINs will be included in the total evaluated price. Each offeror's price proposal shall be evaluated to determine if it is complete.

Contract Award

After considering the above information, the Government will award to the contractor whose proposal who is technically acceptable is the lowest price offeror.
