The sheets shall be electronic files as specified in MIL-STD-1171 and the on-line WARP User's Manual. Submit 90 calendar days prior to initial use of new original material. Waiver for this 90-calendar day period must be approved by AFLCMC/EBHJC. No changes to previously approved Acceptance and Description sheets shall be made without prior notification of and approval from AFLCMC/EBHJC.

BLK 14: The Contractor shall prepare and store Acceptance and Description sheets in the Worldwide Ammunition-data Repository Program (WARP).

BLK 4: The DMSMS Management Plan shall be in contractor's format. Follow content and requirements preparation instructions listed in the Data Item Description.

BLK 7: The Letter of Transmittal shall be annotated to reflect if additional submittals are to be furnished or if this is the final submittal of data. The Letter of Transmittal shall be used only for this data item; do not combine other data item submittals with this requirement. Receiving report shall be submitted electronically via the internet through Wide Area Work Flow (WAWF) at: https://wawf.eb.mil under DoDAAC FA8213.

BLK 8: The "draft plan" will be evaluated using SAE-STD-0016 for completeness and adherence to the guidance of that standard. Within 30 calendar days of receipt, Government Engineer (AFLCMC/EBHJC) will respond with notice of approval/disapproval. Failure to comment/approve/disapprove within 30 calendar days does not constitute full/final acceptance by the Government. The Contractor will resubmit for approval or provide a final copy of the plan within 30 calendar days of government disposition.

BLK 4: The DMSMS Health Assessment Report shall contain a health assessment of the systems or end item deliverables specified by the contract using the Data Elements in Table 1 of the Data item Description (DID). The information shall be included to the lowest indenture level (component level) for all items, including subcontractor items, which are not commercial items. Commercial items are defined in 48 CFR 2.101 - Definitions. Follow format and content preparation and requirements listed in the DID.

**The contractor shall deliver DMSMS impact assessment reports in accordance with this DID, for all assemblies, line replaceable units, and weapon replaceable assemblies and their related software used on the end item deliverables. The report will detail the predicted impact of known DMSMS issues and projected DMSMS issues. It will use the most accurate forecasting data available to the contractor. The report will detail the date the assembly and its related higher assemblies will most likely become unsupportable considering inventories, usage, repair capability, funded upgrades, redesigns, and similar attributes or actions. The Contractor should provide sufficient reports to the government to enable government oversight if the contractor is tasked to manage DMSMS.

BLK 7: The Letter of Transmittal (LT) shall be annotated to reflect if additional submittals are to be furnished or if this is the final submittal. The LT shall be used only for this data item; do not combine other data item submittals with this requirement.

BLK 8: Within 30 calendar days of receipt, Government Engineer (AFLCMC/EBHJC) will respond with notice of approval/disapproval for technical content and completeness. Failure to comment/approve/disapprove within 30 calendar days does not constitute full/final acceptance by the Government. The Contractor will resubmit for approval or provide final copy of the plan within 30 days of Government disposition.

BLK 9: DISTRIBUTION STATEMENT D. Distribution authorized to the Department of Defense and U.S. DoD contractors only; CTI & Export Controlled [date of determination]. Other requests for this document must be referred to AFLCMC/EBHJC, Hill AFB, UT 84056.

16. REMARKS

BLK 4: This DID is tailored to provide the Schedule only. Paragraphs 1.2.2, 2.4 and its subparas only apply.

As cost performance reporting via IPMDAR is not required for this contract, the Contract Performance Dataset (CPD) and cost-related references in the DID are not applicable to this CDRL.

Performance Narrative Reports (Comprised of both the Executive Summary and the Detailed Analysis Report) are not applicable to this CDRL.

The following instructions apply to the Schedule (Native Schedule File, Schedule Performance Dataset (SPD)) only. Data are provided from the contractor's Integrated Master Schedule (IMS).

BLK 7: The Letter of Transmittal shall be annotated to reflect if additional submittals are to be furnished or if this is the final submittal. The Letter of Transmittal shall be used only for this data item; do not combine other data item submittals with this requirement.

BLK 8: First submittal is "A". All subsequent submittals are "N/A". *The contractor shall submit the first Schedule/IMS for approval of content and format. Subsequent submittals will not need approval as long as the format and content do not change. Subsequent submittals may be rejected for inconsistencies or errors.

BLK 9: DISTRIBUTION STATEMENT D. Distribution authorized to the Department of Defense and U.S. DoD contractors only; CTI & Export Controlled, [date of determination]. Other requests for this document must be referred to AFLCMC/EBHJC, Hill AFB, UT 84056.

WARNING - This document contains technical data whose export is restricted by the Arms Export Control Act (Section 2751 of Title 22, United States Code) or the Export Control Reform Act of 2018 (Chapter 58 Sections 4801-4852 of Title 50, United States Code). Violations of these export laws are subject to severe criminal penalties. Disseminate in accordance with provisions of DoD Directive 5230.25 and DoD Instruction 2040.02.

BLK 10, 11, 12 & 13:
1. The Initial Schedule Performance Dataset (SPD) and Native Schedule shall be submitted no later than 30 calendar days after contract award.
2. Monthly subsequent submissions containing the SPD and native schedule shall be submitted no later than 16 business days after the close of the contractor's accounting month end date.

3. Schedule data submission shall be delivered in both contractor's Native Schedule File and MS Project compatible, with full read/write capabilities, to allow the Government to insert changes for planning purposes. The MS Project file will be the file of record. All references to "Native Schedule File" in DI-MGMT-81861C (and associated documents) will be substituted with "Microsoft Project Schedule File."

BLK 14: The SPD files/reports shall be electronically submitted in accordance with the DoD-approved schemas and guidelines located on the AAP EVM website. All IPMDAR files must be electronically forwarded to the EVM-CR at the EVM AAP website https://evm.acq.osd.mil. The EVM-CR will only accept unclassified, proprietary, and non-proprietary data from programs and contracts that have IPMDAR reporting requirements. Contractor shall submit a letter of delivery of IPMDAR IMS - Schedule only via internet Wide Area Work Flow (WAWF, under DoDAAC FA8213) at: https://wawf.eb.mil.
