A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC R

The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

DB CONTROL - 0R8S6. This items current manufacturer DB CONTROL - 0R8S6 is identified as the approved repair source of supply and the only company that can fulfill this requirement. DB CONTROL - 0R8S6 has met the qualifications to manufacture and repair this highly specialized part. DB CONTROL - 0R8S6 maintains the design and repairs standards via design drawings, repairs procedures, and quality assurance procedures. There are no authorized substitutes of this item as this is the only item known to meet performance and compatibility requirements within the higher assembly. DB CONTROL - 0R8S6 is the known historical source of repair.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

15 MAR 2019 Class Waiver of the Requirement to Post a Request for Information or Sources Sought Notice applies to this requirement

The proposed contract action was synopsized on the government-wide point of entry on 05/12/2026

and as a result [redacted]

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved source of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known repair source is DB CONTROL - 0R8S6. If a company other than the one listed believes they have a compatible product or repair process, they can submit the item to the Engineering Program Office, to include research and development, drawings and test specifications. The program office may test and evaluate, when applicable, the item at the company's expense. Upon qualification, the approved company will be able to participate in current or future solicitations. ITIMP- Reviewed award history and other potential sources of repair, AMC/AMSC code, part number, DB CONTROL - 0R8S6 has been the only source of supply in the past. ERP- Search criteria included part number, design control activity, Cage code, NSN, Nomenclature, AMC/AMSC, AAC, and Criticality Coding which all matched with ITIMP. Market research did not reveal, or identify any known distributors.

Source Validation Review

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry. For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.
